STILL THE ORDER OF THE DAY
WAR WITH SPAIN NOT PROBABLE

That is the Officially Expressed View at Washington.

An Officer of the Administration insists Nothing Has Been Developed Yet to Show the Guilt of Spain.

NEW YORK, Feb. 12—The Senate will hold a session to-day, and several measures will be brought up, including the one for the enlargement of the Navy Department, which is now in the hands of the House. The Senate will also consider the bill for the appropriation of $5,000,000 for the construction of a new navy-yard at Norfolk, Va., and the bill for the appropriation of $2,000,000 for the construction of a new navy-yard at Portsmouth, N.H.

AN INCREASE OF ARTILLERY

Senator Hawley Explains Why It is Absolutely Necessary.

The present plan of the administration is to increase the artillery in the navy, and the senator from Ohio is now in Washington to consider the matter. He said that he believed the present plan of the administration was correct, but that he would like to see some changes in the system. He said that he thought the system of the administration was not working well, and that he would like to see some changes in the system.

AMERICANS ADVISED TO LEAVE

Vizcaya at Newport.

The Coast Defense vessel Terror will be off Newport tonight, and the coast artillery will be in position. The vessel will be accompanied by three coast-defense monitors, and the coast artillery will be in position to guard against any attack.

OFFICIALS ARE MUCH RELIEVED

Recovery of the Cipher Code and Signal

Captain Sigsbee has been instructed to guard the ship. The cipher code and signal have been recovered, and the ship will be in position to guard against any attack.

Special Dispatch in The Old

NEW YORK, Feb. 12—The coast-defense vessel Vizcaya is now at Newport, and the coast artillery will be in position to guard against any attack. The vessel will be accompanied by three coast-defense monitors, and the coast artillery will be in position to guard against any attack.

RUSHING THE WISCONSIN.

Work on the powerful battleship Wisconsin is progressing rapidly at the Union Iron Works of this city. The Wisconsin is of 11,000 tons displacement, being of the same size and type as the Iowa, Kansas, Kentucky and Alabama. It is a fine-class modern battleship. Within a few months the great vessel will be launched and be ready for sea. The large force of men engaged in building the Wisconsin could be increased should occasion arise for rapid construction.

CRUISER VIZCAYA COALED

Due Precautions Taken to Guard Against Cranks.

There will be no dynamite found in the bunkers of the big Spanish warship. The gun crews are now being coaled, and the vessel will be in position to guard against any attack.
