SAY CASTRO WILL NEVER COME BACK

Venezuela's President Has Millions in Paris.

HE SAILS WITH DOCTORS.

While It is Given Out That He Has Gone to France to Have Operation Performed For Abscess in the Kidneys, Vincente Gomez Assumes the Presidency and Political Intrigue Reigns in the Asphalt Republic.

Caracas, Venezuela, Nov. 25.—Immediately it became known here today that President Castro had sailed from La Guayra for France on the steamer Guadalupe insistent rumors were heard that he had previously remitted millions of money to Paris and that he would never return here.

Castro, who has ruled here as absolute dictator, is said to have amassed more than \$30,000,000.

It is given out that he is going to Bordeaux to undergo an operation for abscess in the kidneys, to be performed by Dr. Israel of Berlin, who is awaiting him in the French city.

Many well informed persons cast doubt on the story that Castro's trip is due to the need of an operation. He is accompanied on the steamer by several members of his family and by three surgeons—Dr. Ortes, Dr. Fonseca and Dr. Baldo. These surgeons could perform any necessary operation.

President Castro dreads the sea and has suffered severely from seasickness even on short water trips. He has never been out of Venezuela before.

The greatest excitement prevails in Caracas, and political intrigue already has commenced. It is thought that the departure of President Castro may open the road for the settlement of the Holland, American and French disputes. Vincente Gomez, vice president, has assumed the presidency. Before sailing Castro issued the following proclamation:

Special circumstances compel me to leave for Europe for a short time. The Venezuelan nation already is on the road to true prosperity and greatness because of the strict fulfillment of obligations and the sound condition of the revenues and because of the stable peace which we enjoy and which it is your duty to maintain that my work may endure.

First Vice President Gomez is constitutionally charged with the presidency. Surround him and lend your co-operation in the fulfillment of his high mission as if it were I myself, and you will have done your duties.

BRYAN ON HIS DEFEAT.

Says Democratic Party Will Continue Fight and Win.

Aldamas, Mexico, Nov. 25.—William J. Bryan, whose camp is pitched near Aldamas, on the San Juan river, had a good time hunting deer.

Discussing the causes that led to his recent defeat, Mr. Bryan said:

Our party has been at a disadvantage in several ways. In the first place, it has been divided. The money question was the surface question, but that division is practically healed, and the Democratic party is now more united than has been the case since 1880.

Then the Republican party has had the advantage of having most of the large newspapers on its side. Third, the Republican party has had the support of big corporate interests.

In spite of these disadvantages the Democratic party will continue the fight and urge reforms that seem necessary. It will continue to be an educational influence until it becomes strong enough to win.

CANNON ON THE TARIFF.

Another Formal Utterance by the Speaker Favoring Revision.

Washington, Nov. 25.—Upon returning to Washington for the coming session of congress Speaker Cannon issued another and formal statement in which he set forth at length that he was in favor of an honest revision of the tariff.

He added that the people have voted for a revision, and he believed that they would get the kind of a tariff that they voted for. As to the election of a speaker of the Sixty-first congress he was not fretting about it.

As it appears now, it makes the ideal automobile road, as it is entirely free from dust and mud.
