No child will refuse it, as it is very palatable, and it never grips. Results are absolutely guaranteed or money will be refunded. # SUMMER NOT TO BE EXTRA HOT

At Least, the Comet Will Not Make It So, Says Weather Man

Every fat man in town ought to rise right up and give three whoops. Weather Man says it won't be a hot summer, that is, as far as that 75-year-streak-of-light is concerned. Baseball fans will kindly write us three times, cross their fingers and hold their breaths, for mark: There will be storms, showers and sprinkles.

Poets can sharpen their wits and their pencils and prepare to dope out some sun-sets and sunset bubbles. Every time that the comet nods its head and the sun is all, why, there is going to be some weather. Don't cuss the comet, though, for these charming April showers that the Commandment is wading through. It doesn't know anything about them, thinks the Weather Man.

The particle of the comet's tail discharged into space will be favorable for the formation of clouds and rain, he declares. There will probably be all kinds of sunsets and sunrises that the comet will be mixed up in, but he will tell more about that later.

# EXPECT \$45,000 MORE IN TAXES

## Democrats Figuring on Big Increase From Assessment Boost

That the Democratic financial pilots in City Council expect to get nearly \$45,000 by the increased assessments throughout the city was learned today.

To be more exact, it is estimated that the increase in city tax revenues, due to the action of the Board of Assessment, Appeal and Revision in causing property valuations to be boosted on the assessment books and by putting East Lake and the Highlands in the full rate class will be about \$45,000.

Chairman James Kane, of the finance committee of Council figures out that the raise in assessments should give the city \$45,000 more of taxes. "And it will be real money, too," he said.

The Board of Assessment Appeal and Revision is having sessions nightly to act on appeals. Up to the present time not many appeals have been acted on, but many are being filed.

The Board has visited the Highlands section of the seventh ward and inspected that district which has been moved from a half-rate to a full-rate assessment basis, including the big plant of the Joseph Hancock and Sons Company. While the board has taken no final action on the protest filed against the full-rate basis, it is said that the board will continue the full rate assessment for that section in force, but that the valuation figures may be lowered on the Hancock plant and some other properties in the Highlands and the East Lake sections.

With the great boost made in assessments has come much dissatisfaction among owners of properties on which taxes will be higher, and some of the Democrats are becoming agitated over the effect this may have against the Democratic ticket in the approaching campaign. There are many mutterings over the prospect of increased taxes.

TRELLIS OF STRINGS ON WOODEN SLATS.

Make a flower trellis of strings of thin wooden slats. Chicken wire is very convenient but wire draws the heat and often young vines are ruined by the scorching wires.

If a trellis is very large and a rose or other permanent plant is planted by it, always secure the young branches to the trellis with pieces of leather tacked on each side of the branch.

Leather will last for years and will not ruin a branch swaying against it.

Be Careful at Bridge.

The observance of strict etiquette at a bridge table would frequently save hurt feelings and strained friendships. For carelessness of manner, and almost any informality may cause tension and upset a hostess, which is always a breach of good manners.

# CATARRH OF KIDNEYS SCOURGE OF CIVILIZATION

SEVERE CASE OF CATARRH OF KIDNEYS AND BLADDER CURED BY PE-RU-NA.

Mr. Geo. King, Deputy Sheriff of Henssler Co., N. Y., for years was a well-known merchant of Troy, in a letter from No. 45 King St., Troy, N. Y., he writes: "Peruna cured me from what the doctors were afraid would turn into Bright's disease, after I had suffered with catarrh of the bladder and kidney trouble.

"Peruna is a blessing to a sick man. Eight bottles made me a well man and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have enjoyed perfect health since."

Address Medical Department, The Peruna Co., Columbus, O.

CATARRH of the kidneys—that is what makes people have weak backs, it is catarrh of the kidneys. The kidney is being gradually destroyed by this derangement. The mucous membrane lining of the kidney is inflamed—ulcerated. The catarrhal products are irritative, and are sapping away the vitality of the kidney, which makes the back weak.

This causes people to become old before their time—holding on to their backs—unable to stoop over without pain—and having sudden cramps in the muscles of the back.

Catarrh of the kidneys—that is what is ailing them.

A course of Peruna is what they need before the kidneys have become permanently destroyed.

Miss Elizabeth Condit will play a movement from the Grieg Concerto for piano, accompanied on a second piano by Mrs. Ellwood C. Jackson. Mrs. L. E. Wales will sing Michael's song from "The Bohemians" and George McHugh will render the spirit song from Donizetti's La Favorita, a piece which demands a high C. Charles Griffith and Paul Carpenter will contribute a violin duet obligato.

# TWO HURT WHEN FLOOR GAVE WAY

## Men Buried Beneath Wreckage and Bales of Skins in Leather Plant

William Dwyer, aged 65 years, of No. 804 Jefferson street, a foreman, and Joseph Smith, aged 25 years, of No. 415 East Second street, were seriously injured yesterday afternoon, by the floor collapsing in the third story of the storehouse at the New Castle Leather Company's plant at Eleventh and Poplar streets. Dwyer sustained a broken leg and was otherwise injured. Both men were taken to the Delaware Hospital in the Francis ambulance. The room in which the floor collapsed was used for storing skins and there were a number of bales stored there. Without a moment's warning there was a creaking and grinding noise and the floor gave away. Dwyer and Smith were carried down in the crash and were buried in the debris. Workmen immediately began the work of rescuing Dwyer, it being known that he was in the room at the time of the crash. When he was gotten out the men proceeded to remove the bales of skins, not knowing that Smith was in the wreckage. When they came upon him he was nearly suffocated. Both men will recover.
