Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, that you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely destroy and entirely destroy every single hair and trace of it. You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Christiana Hundred Man Makes Enviably Record for Himself

Mr. O'Neal was born in Chester county, Pennsylvania, and came to Delaware twenty-five years ago. He expects to make the Diamond State Construction Company one of Del-

aware's largest road builders, and the taxpayers hope that he will, and that they may have more good roads for the money.

John F. O'Neal, President Diamond State Construction Company.

The Diamond State Construction Co., chartered at \$50,000 at Dover, was organized by John F. O'Neal, of Mt. Cuba, Delaware, in June of 1919 for the purpose of building good roads and bridges, and in 194 days approximately saved New Castle county the salary of the entire Levy Court of New Castle county, and turned over to the court some excellent road work.

This company built Edge Moor road, Hockessin & Yorklyn road, and resurfaced Newport road, rebuilt Marshallton bridge, Fenimore bridge, and built the stone Walnut Green school, 60 feet by 21 feet, and a stone end to a large barn in 104 days, and as Mr. O'Neal puts it, reduced the price of road building 20 to 25 per cent., and placed the Diamond State Construction Co. on a sound financial basis, and are now ready to figure on Delaware's largest road jobs. The company bid for nine contracts, and was exceptionally low on all of them; was awarded three, the

others not being let on account of no funds on hand.

Mr. O'Neal's solution is GOOD ORGANIZATION of forces, CLOSE ATTENTION TO BUSINESS, \$5.00 and \$5.50 per day to men was paid, and none but the best workmen kept on the jobs. Mr. O'Neal was ably supported by former Senator B. A. Groves, ex-Levy Court Commissioner for six years, and a prospective candidate for Governor. Mr. Groves is treasurer of the company.

Mr. O'Neal claims we have an excellent and careful Levy Court, and the taxpayers of New Castle county should congratulate themselves on the County Engineer, who is very particular and demands all from the contractor that the specifications call for.

Prominent men of Brandywine and Christiana hundreds have asked Mr. O'Neal to be a candidate for Levy Court Commissioner, to succeed President Isaac C. Elliott.
