Highly Important Discovery.

DR. SIMMS, of Wilmington, Del. has discovered a plant, the essential tincture of which in combination with other rare ingredients, known only to the discoverer, will positively cause the hair to grow thick and beautiful where it has fallen off and become thin. In a great many cases where fever has caused the loss of the hair, it has restored it again wonderfully fast. In several cases of baldness it has restored the hair to all its former fullness. As the Doctor has prepared a preparation for years, under the name of Botanic Hair Tonic, he will continue the preparation under the same name, with an addition of this discovery. It is not a hair colorer as is generally offered for sale, but by its action on the scalp and roots of the hair, the natural color seems to come with the renewed growth. It cures disease of the head, it is elegantly perfumed, and is a splendid hair dressing. A fair trial will convince any one of its great qualities. Sold Wholesale and Retail at

7-30 GOLD LOAN

OF THE

Northern Pacific Railroad Company.

Rapid Progress of the Work.

THE building of the Northern Pacific Railroad, (begun July last,) is being pushed forward with great energy from both extremities of the line. Seven thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running 130 miles of finished road, and track-laying is progressing towards the eastern border of Dakota. Including its purchase of the St. Paul & Pacific Road, the Northern Pacific Company now has 413 miles of completed road, and by September next this will be increased to at least 500.

A GOOD INVESTMENT. Jay Cooke & Co. are now selling, and unhesitatingly recommend, as a profitable and perfectly safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 8 per cent. currency,) and are secured by first and only mortgage, on the entire road and its equipments, and also, as fast as the road is completed, on

25,000 ACRES OF LAND to every mile of track, or 500 acres for each $1,000 Bond. They are exempt from U. S. Tax; principal and interest are payable in gold; denominations; coupons, $100 to $1,000; registered, $100 to $10,000.

LANDS FOR BONDS. Northern Pacific 7-30's are at at all times receivable at 10 per cent. above par, in exchange for the Company's lands, at their lowest cash prices. This renders them practically interest bearing land warrants.

SINKING FUND. The proceeds of all sales of lands are required to be devoted to the purchase and cancellation of the First Mortgage Bonds of the Company. The land grant of the road exceeds fifty million acres. This immense sinking fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more profitable or safe.

EXCHANGING U. S. FIVE-TWENTIES. The success of the new government 5 per cent. loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit, and greatly increasing their yearly income.

OTHER SECURITIES.—All marketable stocks and bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. Express charges on money or bonds received and on Seven-Thirties sent in return, will be paid by the financial agents. Full information, maps, pamphlets, etc. can be obtained on application at any agency, or from the undersigned.
