St. Louis Authorities Are Seeking Out Givers of Bribes.

False Clews Numerous as to the Whereabouts of Mr. Kelly.

ST. LOUIS, Sept. 16.—A rather unevent-ful day passed in the "boodle" investiga-tion. Ten members of the House of Dele-gates, who failed to appear before the Grand Jury yesterday, were examined to-day in regard to the city lighting bill and the street railway legislation.

The Grand Jury is looking into all phases of the lighting scandal in an endeavor to secure enough evidence to indict the millionaire givers of the \$47,000

There were several false clews as to the whereabouts of Charles F. Kelly brought to the attention of Attorney Folk, but they all turned out to be of no value. On a telegraphic announcement that the much-wanted man was in Little Rock, Ark, the Circuit Attorney wired the Chief of Police there to take him into custody. It soon transpired that the man was not Kelly and his apprehension was due to the desire of an individual in Little Rock to carn the \$500 reward offered for the arrest of the missing Delegate.

Machinists Declare Strike Off.

BUTTE, Mont., Sept. 16.—A special to the Miner from Livingston says that late to-day the strike of the machinists in the shops of the Northern Pacific Railway was declared off and the men, with the exception of eight, have returned to work. The eight have refused to accept the decision of Vice President Wilson of the Lighters and went alongside shortly after she anchinists were in error in walking out. About 200 men were involved. The shops of the Northern Pacific at this point are the largest in the State and were completely tied up.

Seventeen Families Put Aladdin and His Lamp in the Shade.

Police Find the Building Deposited in People's Back Yards.

Oakland Office San Francisco Call, 1118 Broadway, Sept. 16. Aladdin and his little lamp have been outdone by seventeen families in Oakland. Without the aid of magic wands, or genii, or sleight-of-hand, or any suggestion of the occult, they have caused a good-sized, healthy-looking house to disappear in a single night, leaving not so much as a splinter behind to mark the spot where it

formerly stood.

Before it vanished into thin air the house, an old landmark, stood at the corner of Second and Franklin streets. It was the property of the Humboldt Lumber Company. Having use for the lumber, the owners set a gang of men yesterday to tear it down. The men left the told last night when it was half done.

yesterday to tear it down. The men left the job last night when it was half done. When they returned this morning they found themseives out of a joo. Not a vestige of the house remained.

It was decided to put the police on the scent of the house. When Detective Shorey went around the neighborhood he found parts of the building in the back yards of seventeen families. But he did not arrest anybody, because all had the same story to teil—that some man had told them he wanted the building torn down, and they, not to be disbuilging, did so. That is how the house got lost. It was restored, in pieces, to the owners this afternoon.
