A STRAY GHOST.

An Engineer Hears His Train Over a Specter Which Cannot be Found Afterwards. [Norristown Herald.] On Saturday night last an Engineer Welsh of the night freight train was approaching a point a short distance below the station at Fort Kennedy he saw a man standing on the track. He whistled and applied the brakes, but the man did not move and the train passed over the spot where he appeared to be standing.

The horrified engineer went back to gather up the train but found no trace of any accident. He mentioned the affair to other railroad men and it then came out that a number of brakemen have been victims of the same illusion. The figure is always seen at some distance of standing on the same spot. On approaching it vanishes but reappears when a proper distance is reached. The cause of the phenomenon is unknown.

WARNER'S CURE. Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence to cure the disease the cause must be removed, and in no other way can a cure ever be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. Realize that

95 Per Cent. All diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these organs, both as a food and restorer, and by placing them in a healthy condition, drive disease and pain from the system. For the insupportable troubles caused by unhealthy Kidney, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions sold to you just as good. For Diseases, ask for WARNER'S SAFE KIDNEY AND LIVER CURE. For Sale by all dealers.
