INSURANCE COMPANIES.

THE DIAMOND STATE

MUTUAL

LIFE INSURANCE COMPANY.

This Company is now perfectly organized, and rapidly receiving applications for Insurance, either on the Life, for a term of years, or by Endowment based upon the most approved tables.

Copies of the Act of Incorporation and Tables are ready for distribution to all who are desirous of examining into the subject, upon application to the Agents by which it will be seen that the interests of those who by insuring become members thereof are guarded in the strictest manner.

The Policy either guarantees the Insurance on the Life, or constitutes the payments made a Savings Fund for the use of the insured.

No mode of Life Insurance, so guarded, so equitable, or so economical, has ever been presented to the people. No other Life Insurance Company deserves the name of *Mutual* as compared with this.

The following are some of its peculiarities:

1st. It is an association of Policy Holders managed by men selected by themselves, from among themselves, and for themselves; each member being a full partner in all the business and savings thereof.

Second. Its mutuality is insured by the very terms of the Act of Incorporation, but by the absence or whims or control of stockholders or managers. It can be no other than mutual.

Third. There can be no forfeiture of the premium paid. The payments, principal and interest, constitute a *Savings Fund*, which may be called upon at any time when the member gets tired of his payments, or they become inconvenient, and he chooses to resign up his policy.

Fourth. There is no interest to be paid on Capital, rent or patronage; this last being in general running in the interest of a few to absorb or otherwise control the surplus or savings.

Fifth. Its ultimate cheapness must soon surpass all others. It will be conducted as soon as the safety of insurers will permit, on the *Certificate* and Coupon principle, the latter being taken in part payment of the yearly premiums, and in that way each year reducing the burdens of insurance. In a word the same plan will be applied to *Life* Insurance as the Farmers Mutual Insurance Company—the most successful in the States—has applied to Fire Insurance, which to the people of Delaware are little other recommendation.

Lastly. It will be made emphatically the Farmers, the Mechanics and Laboring Man's Life Insurance Company; small sums will be taken, and easily paid by him, available in all contingencies, and he who has a wife or little dependent upon his life alone, can find no justification if he neglects to provide for them something in case of his sudden death.

Reflect on this and do not wait to be called on, but look out for the appointed agents in different portions of the country and make your persons applied on to them as saving your own and the Company's money.

THE FARMERS MUTUAL FIRE INSURANCE COMPANY,

OF THE STATE OF DELAWARE.

(ORIGINAL MILL CREEK, &c.)

This Company continues to offer to the people of Delaware, its superior system of insuring against loss by fire, on all descriptions of property, except hazardous risks.

The Institution is commended by over 30 years experience in and attention to the subject of Mutual Insurance, (being the first to introduce the principle into our State), by reason of which, it is believed the Managers have been enabled so to adjust and distribute losses on the different varieties of property, as to render the membership among the most equitable in character of the numerous Insurance Companies presented to the public.

It takes credit to itself, that its payments or losses have been so prompt and liberal, that in over two hundred losses reaching over $100,000, not a single case of litigation has occurred, and scarcely can a dissent entire settlement of the parties interest.

Looking more to the safety than the number and amount of its risks it has declined Risks of Hotels, Grounds of Dollars of insurance, either as requiring too great an amount in a single risk or as being out of the limits of insurance for the character of the institution.

In the manner it is conducted it has the safest and most desirable plan of insurance, and is now offering over Six Millions of Dollars, of any other Company within reasonable range.

As evidence of this, it has not only reduced the rate of insurance, at all times moderate, somewhat, during the last two years, but it presents now a clear surplus fund of $45,000, as security against any assessment on the Deposit Notes, which stand as perfect, to back up the notes or the balances due to each member, now being issued, will be paying interest to them from January 1st, at the rate of 5 per cent. per annum, that is, being a still further deduction.

It commenced the year 1862, with real protection to the community in Deposit Notes of $200,000
Surplus Fund 60,000

Total protection, $260,000

It is the work of the Farmers of Delaware, and as such they ought to patronize it.

ONE HUNDRED THOUSAND DOLLARS.

OFFICE, No. 607 MARKET STREET.

THE PRESIDENT AND SECRETARY ARE READY to sing applications for insurance at their office in Wilmington, against loss by fire on every description of property, principal and interest, constituting a *Savings Fund*, which may be called upon at any time when the member gets tired of his payments, or they become inconvenient, and he chooses to resign up his policy.

DIRECTORS:

Samuel Floyd, | Jos. Mendinhall, | Edward Mcfaul,
Sam'l B. Rawlin, | George W. Bush, | Thomas McCarty,
John B. Porter. | George W. Bush.

Insurance may be made for any time not less than three months.

In addition to the above mode of insuring property, the Delaware Fire Insurance Company, (whose charter is perpetual,) effect perpetual insurance on real estate, the person becoming insured, deposits in the office a certain per centage, (more or less, according to the liability of the risk,) of the amount to be insured—but which can be withdrawn at any time by leaving a per cent on the amount deposited. This method is believed to be much more advantageous to the insured than the former—the old system—and there is no reserving of the policy from time to time.

Persons wishing to insure their property or wanting information on the subject of insurance, will apply at the office.

INTEREST ON DEPOSIT NOTES REDUCED TO FIVE PER CENT.

THE principle of Mutual Insurance is believed to be the safest and most economical for the protection of the cheapest means of insurance against Loss by Fire, and although this Institution has been in operation for years in existence, the list of insurers will compare favorably with any other; and the losses by fire during that time, although not few, have been promptly adjusted, and the Company has incurred in this office and have had the satisfaction to be turned out as stated. This system has proved to be a sure and good list of safe risks, rather than to swell the number of insured without regard to hazards; the business of insurance, and the amount of cash capital in case of heavy disasters during the year.

MEDICAL.

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

THE GREAT REMEDIES

For all Diseases of the Liver, Stomach or Digestive Organs.

Hoofland's German Bitters

Is composed of the purest medicinally vegetable Juices (or as they are usually termed, Extracts) of Roots, Herbs and Barks, making a preparation HIGHLY CONCENTRATED, and entirely free from Alcohol. Alcoholic admixture *of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of Santa Cruz Rum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic Admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervousness, Debility, etc., it very apt to have its functions deranged.—The Liver, sympathizing as closely as it does with the stomach, then becomes affected, the result of which is that several, or more of the various Diseases enumerated in the following Symptoms, the patient suffers from

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imagings of Evil, and Great Depression of Spirits.

The sufferer from these Diseases should examine the certificates before making a selection of a remedy, and see that which he is assured from his own knowledge of the ingredients and inquiries, is entirely compounded, from vegetable substances, and has established for itself a reputation for the cure of these Diseases. In this connection we would submit these well-known remedies—

Hoofland's German Bitters,

HOOFLAND'S GERMAN TONIC.

PREPARED BY

DR. C. M. JACKSON,

PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have unceasingly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will positively cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

DEBILITY.

Resulting from any Cause Whatever.

Prostration of the System,

Induced by Severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eye, a bloom is given to the cheeks and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS or the TONIC, an elixir that will instil new life into their veins, restore the healthful vigor and ardor of more youthful days, build up the shattered system, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom blessed with good health, or to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies They will rise very rapidly. PARAMOUNT without fail. Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. These, it will be observed, are men of note and of such standing that they cannot be believed.

TESTIMONIALS.

Hon. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pa., writes:

"I find 'Hoofland's German Bitters' a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON."

From Rev. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—*Dear Sir*:—I have been frequently requested to connect my name with recommendations of certificates of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the wonderful efficacy of Dr. Hoofland's German Bitters, I deem it a moral duty, to express my full conviction of their merits, especially for *Liver and Stomach complaint*, of which they are a safe, sure and valuable remedy. In some cases it may fail, but usually, I doubt not it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD.

Eighth, below Coates Street.

From Rev. R. D. FENDALL,

Assistant Editor Christian Chronicle, Philadelphia.

"I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to commend them as a most valuable tonic, to all who are suffering from general debility, or from diseases arising from derangement of the liver. Yours truly,

R. D. FENDALL."

CAUTION.

"Hoofland's German Bitters" and "Hoofland's German Tonic" are counterfeited. See that the name of C. M. JACKSON is on the wrapper of each bottle. All others are spurious.

Directions accompany each bottle.

MOTHERS SHOULD KEEP
ALLEN'S LUNG BALSAM
At hand for use in case of Croup.

For CONSUMPTION and all PULMONARY COMPLAINTS this Balsam is the most desirable remedy ever offered to the public.

Its action is expectorant, alterative, sudorific, sedative, diaphoretic and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs.

It excites expectoration and causes the lungs to throw off the phlegm or mucus, changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system.

Such is the immediate and satisfactory effect, that it is warranted to break up the most distressing cough in a few hours time, if not of too long standing.

It is warranted to give entire satisfaction even in the most confirmed cases of consumption.

It is warranted not to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form.

It is warranted to be perfectly harmless to the most delicate child, although it is an active and powerful remedy for restoring the system.

There is no real necessity for so many deaths from Consumption, when

ALLEN'S LUNG BALSAM

Will prevent it, if only taken in time.

We would recommend physicians having Consumptive patients, and who have failed to cure them with their own medicines, to give

ALLEN'S LUNG BALSAM

A trial. Physicians of Cincinnati are now using it in their practice with the happiest effects.

It cures when other remedies fail.

This Company, National in its character, offers, by reason of its Large Capital, Large Corps of Agents and New Tables, the most desirable means of insuring Life yet presented to the public.

The rates of premium, being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings within the latter are so apt to cause to Policy Holders.

Several new and attractive tables are now presented which seem only to be understood to prove acceptable to the public, such as the *Non-Forfeiture Policy* and *Return Premium Policy*. In the former, the policy holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an annual increase equal to ten per cent. (10 per cent) of the part of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of the policy.

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the Institution of the Insurance Company.

All parties here to be had on application at our office, where Circulars and Pamphlets, fully describing the advantages offered by the Company, may be had. Liberal terms offered to agents and solicitors.
