TUESDAY EVENING, OCTOBER 16, 1860.

Political Appointments.

Hon. Humphrey Griffith, Democratic candidate for Elector, will address the people at the following places, in Nevada and Placer counties, on the evening of the day named:

North San Juan, Tuesday, Oct. 16th. Nevada, Wednesday, Oct. 17th. Grass Valley, Thursday, Oct. 18th. Dutch Flat, Friday, Oct. 19th. Forest Hill, Saturday, Oct. 20th. Iowa Hill, Monday, Oct. 22.

Hon. J. R. McConnell, of Nevada, will speak with Mr. Griffith at the times and places above

THE SUPREME JUDGESHIP .- It appears to be an admitted fact that Judge Baldwin has determined to resign his position on the Supreme Bench about the first of next month. The duty will devolve on the Governor to appoint some one to fill the vacancy, until after the election next year, and among the names mentioned in connection with the position is that of John R. McConnell of Nevada. Mr. McConnell ranks among the first lawyers of the State, is devoted to his profession, a hard student, and eminently qualified by habits of thought, vigorous intellect, and fine legal mind, for a seat on the Bench of the Supreme Court. Having had an extensive practice for many years in the leading mining counties, he would bring to our highest judicial tribunal much needed information in regard to the wants, interests and condition of the mining communities. Mr. McConnell's, name will be presented to the Democratic Convention, next year, as a candidate for the full term, and he will be supported by the delegations from most of the mining counties. His appointment to fill the vacancy would be hailed with. delight by the people of Nevaoa county, withgive satisfaction to the people of the State.

DEMOCRATIC RALLY .- Hon. Humpbrey Griffith, Democratic candidate for Elector, and other distinguished orators, will address the people of Nevada and vicinity to-morrow evening. The meeting will be held at the Democratic stand, corner of Broad and Pine streets, under the Douglas flag. As Mr. Griffith has never spoken in Nevada, we take this occasion to say that he is not only an entertaining orator, but one of the most talented men in the State. We trust the people will turn out en masse to hear him. He speaks at Grass Valley on Thursday evening, and at Dutch Flat on Friday evening.

THE NEXT STEAMER.-A mail steamer , is now due from Panama, but we learn at the telegraph office that it had not arrived at three o'clock this afternoon. In consequence of the accident to the John L. Stephens another, and perhaps slower, steamer has been substituted in its place, and it may not arrive for several days.

iff Brown, of Sierra, arrived safely in Down- time. ieville, on the evening of the 11th inst., with Chamberlain, the supposed murderer of Mr. Colony.

WELLS, THE MURDERER .- A person, supposed to be Wells, the murderer, was aron, in Contra Costa county.

WASHINGTON NATIONAL MONUMENT .- Mr. Mizner, who has been appointed by the Washington Monument Society, Superintendent for California, makes an appeal to the people of the State to contribute their mite, at the approaching election, towards the completion of the loftiest monument on earth, in honor of the greatest and best man the world has produced in the last eighteen centuries. The Clerk of each Superintendent of his county, and the Judges of each election precinct as collectors, to receive donations at the pells in November next, by means of a contribution box placed side by side with the ballot-box, so that each voter can contribute his mite as he deposits his vote. The judges of election are requested to forward such sums as they may collect to the county Clerk, who will make up and forward to the Superintendent the total amount collected in his county. The county giving the largest sum in proportion to its vote, (provided that sum shall exceed \$100.) is to receive, free of charge, an elegant three quarter size marble statue of Washington, lately exhibited at the San Francisco Mechanic's Fair, and valued at \$500, to be placed in the county court house. The statue will stand upon a marble pedestal and have a suitable inscription, commemorative of the liberality of the county and the gratitude of the society. If the officers of election will interest themselves in this matter, on the day of voting, we believe that Nevada county can win the prize.

LATER FROM EUROPE .- By the Pony Express, which arrived at Miller's Station last Sunday, we have dates from Europe to September 23d. A battle bad been fought between the Papal troops, under Gen. Lamoriciere, and the Sardinians, under Gen. Cialdini, which lasted six hours. Lamoriciere was defeated and escaped to Ancona, and the greater portion of the Pontificial troops capitulated. Previous to the battle, the Sardinians had taken Perugia after a hot fight, with fifteen hundred prisoners. The city of Spoleto capitulated with six hundred prisoners, and numerous other places were occupied by the Sardinians. Ancona was besieged and blockaded by the Sardinians, at last accounts, and the Papal army was virtually disbanded. It is reported that the manifesto of the Pope is prepared, announcing his determination to withdraw from Rome. There was much uneasiness at Paris, for fear of a collision between the French troops and Garibaldi's legions. Hopes of avoiding it are founded on the expectation that the Pope will leave Rome. Garibaldi was exclusively engaged in organizing his army and navy; and it is supposed to be his intention to attack Venetia, the only portion of Italy under Austrian

"THE TRICKS OF THE TRADE."-The publisher of the Campaigner thinks we ought not to have exposed the "tricks of the trade," in telling that he worked off a second edition of his first number to supply out regard to party, and we believe would the thirty or forty town subscribers. We must inform our neighbor that the editing and publishing of campaign papers is not regarded as a legitimate branch of the printing business; consequently, in exposing the tricks by which such papers bring themselves into notoriety, we are merely assisting in lopping off the excressences that occasionally attach to the art preserv-

> DEMOCRATIC MEETINGS .- Mr. McConnell addressed the people at Alleghanytown, Sierra county, last Friday evening, and on Saturday evening spoke at Humbug. We learn that the meetings at both places were large and enthusiastic, and that the utmost the Democracy of southern Sierra and the nature has passed between them. northern portion of Nevada.

SHOOTING AFFRAY .- A shooting affray occurred at Sacramento, last Saturday evening, between James Sears, a butcher, and Jules Martenot, the keeper of a restaurant. in which the latter was dangerously wounded. The bullet took effect in the right lung. The difficulty took place in a house THE MURDERER OF COLONY .- Deputy Sher- of ill-fame, Sears being intoxicated at the

WANTS AN ANSWER .- It is announced that "Senator Yulee, of Florida. declares that unless Breckinridge responds to the question answered by Douglas at Norfolk, and answers it differently, he will be compelled to vote against him. This is desiring that Breekinridge shall announce himself in farested on Saturday last, by one John Dix- vor of a secession of the South in case of Lincoln's election in November."

Why Douglas Can Carry the County.

The editor of the Campaigner devotes a column of his "valuable space," and presents an array of figures, to prove that "Douglas cannot carry the county." The figures are taken from back files of the DEMOCRAT, and of course are correct, but our neighbor falls into some errors which we shall endeavor to point out. In the first place he estimates that the vote of the councounty in the State is appointed to act as ty will be the same this year that it was last, whereas there will be an increase of at least one thousand. Again, taking our estimate that Lincoln will get 1,800 votes in the county, he supposes that the increase, together with the vote that will be cast for Bell, will be taken entirely from the Currey vote---a mistake be would hardly have fallen into had he known anything of the voters of the county. The vote last year, for Governor stood as follows:

Latham, ..... 3,185 

Total,..... 6,200 From the best information we can obtain, Douglas will get at least 2,000 of the Currey vote, 700 or 800 of the Latham vote, and 200 or 300 votes that were not cast last year, making about 3,000 in all. Lincoln will get, in addition to the vote for Stanford, between 400 and 500 of the Currey vote, about 300 of the Latham vote, and 400 or 500 of the votes that were not cast at the last election. Bell will have about from Currey's, and the balance will be made up from the votes of old line Whigs who neglected to go to the polls last year. The vote of the county will then stand about as follows:

Douglas, ..... 3,000 Baeckinridge, . . . . . . 1,900 

Total,.... 7,200

Should the position of parties remain unchanged up to the day of election, the foregoing estimate will be found to appreximate the official result. In case Breckinridge should withdraw in time for the news to reach California, the vote that would go for him would perhaps be about equally divided between the other three candidates.

IMPORTANT FROM SONORA .- The Alta publishes extracts from two letters, received by the overland mail, from Arizona, from which it appears that Pesqueira, Governor of Sonora, had been deposed by President Juarez, and a Ges. Lamberg, a Dane by birth, appointed in his place. Pesqueira had fortified himself in the town of Hermosillo, and intended to fight it out, but the impression was that he had a poor show, as the people of Sonora are all down on bim. Gen. Lamberg is said to be a very clever gentleman. He is about fifty years of age, speaks English well, and is well disposed towards Americans.

Two repentant sinners, "of which we were one of them," joined the Nevada Breckin-ridge Club last Saturday evening.

Mr. O'Connor's conversion from Bulk-headism is rather sudden; and the danger in regard to sudden conversions, is that they are not, generally, lasting.

HOSTILE CORRESPONDENCE .- The Alta learns from a respectable source that, in consequence of some strictures upon the confidence and determination exists among Marysville, that correspondence of a hostile

BROKE JAIL On Wednesday night, Oct. 10th, a prisoner named Craig, charged with not less than 34,626 persons visited the Merobbery, effected his escape from the jail at Red Bluff.

MARRIED .- Col. F. W. Lander was maried on Saturday last, at San Francisco, to Miss J. M. Davenport the actress.

A Fusion Roorback.—The Campaigner says that a prominent Douglas man, who resides in the eastern part of the county, lately proposed that the Douglas men would vote for the Republican Legislative ticket this year, on condition that the Republicans would vote for the Douglas county ticket next year. We undertake to say that such a proposition was never made by any Douglas man who can influence a single vote except his own, and we are of the opinion that the statement has not the semblance of truth. Every intelligent man knows that a fusion between the Douglas men and any other party, in this county, is an impossibility. The Douglas men expect to elect their entire Legislative ticket in this county, and they are not such fools as to throw away their votes this year, on the promises of Republicans or any other party to vote their county ticket next year. The statement is an absurdity on its face.

REPORTED ALLIANCE AGAINST FRANCE .-Le Nord publishes the following in prominent type:

We have been for some days in possession of an important communication which we have hesitated hitherto to publish, despite the confidence we place in the correspondent who forwarded it to us. We publish it now, having received from the latter the confirmation of his exactitude. Moreover, it appears to us suitable to the present state of affairs. It concerns an arrangement on three points which is said to have been agreed upon quite recently between England. Austria and Prussia, and 500 votes, nearly half of which will have to the object of which would be to prevent be deducted from Latham's vote, a few any ulterior intervention of France, by force of arms, either in Italy or elsewhere. The three points are as follows: The three Powers engage themselves-

1. To oppose any military intervention of France in Italy, under any pretext whatsoever.

2. To oppose any other military intervention of France in Europe, without a preliminary understanding with the Pow-

3. To oppose any territorial extension of France, either by means of conquest or negotiation.

If we publish this information to-day, adds Le Nord, which we have had for several days in our possession, it is because we have reason to believe that we are not the only persons cognizant of the facts, and that the principal cabinets of Europe are already informed of them.

SHOULDERED GWIN.—Gwin has compelled the Breckinridge party of California to fairly and squarely shoulder him. Their organs are filled with articles in his defence. They no longer seek to disguise the fact that he is to be re-elected, should the Breckinridge Bolters succeed, except in particular localities. The people should not be deceived with the supposition that Weller or any man of that party but Gwin can be chosen; if they succeed. The only way he can be beaten is to choose a Democratic Legislature. Every person voting the Breckinridge or Republican ticket, votes for the re-election of Gwin. We only desire that the people should understand the issue, and if they desire the re-election of Gwin, they will vote for the Breckinridge candidates, or throw away their votes on the Republican nominees .- [Butte Record.

He was shot through the head. The murder is supposed to have been committed by some Mexicans who were lately seen in the neighborhood where the fiendish work was perpetrated. The villians supposed, no doubt, that Jones had considerable money about him, and for this they took his life.
