Friends of the insurgents in Cuba will move for their recognition.

CHICAGO, Oct. 29.—The Island committee, correspondents, and advices indicate that the insurgents in Cuba will probably, with the death of Dr. Moret, which will occur within a month, insist upon recognition. This is believed to be the case. The insurgents will then move for the recognition of the islands, and the American view will be that the war is over.

NEW YORK, Oct. 29.—A special to the Pittsburg Dispatch says: "A statement is made here that an interview took place yesterday between Dr. Moret and a Spanish military representative in Havana, and that Dr. Moret was promised recognition for his government. There is no evidence that this statement is true."
