WOMANKIND

Beau Brummel Inventor of Process of Shrinking

Beau Brummel, the exquisite dandy and the best dressed man of his time, was in reality the inventor of the first process of shrinking cloths.

His clothes were made to fit so tight that his fertile mind conceived the idea of shrinking the cloth before it was made up into a suit, so that there would not be any danger of the suit shrinking after it was made up.

From that time, 1810, practically all shrinking or shrinking has been done by the tailor, and when "Mildred" wanted to have her gown go through a shrinking process before it was

made up she had to send it to a tailor, who invariably did the shrinking, but ruined the beautiful finish of the goods.

All this has been changed in recent years by the invention of a steam sponger. Steam not only shrinks the goods, but the goods will retain the original finish.

More recently it has been found that it pays to sponge or shrink all of the better grades of cotton goods, as it prevents shrinking, and by running the goods through a bath of salt water the color can be set.

CORSET CHANGES NEEDED BY NEW STYLE OF COATS

Less loosely fitted than last year, new coats and corsets demand a new cut of corset. The waist is more slenderly defined, the bust lower, and the hips appear more prominent.

For dressy occasion the one piece gown is still in favor; generally it is achieved by a separate skirt and corset, joined by a belt of matching color.

In tailored costumes, short coats accompany short skirts. Cut fuller than last season, they are even shorter, leaving exposed the whole of the foot. Consequently with smart women the

dressing of the feet is a matter of importance. The coquettish Richelieu shoe, of black varnished leather, with its two, or three, crossing straps and jeweled buttons, is popular.

Bands of silk or cloth, matching the material of the costume, are cunningly manipulated by deft fingers into all sorts of decorative schemes applied to skirt and coat. In tucked entre-deux, frills, puffings and shirred bands, they edge flounces or head them; twine themselves on corsage and sleeves, and simulate double skirts; quite in the manner we have become accustomed to see braided used.

Paris Patterns

LADIES' CORSET COVER.
Paris Pattern No. 1632
All Seams Allowed.

The neat and simple model here shown fits the figure snugly, closes down the center front and finishes with a piped, Nainsook, cambrie, lawn, Jaconet, lisle, or in fact any of the sheer white materials, are adaptable to its development. The neck and armholes are edged with narrow lace or embroidery edging. The pattern is in 6 sizes—36 to 46 bust. For 36 bust the corset cover requires 1 1/2 yards of material 26 inches wide.

Price of pattern, 10 cents.

HOUSEHOLD NOTES

By Mrs. Maud E. Cilley.

A little alcohol on a rag will make windows brilliant.

Turnips should always be cut into small pieces before cooking.

When packing, every delicate garment should be wrapped separately.

Never hurry to your bath when you are exhausted; rest a bit first.

Water in which potatoes have been boiled is good to wash tarnished brass.

A small amount of chopped figs will greatly improve a nut and apple salad.

To freshen blue serge, sponge it in blue water and hang it in the air to dry.

Clothes can be made extra white by a little kerosene added to the wash water.

Blotting paper saturated with turpentine is a sure preventative against moths.

The older a woman gets the more water she should drink and the more fruit she should eat.

Pencil marks may often be removed from white paint by rubbing them gently with bread crumbs.

When lagged from fatigue; try a hot bath in which a little vinegar and cologne have been added.

A few chopped almonds added to the top of sweetened biscuit are very good and make a pleasant change.

Washing the eyes morning and night with water as hot as can be borne is an excellent tonic for them.

Never take a hot bath in the morning, unless it is followed by a cold sponge, or you will catch cold.

If shoes have become mildewed, rub them well with vasoline. This will usually remove all traces of the green.

Boiled or roasted meat which is to be used cold should be put away in a wet cloth to keep it moist and tender.

When ivory becomes discolored, paint it with spirits of turpentine and lay in the sun for two or three hours.

A lump of charcoal kept in the drawer with the silver will absorb any chance moisture and keep the silver bright.

Ham soaked in milk over night will be found exceedingly tender and sweet when used for breakfast next morning.

For spring suppers sliced oranges and shredded coconut, put into a dish in alternate layers, are very appetizing.

To remove cakes readily from the pans, place them on a wet towel or cloth immediately after taking them from the oven.

NEW CHOCOLATE DRINKS FIND FAVOR WITH WOMEN

In a few more weeks the cup of chocolate will no longer be served on the festive occasions when women congregate to play bridge, or to sew for sweet charity or otherwise come together for mere amusement's sake. The cup of tea will appear instead and assume so many varied forms that the most experienced teapickers of Ceylon would never recognize it.

In the meantime some new chocolate drinks may be served, for not every one likes tea. A cup of cold chocolate with a spoonful of frozen cream is very good and a distinct change from the more commonplace afternoon beverage. Add to this a teaspoonful of cream de menthe and one will be delighted with the refreshing taste, if the peppermint flavor is liked.

To make hot chocolate successfully some women beat it thoroughly while it is boiling, and one hostess whose hot chocolate is known far and wide adds a half cupful of rum as she beats. The flavor is indescribable and better than any other ordinary chocolate.

SCHOOLS FOR THE FOREIGNERS

City Committee Hopes to Announce Its Plans This Week

The Committee on Citizens' Schools for Adult Foreigners, appointed at the

The smartest shoes a woman can wear. Here, in our store. Patents, Calf, Kid.

414 King Street, Wilmington, Del.

conference held at the New-Century Club on March 10, is arranging the details for future work and will soon be ready to submit plans to the public for its co-operation. There is a strong desire among the foreigners to learn the language and customs of America necessary to their success here and the committee has received offers of co-operation from a number of people during the past few days. Some liberal gifts of money have also been received from interested citizens and the prospects of successful work are very encouraging. With the completion of the committee it is probable that a school of methods in teaching English will be held open to the public especially to all prospective teachers in evening schools.

William Winder Laird, of the Wilmington Trust Company, has consented to act as the treasurer of all financial accounts and any making contributions are requested to make all checks payable to Mr. Laird. The full committee will be announced this week and within a few days work should be begun in earnest. Requests for opening schools in various parts of the city should be sent to the Rev. D. M. Cleland, president of the local committee, No. 32 North Van Buren street, or to Frederick Hill, secretary, Eleventh and Washington streets.

ST. GEORGES HUNDRED SUNDAY SCHOOL RALLY

The St. Georges Hundred Sunday School Convention will be held in the Presbyterian Church, at Port Penn, on Thursday, April 7, with morning and afternoon sessions, beginning at 10:30 a. m. Miss Wilson, former State secretary, will give two addresses, subjects, "Securing Recruits and Grading;" Rev. Joel S. Gillilan, "Capturing the Home;" Miss Edna Ewell, "The Most Promising Recruits;" M. B. Burris, "Capturing Boys and Girls." Other speakers of prominence will be in attendance, Miss Eva Vandegrift will render two solos.

All members and friends of the following churches and Sunday schools are urged to be present: Odessa Methodist and Presbyterian; Middletown, Presbyterian, Methodist, Episcopal and Armstrong; Port Penn, Methodist and Presbyterian.

WILMINGTON, DEL.

New Frock Made of Foulard Silk.
Made of the new foulard silk with a deeply twilled surface, but of the softest texture imaginable, is the new frock herewith described.

The skirt is composed of three shaped flounces, each one trimmed with graduated rows of black velvet ribbon. The silk is exquisitely shaded in pink and gray, a leading combination. Folds of silk softly shape a corsage, low, and curving into a graceful round. There are small puffed sleeves of the silk oddly shaped from a circle, with a round hole cut in the exact middle of a side to accommodate the arm; the outer edge is gathered full into the armhole. A chemise of one thickness of black mousseline de soie, with tight pointed sleeves, covers shoulders and arms. The edge of the round neck is covered with a necklace of small cameo set in gold, and larger cameos held together by gold links, band the sleeves above wrists.

Mistress of Detail.
Dr. Robert Wood, of Johns Hopkins University, was complimented by a young lady at a dinner in Baltimore on the artistic mirage that he succeeded in making in his laboratory.

"It is by attention to the least details," said Dr. Wood, with a smile, "that one succeeds in experiments of this kind. One must look after details like—er—like the landlady's wife."

"Tommy," said the landlady's wife to her little boy, "who is that talking on the doorstep to your father?"

"It a divinity student," Tommy answered, "who is looking for a furnished room."

"Hurry, then," said the mother, "and walk up and down the hall whistling a hymn." —New York Press

Happy, Happy, Use TIZ

A Marvel For Sore Feet. Acts Right Off

Sore Feet? Never After Using TIZ—
Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does, TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Lather Dodge & Co., Chicago, Ill.

BELT HELD INJURIOUS TO YOUNG BOYS' FIGURE

For a good many years physical culturists and physicians have been sending out warnings against the corset which compresses the waist and thereby brings on indigestion and a hundred kindred ills.

The latest anxiety now concerns the belts which the young boys are wearing in place of the ancient and honorable suspender. Not only the belts, but the tight band elastic come in for the criticism of those who are concerned with the proper upbringing of the young.

The belts and bands, it is argued, not only interfere with digestion and wear in place of the suspender, but the habit many boys have of stooping and throwing forward their shoulders. Parents should guard against this growing evil. To offset it, suspenders for the youth can be obtained which support the trousers and the stockings at the same time.

WILMINGTONIANS TO SEE EGYPT

It may not be generally known that the missions now being visited by Col. Theodore Roosevelt in the Nile Valley belong to the United Presbyterian Church. There is no other evangelical church represented in Egypt except the United Presbyterian. A few years ago when the churches planned to proportion the foreign mission fields to the various churches to avoid overlapping Egypt and the northern part of India were assigned to the United Presbyterian, this church having withdrawn its missionaries from China and Syria in deference to the plan of distribution.

One of the largest colleges of the entire Far East, visited by Colonel Roosevelt, is at Assiut, Egypt, and contains almost 800 students. Mr. Rockefeller recently gave \$100,000 to this work. Recently two Wilmingtonians, H. S. Goldiey and E. S. R.

AYER'S HAIR VIGOR
Hair falling out? Troubled with dandruff? Want more hair? An elegant dressing?
Ingredients: Biotin, Glycerin, Quinin, Santonin, Glycerin, Castoreum, Resin, Alcohol, Water, Perfume.

We believe doctors endorse this formula, or we would not put it up.

Does not Color the Hair

J. C. Ayer Company, Lowell, Mass.

Butler, secured from the Rev. D. M. Cleland, pastor of the First Unitarian Church here, letters of introduction to some of the missionaries in Egypt. It is probable that they are there at present and will have an interesting story to tell when they return home.

A NIGHT ALARM
Worse than an alarm of fire at night is the metallic cough of creep. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives. No opiates.

N. B. Danforth, Market and Second Streets.

PLEASEING PROGRAM AT HOPE BAPTIST

One of the most pleasing Easter services was that at Hope Baptist Church of which the Rev. W. W. Bishop is pastor, on Sunday night. The superintendent of the Sunday School, H. C. Cantwell was delighted with the program, which was as follows: Prayer, the Rev. Eben N. Baldwin; chorus; by school; reading of Scripture, the Rev. W. W. Bishop; address of welcome, Elizabeth Moore; recitation, Dorothy V. Weldin; "Nature's Praise," pantomime, ten girls; recitation, "An Easter Wish," Thomas Hutson; chorus; school; "Easter Blessings," class of girls; "Making the Weather," Horace Fox; chorus; by school; Easter offering; recitation, "What Snowball Did," Elizabeth Walker; "Earth's New Dress," class of girls; recitation, "A True Hero," Edwin Hutson; "Trained in Wreaths of Evergreen," drill by eight girls; chorus; by school; "Joy Cometh in the Morning," dialogue, by girls and boys.

RAILROADS TO HIRE THEIR SUMMER FORCES

The order for the hiring of the summer forces on the local railroads is being looked for daily, and it is expected that the usual number of men will be taken back on all of the divisions entering this city. When the order is issued it will give employment to several hundred men in this district.

While there is practically no new work contemplated on the local divisions, the maintenance of way departments will be kept busy in repairing the tracks and roadbeds that were damaged during the winter months by the ice and cold weather.

These extra men will be kept at work

Constipated? Bilious? Dyspeptic?
Do you suffer with indigestion, torpid liver, sick headaches, rheumatism, kidneys out of order?

Nature's Remedy
NR-TABLETS-NR

is the very best medicine for you to take in such cases because its action is so general. It acts on the liver, moves the bowels, corrects the stomach, restores the appetite, aids digestion, puts the kidneys in order, purifies the blood and tones up the system.
