

Thanksgiving.

We are thankful that we're living.
 We are thankful all the time.
 We are thankful for the tea we drink.
 We are thankful it's not wine.

We are thankful for the Stars and Stripes.
 And our dear old land of clover.
 We are thankful with the politicians
 That election day is over.

We are thankful to our patrons,
 In calico or silk.
 We are thankful to the populace
 Who drink our buttermilk.

We are thankful for the buzzing noise
 Our factory wheels are causing.
 We are thankful if they'll always run
 And never think of pausing.

We are thankful, yes we're thankful.
 Just as thankful as can be.
 We'll be always more than thankful
 If you'll always drink our tea.

A GOOD DRUG STORE TO TRADE AT

We don't claim to be the biggest, best or oldest drug store on earth, because we don't know about all drug stores; but we do know that we are doing everything we can to make this a drug store where customers will always feel that they are being well treated and getting "full value received."

Customers may rely upon obtaining pure Medicines, Herbs and Spices of all kinds. Bring us your prescriptions and family recipes. Our drugs are best and our prices right.

CITY NEWS.

Upton Singleton & Co's "cash store" prices are money savers—heavy wool trousers \$3.

John C. Sherwood of the Colby-Sherwood Shoe Co. is ill at his home on Ridgewood street with typhoid fever.

For special bargains in imported and domestic liquors and wines for Thanksgiving go to Frank Brothers, corner South Main and Union streets.

Beginning to-morrow the morning shop cars which were taken off by the trolley company on account of lack of power will be put on again. The night cars also which were taken off will be put back.

Some time ago C. Jerome Bailey sued John Wacewydz for \$100 for services as architect and superintendent on a building. The case was tried yesterday in the city court and judgment was given the defendant to recover his costs.

It was not the telephone people that Judge Cowell had the run in with yesterday about putting a pole in the sidewalk in Exchange place, but the Western Union people, who don't hesitate to use the streets and sidewalks to make a home for their poles whenever they want to. The telephone people have so many poles about town and are credited with so many offenses naturally their name comes to one's mind the first thing when he gets his eye on one of these huge timbers and in that way they sometimes get a scoring for things they are not responsible for. But on the other hand a great many of their offenses pass unnoticed so that the kick they get that should have been aimed at somebody else is more than offset by commissions from time to time when they are the real culprits. In any case it is only fair to state the rumpus created about poles in the sidewalk in the west side of Exchange place is up to the Western Union Telegraph company, and it goes without saying that they will come out of the rumpus without losing very many feathers, if any at all.

DODGE CROWDS!

A man who knows nothing of SHOPPING human nature says that, "Oh, people fight shy of crowds!" Do they? How about a department store lately opened? How about a certain restaurant of which I know where quarters are limited. In all cases where you see crowds, people either are getting good values or IMAGINE they are. If it is IMAGINATION the crowds vanish as quickly as they come. Dodge crowds have been increasing for 19 years. Of the 3 weeks in November, the 2nd, 3rd and 4th, was poor. The 1st and 3rd record breakers.
