

Senator Gray's Injudicious Denial... Senator Gray, after the three, four or five days' speech he made in the Senate against the Federal Election Bill...

Political Speculators... If we read the Every Evening carefully it would appear that paper is only open to Republicanism...

Notes... J. H. Porter, at the southeast corner of Seventh and Madison streets, has constantly on hand a full supply of milk and cream...

Another Big Cut in Overcoats... A reinforcement for the 50-cent neckwear. You'll regret if you don't see it.

Another flight of these rich-voiced Hartz Mountain Canaries. Think of a live Music Box for \$1.75!

All the Bed Coverings always out of the common, price and quality counted, often than not. Let a random half dozen tell it.

Children's Suits and Knee Pants below cost. Forty dozen pairs Gloves at cost, comprising many different styles.

WE HAVE LEARNED BY EXPERIENCE

That a Guarantee Should be Worth Something to a Buyer.

DID YOU WAIT

After seven years' experience in the Music Business we are convinced that it's good policy for the buyer of a Piano or Organ to buy of a dealer who will be accessible in case of need.

All reputable instruments have, or should have a guarantee of from five to seven years—a sufficient time to protect the buyer against any defect of material or workmanship that may be developed by time.

We do not claim to sell all the good instruments that are sold, nor that the makes that we have are the only good ones that are made, but we do claim that the instruments we sell are as good as any that are made, and are all warranted for the full term of years usually given by the best dealers, and the constant increase of our business warrants us in believing that our instruments, our prices, and our guarantees are satisfactory to our people.

After Christmas for Low Prices! Come in then and get them on Suits and Overcoats and see as good an assortment of styles as you ever saw at this time of the year.
