Mr. Noblit, in rescuing his children, who were in one of the upper rooms at the time, burnt himself rather severely. —*Phila. Telegraph.*

BOARD OF EDUCATION.

REGULAR MEETING.—APPOINTMENT OF A PRINCIPAL FOR NO. 1—THE NEXT CANDIDATE FOR DETACHMENT.

The Board of Education met in regular session last evening, President Hiles in the chair.

The committee on teachers reported that they had held an examination of candidates for principal of school No. 1, at which there were seven applicants. The committee after carefully considering the examination record of the candidates, were unanimous in recommending the appointment of Stansbury J. Willey, and asked the confirmation of the same. An expression of opinion in relation to the appointment being called for, several members arose and expressed their high regard for Mr. Willey, and their satisfaction at his recommendation. The report of the committee was unanimously adopted.

On motion of Mr. Baird, the President and Secretary of the Board were instructed to draw upon the City Treasurer for \$20,000 for the use of the Board.

Mr. McIntire moved that the visiting committees of the various schools be authorized to have the school houses repaired for the coming winter. This motion gave rise to a discussion as to the expediency of appointing a competent person as inspector of houses, to attend to all necessary repairs. The suggestion was received favorably, but no action was taken upon it. Mr. McIntire's motion was adopted.

Mr. Adams arose and said he understood there was a vacancy for Delaware in the Naval Academy at Annapolis, Md., and thought it would be a good idea if the Representative in Congress from this State, could be induced to appoint a boy passing the best examination at school No. 1. It is desired the following resolution:

Resolved.—That the President of the Board be requested to open a correspondence with Hon. B. T. Biggs or Hon. Jas. H. Lofland, whichever has the appointing power, and secure it possible, for the vacancy in the U. S. Naval Academy, the appointment of a boy from school No. 1. of this city, who shall pass the most creditable examination.

Mr. Smith thought the competition should be open to scholars from all parts of the State.

Mr. Adams replied that his object was to keep the competition in the schools of this city. This resolution was then adopted.

Adopted.

Miscellaneous Material.

At this season the heat of the sun liberates from the soil, the water and the fith of other immense quantities of unwholesome gases which the strongest can scarcely inhale with impunity, and which develop the most distressing diseases in the weak and feeble. It is, therefore, of paramount importance to invigorate the body in hot weather. Vitalize and strengthen the stomach and the nervous system with at least two doses per day of Hostetter's Stomach Bitters, and you will be sure to escape the fits of indigestion, attacks of bilious colic, sick headaches, diarrhoeas and dysenteries which are so common at this season. Be prudent. A little care and forebearance now, may prevent your being prostrated by remittent or intermittent fever, or by chronic bowel or liver complaint throughout the fall. When vigor is going out of every pore under the rays of an almost vertical sun, the genial vegetable tonic supplies to the nervous system an ailment which enables it to withstand the drain.

BEFORE MAYOR SIMMS.

Emma Hopkins, col., was arrested by officer Wirt, for drunkenness and disorderly conduct.—She was fined \$2 and costs, and held to bail, in the sum of \$200, to keep the peace.

A similar sentence was imposed on James Hussey, who was arrested by officer Brickley, for the same offence.

Sallie Russell, a confirmed vagrant, was sent to New Castle for sixty days.

Alonzo Smith was arrested by officer Bernard, for drunkenness, and fined fifty cents and costs.

Outbreak at Landisville Camp.

LOCKING THE GATES ON SUNDAY AND WHAT CAME OF IT.

There was terrible alarm and excitement at the Landisville Camp Meeting ground yesterday, which for a time had the appearance of a regular riot.

It appears that when former camp meeting have held at the above place, particularly last year, the largest delegations that would attend them would arrive on the grounds and be admitted on Sunday.

This year, those who had direct charge of the National Camp, in order to do away with the customary Sunday crowds of curiosity seekers and others, determined to close the gates, and allow no one to enter. It appears, however, that this determination was arrived at, after advertisements had appeared in the various city newspapers, announcing the running of Sunday excursion trains to the grounds.

As usual, yesterday the trains ran over the Reading and Columbia Roads, and a large number of people set out for the camp.

The people expressed their desire to enter the grounds, which was refused. Then commenced a regular outbreak; the fence was torn down and great excitement prevailed throughout the day. —*Reading Eagle of Monday.*

FISHING PARTY—THAT CRIB AGAIN—THE SHOWERS.

[Special Correspondence of the GAZETTE.]
NEW CASTLE, July 29.

Another party came over from Wilmington, yesterday, and went down to the "banks," for a day's sport in fishing. They had very good luck with the fish, but they got an awful ducking when that storm of rain poured down, and came back to town looking like drowned rats.

The fishermen are mad. Their blood has been roused by repeated failures, and to-morrow they will make another grand effort. This time they are resolved either to haul the crib from the "flats," or jerk it into pieces by the force of their endeavors. It has foiled them long enough, and now is bound to come. Two saws are to be used as levers, to raise the crib up slightly, after which large hooks will be secured to the bottom, and then will come, "a long pull, a strong pull, and a pull altogether," from the assembled tugs. This is worth to fetch it, or tear it to pieces; for the wrath of the fishermen has far exceeded the bounds of prudence, and they stop at nothing short of the complete annihilation of the whole concern, saws and tugs included.

The recent showers have had a good effect upon the surrounding country, and the farmers are rejoicing greatly. All fear of injury to the remaining crops, by the drought, is now over.

News, as present, is rather scarce, and our people are beginning to long for some exciting event, to breathe the monotonous calm. I will keep you informed of all events of importance, which may happen to this locality. W.

ASSAULT BY DISORDERLY NEGROES—THE MAIN DEATH OF NEWS.

[Special Correspondence of the Gazette.]
DOVER, July 27, 1873.

The usual peace and quietness of our town was for a time, last night, substituted for that of disorder and confusion. A party of negroes were congregated on one of the corners, which is a violation of one of the town ordinances, and upon their being informed of that well known fact by one of their party, one of the town police came up and wished to know how long the disorderly negro had been employed as a preserver of the peace; and sharp words following therefrom, the police attempted the arrest of the offending negro, who offered resistance, and was assisted by either of the party. During the melee the police was knocked senseless by a severe rap on his "knowledge box" with a "black jack." The party who struck him is as yet unknown, as he was struck on the back of the head; the man being behind him when he struck the blow. The negro has threatened violence to the police in case any notation of their midnight frolics, which have of late, especially on Saturday nights, become an intolerable nuisance. We need a more vigilant and impartial police force, as the lawless conduct is not confined to the blacks of our town.

The most refreshing rain of the season visited this locality to-day, which, it is hoped, is not too late to have a beneficial effect upon our peach and corn crop.

There seems to be a perfect dearth of local news in this immediate vicinity, not even a dog fight has occurred during the last few days, to mar the dull and monotonous appearance of our town. B. T. L.

SCHOOL NO. 1.

THE APPOINTMENT OF A PRINCIPAL—RESULT OF THE EXAMINATION.

As will be seen by the proceedings of the Board of Public Education, Stansbury J. Willey has been appointed Principal of the Boys Department of Public School No. 1. Mr. Willey is a gentleman of intelligence and culture, and is well qualified to perform the duties of the important position to which he has been assigned. He has been teaching for several years past, formerly in School District No. 20, New Castle county, and recently in Prof. Reynolds's Academy, this city. Although he did not pass examination, his record was excellent and was second on the list.

It is a matter of simple justice to one of the applicants at the examination, that the appointment of Mr. Willey, should be explained. Out of the seven applicants, the most creditable examination was sustained by Mr. James A. Kealy, a gentleman at present residing in this city. Mr. Kealy is a graduate of Trinity College, Dublin, and ex-inspector of the Public Schools of Ireland, and a thorough and profound scholar. He is almost an entire stranger in this city, and unfortunately not being possessed of his old references, college honors, (which were left in Ireland, and could not be obtained in regard to his character as a disciplinarian and an instructor of youth. Therefore, the committee, while admitting his qualifications for the position, as displayed by his examination, decided to recommend Mr. Willey, who was well provided with recommendations as to his character for successful teaching.

Just received one of the largest assortments of the latest Spring Styles of hats and Caps in the city which is all selling at the very lowest prices. Myself hats are a specialty. FOUNDLING.—About 6 o'clock, this morning, Fredon Kopper John Murdock, while passing down Washington street, discovered a queer and rather suspicious looking bundle, on the steps of Mr. Edward Jeffers's residence, below 5th street. Upon going to the steps and picking it up, he discovered it to be a rather pretty baby apparently only a few days old, carefully wrapped up in a shawl. Mr. Murdock took the child away with him, and left it in charge of a kind lady on Orange street, who consented to care for it a few days, until other provision could be made. There was nothing about the child's clothing or person to indicate its parentage, and it is a matter of mere conjecture, as to by whom or when it was left at the place where it was found. It is doubtless the child of some misguided young woman, who took this means of ridding herself of an encumbrance, and concealing her shame.

NATIONAL CAMP MEETING AT REHOBOTH.

A project is now being discussed in certain circles, for holding the next National Camp Meeting on the grounds of the Rehoboth Beach Camp Meeting Association. The National Camp Meeting Committee will meet in September, when the subject will be discussed. There is a reasonable prospect that this committee will select Rehoboth as the next place of meeting.

HOTEL CHANGE.—Henry Kyle and son have purchased the Western Hotel, at the S. E. cor. of Fourth and Orange streets. A. A. Garrett, former proprietor. Mr. Garrett has purchased the residence of Mr. Kyle, No. 813 Orange st., to which place he will remove.

STRUCK BY LIGHTNING.—During the storm of Sunday evening, the house of Wm. Duffee near Odessa, was struck by lightning, and considerably damaged. None of the inmates, fortunately, were injured.

There are favorable crop reports from Arkansas, where rains during the past ten days have "brought out the corn and bottom" from some localities still complain of drought. In Mississippi the drought has so damaged the corn that only half a crop is expected. The reports in regard to cotton are conflicting. In West Tennessee the cotton prospects are fair, but the corn will yield only one-half.

A SPECK OF WAR.—We are informed on pretty good authority that a large quantity of ammunition passed through this city a few days since via the "alphabet" and Virginia and Tennessee railroads, directed to Gov. Kellogg, at New Orleans.—*Lynchburg Virginian.*
