

IF we only knew who was going to be our next governor couldn't we make a nice year's salary quick? But we don't know.

IF we were only sure that Mr. C. C. C. was going to be elected senator from the old sixteenth, couldn't we wig a whole lot of money? But we don't know.

IF we only knew why they neglect making a law which would compel Chief Snagg's driver to go through the streets to a fire as though he was sane, but we don't know. But we do know such a law should be put in force right away quick.

IF our Waterbury "cops" who went to Hartford last week only knew what a picnic was in store for them; but they didn't know. But they will know next time.

IF we only knew which automobile was the safest we'd get one; but we don't know. But we do think they are all pretty sure "kill me quicks."

IF the lady of the house only knew how much she annoys the man of the house by buying cheap trashy tea and coffee, just because the price is low; but sometimes she doesn't know. Then again she does know, but she doesn't care a "rap" because she thinks she's a foxy quiller because she saves a few cents. But she doesn't, because the real cheap tea and coffee tastes bad, makes the family feel mean and sometimes causes sickness. But

IF you purchase tea, coffee, buttermilk and baking powder at our store there'll be happiness in the house as sure as you are born. Remember

**ESTABLISHED 1840.**  
Waterbury's Oldest and Most Complete Outfitters to Men and Boys, High Class Tailoring, Rightly-Made Clothing, Furnishings, Hats and Shoes.

HERE are so many small articles that go to make a well groomed man in our stock that we seldom mention, taking it for granted that everyone knows that we carry everything for male attire.

**COLLARS** are a small item with you but not with us, it takes a great many hundreds of dozens to keep our stock complete and then they must be sold promptly to keep them fresh, for fresh linen is better than linen that has been in stock for some time. We carry **EARL & WILSON'S** Collars in the 25c quality, carry every style that they make and receive every new style as soon as they are introduced, we also carry their "RED-MAN" Collar made by EARL & WILSON, 15c, two for a quarter in every style. We carry their 25c Collars and two for 25c in quarter sizes as well as regular sizes. We carry the **CLUETT** Collars in the quarter sizes, two for a quarter. We keep this **TRADE MARK** immense stock moving so that you are always sure of fresh linen when you buy from us and you have the largest Collar stock in the city to select from, you will find this quite an advantage. We send soiled linen collars and cuffs to Gardner & Vail, New York, every Monday and return them Saturday so that you can have your linen laundered exactly as Earl & Wilson's new collars are laundered, cost 2 1/2 c each article. Telephone 1058 and we will send for your collars and cuffs and return them.

**NECKWEAR.**  
is another small article that you want just right, and you will find the just right kind in our stock, 50c, \$1, and \$1.50 are the large lines and we certainly do give big values and an immense stock for our customers to select from, the same can be said of our glove stock, underwear, half hose, garters, shirts, hats and caps.

**Sweater Jackets.**  
Customers say that there is nothing in this city to compare with our stock of sweater jackets, we certainly have every good kind that you can call for, \$3.50 to \$8. Dr. Jaegers at \$6 included in the assortment.

We have said so much about our furnishing goods that we have little space to mention our good clothing, you may want a suit, topcoat or pair of trousers to-morrow.

With "COLLEGE-BRAND" for the extreme dressers and our "Rightly-made" for the more quiet dressers, we cover the whole range of clothing better than it is covered in any other store, and there is one thing that you can rely on every time, and that is, if it comes from Mullings' it will be right, right in quality, right in style and right in price; go where you may, you will not find better quality for the price you pay than we give, it is true whether the suit is \$10, 12, 15, or one of our finer suits at \$20, 25, 30 or \$35. Overcoats from \$10 to \$50, trousers \$2 to \$10.

A Sure Way to Save Money Is to Spend It CAREFULLY  
Extravagance means not only buying unnecessary things and thus wasting money, but in paying unnecessarily high prices for things really needed. No one with the inclination to make comparisons needs to pay for an article more than is necessary. It is a simple business proposition to find out, by comparisons, where you can buy most advantageously. Come in and let us prove to you that this is the place. Everything for Housekeeping.
