# ON THE STOCKBRIDGE POTATO MANURE EXCLUSIVELY

The photograph shows a sample half-dozen potatoes taken from the 1893 crop, raised by Mr. C. W. Stone, Andover, N.H., on Stockbridge Potato Manure exclusively. The interesting part of the story is that they were raised on land that had been planted to potatoes on Stockbridge Special Potato Manure exclusively, for eight consecutive years, no other fertilizer or manure having been used; and the yield for the eight years averages 384 bushels per acre per year, thus proving true what we have always claimed,—that, while stable manure has not been excelled for many crops, the Stockbridge is the best substitute for it in growing potatoes. The Stockbridge Manures are the original and strongest Special Manures made, and one ton will go twice as far as many other kinds that sell for almost the same money. Send to-day for our handsomely illustrated Catalogue of Fertilizers, which will be mailed free of charge to any farmer's address.

**SERIOUS ACCIDENT TO FRANK HILLING.**  
One night last week, while on duty at the mill, Frank Hilling came very near losing his arm, if not his life. His clothing became entangled in a machine and he succeeded in extricating himself. In the process, however, he had broken his arm to be caught in other machinery. He called for help but before the machine could be stopped he had made three revolutions. Fortunately no bones were broken, yet the injury is about as bad as broken bones as far as time necessary for recovery is concerned. Had the machinery not been stopped at that instant the results no doubt would have been most serious.

Mrs Charles Sterling and Mrs Fred Sterling, who have been very ill with influenza, are slowly recovering. Mrs Sherman of Long Hill has been with her mother, Mrs Fred Sterling, during her illness.  
On account of the storm, Wednesday evening, the entertainment and picnic given by the Young Ladies' Mission Circle was postponed to Thursday evening. The parlors were decorated with pink and white. Refreshments had been served on tables daintily laid and illuminated to carry out the pink effect. Each person received a delicate china cup and saucer as a souvenir of the evening. The stage represented a scene in a wood where on a rustic seat sat a dresmaker. As she recited her dream the visions of fair women passed before her. Miss Mary Beach took the part of the dresmaker, and the following are some of the many characters represented: Hopey, Miss Grace Goulden; Red Riding Hood, Miss Eva Billing; Cinderella, Miss Olive Watrous; Fairy Godmother, Miss Jennie Patchen; Goddess of Night, Miss Mary Tait; Rebecca, Miss Nellie Brinsmade; Lady Macbeth, Miss Irene Wakeley; Fortia, Miss Katie Nicholas; Cleopatra, Miss Alice Burton; Joan of Arc, Miss Anna Lundevig; Potchontas, Miss Nellie Wilson; Maud Muller, Miss Lizzie Walker; Grace Darling, Miss Lena Nichols; Lady Clare, Miss Iva Brinsmade; Evangelina, Miss Edith Nichols; Morning, Miss Jennie Sherwood; Rosamond, Miss Mary Willis; Herba the Spinner, Miss Lillie Wilson.

**MISS SEELEY SCORES A SUCCESS.**  
Naught but the most pleasant recollections linger as a result of Miss Frances Seeley's entertainment at the Methodist church, Tuesday evening, under the auspices of the Ladies' Helping Hand society. A crowded house gave every indication of appreciation of the interesting program. Miss Seeley fully met the expectation of the audience and proved herself to be an eloquentist of much talent and culture. J. S. Seeley's banjo solos were the first to secure an encore. The music by the Mandolin club of Bridgeport delighted everyone, also the solos given by Mr and Mrs Godfrey and Mrs Lena Bulkley gave great satisfaction. There was probably no one present who would not hail with joy a repetition of the entertainment. The ladies realized \$52 for their portion of the proceeds.—Saugatuck Herald.
