MEDICAL ELECTRICITY.

DR. C. H. LAWTON,

Late of New York and Philadelphia, would say to his friends and the public that he may still be found at

No. 837 TATNALL STREET.

Where he is treating

NERVOUS AND CHRONIC DISEASES

Of every description, with the most gratifying results BY HIS NEW SYSTEM OF MEDICAL ELECTRICITY a system of practice based strictly on scientific principles; a thorough knowledge of which is not only necessary in order to insure successful treatment, but without which the application of Electricity in any form is but a dangerous experiment. We give below a list of diseases in the treatment of which this system is especially adapted, and in which we have been most successful:

Amaurosis, blindness from paralysis of the optic nerve, amaurotosis, interruption or retention of the measse, aphonia, suppression of the voice, asthma, ague chills, chorea, St. Vitus dances, constipation, catarrh, consumption in its early stages, cough, chlorosis, coldness of feet and hands, cramps, cancers, deafness, when from paralysis of the acoustic nerve; dyspepsia, diabetes, dropsy, flatulence, gravel, goitre, hysteria, hip disease, impotence, lumbago, liver complaints, lockjaw, neuralgia, nervousness, piles, palsy, rheumatism, spinal diseases, carcasms, and tumors.

In uterine (or womb) disease its value cannot be estimated. Prolapsus, misplacement, ulcerations and other forms of womb diseases, promptly relieved and permanently cured in an incredibly short space of time.

NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED BITTER CORDIAL.

This meal al preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature and selected with the utmost care. It is not recommended as a Cure-All, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, is acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK HEADACHE, &c. For CHILLS and FEVERS of all kinds it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes. Prepared by

MANHOOD: HOW LOST, HOW RESTORED!—Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the RADICAL CURE (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits induced by self-indulgence or sexual extravagance.

☞PRICE IN A SEALED ENVELOPE, ONLY 6 CENTS.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞This Lecture should be in the hands of every youth and every man in the land.

INSURANCE COMPANIES.

THE DIAMOND STATE

MUTUAL

LIFE INSURANCE COMPANY.

This Company is now perfectly organized, and rapidly receiving applications for Insurance, either on the Life, for a term of years, or by Endowment based upon the most approved tables.

Copies of the Act of Incorporation and Tables are ready for distribution to all who are desirous of examining into the subject, upon application to the Agent, by which it will be seen that the interests of those who by insuring become members thereof are guarded in the strictest manner.

The Policy either guarantees the Insurance on the Life, or certain fixed payments made a Savings Fund for the use of the insured.

No mode of Life Insurance, so guarded, so equitable, or so economical, has ever been presented to the people.

No other Life Insurance Company deserves the name of *Mutual* as compared with this.

The following are some of its peculiarities:

It is an association of Policy Holders managed by men selected by themselves, from among themselves, and for themselves; each member being a full partner in all the business and savings thereof.

Second. Its mutuality is insured by the very terms of the Act of Incorporation, not by the interest or whim, or control of stockholders or managers. It can be no other than mutual.

Third. There can be no forfeiture of the premium paid The payments, principal and interest, constitute a Savings Fund, which may be called upon at any time when the member gets tired of his payments, or they become inconvenient and he chooses to render up his policy.

Fourth. There is no interest to be paid on Capital, real or *guaranteed*; this last being in general a burden to the interest of a few in short or other ways control the surplus or savings.

Fifth. Its ultimate cheapness must soon surpass all others. It will be conducted as soon as the safety of insurers will permit, on the *Cost* principle and Coupon principle. Each policy holder to pay in part payment of the yearly premiums, and in that way each year reducing the burden of Insurance. In a word the same plan will be applied to *Life* insurance as the Farmers Mutual Insurance Company—the most successful in the State—has applied to Fire Insurance, which to the people of Delaware needs little other recommendation.

Lastly. It will be made emphatically the Farmers, the Mechanics and Laboring Man's Life Insurance Company; small sums will be taken, the money paid by him, available in all contingencies, so that he who has a wife or family dependent upon his life alone, can find no justification if he neglects or provide for himself something in case of his sudden death.

Reflect on this and do not wait to be called on, but look out for the appointed agents in different portions of the country and make your personal application to them so saving your own and the Company's money.

THE FARMERS MUTUAL FIRE INSURANCE COMPANY

OF THE STATE OF DELAWARE

(ORIGINAL MILL CREEK, &c.)

This Company continues to offer to the people of Delaware, its superior advantages of Insurance against loss by fire on all descriptions of property, except Marine risks.

The Institution is commended by over 20 years experience in and attention to the subject of Mutual Insurance, (being the first to introduce the principle into our State,) by means of which it is believed the Managers have been enabled so to adjust and discriminate between the different varieties of property, as to render the membership among the most equitable in character of the numerous Insurance Companies presented to the public.

It is a credit to our State, that its payments of losses have been so prompt and liberal, that in 20 years business and losses reaching over $100,000, not a single case of litigation has occurred, and scarcely one without entire satisfaction to the parties insured.

Confidence in the safety than the number and amount of its risks it has declined Hundreds of Thousands of Dollars of insurance, either as requiring too great an amount in a single risk or as offering unfit objects of insurance for the character of the Institution.

In this manner it is conceived it has the safest and most select list of insurances, to proportion to the amount (now at Six Millions of Dollars,) of any other Company within reasonable range.

As evidence of this it has not only reduced the rate of insurance, at all times moderate, one-sixth, during the last two years, but it presents now a clear surplus fund of $45,000, or nearly half of an assessment on the Deposit Notes, which sum by the resort to Scrip Certificates or the borrowing of money, now being issued, will be paying interest to them from January 1862, at the rate of 6 per cent. per annum, thus making a still further deduction.

It commenced the year 1869, with real protection to the amount in Deposit Notes of $200,000
Surplus Fund 50,000

Total protection, $300,000

It is the work of the Farmers of Delaware, and as such they ought to patronize it.

DELAWARE FIRE INSURANCE COMPANY—INCORPORATED BY THE LEGISLATURE OF THE STATE OF DELAWARE, WITH A CAPITAL OF

ONE HUNDRED THOUSAND DOLLARS.

OFFICE, No. 607 MARKET STREET.

THE PRESIDENT AND SECRETARY ARE READY to take Insurance at the office of the Company, against losses by Fire on every description of property, such as Buildings, Merchandize, Ships and their cargoes, household furniture and other personal property; also against loss or damage by inland transportation of goods, wares, merchandize and country produce.

Terms of Insurance will be as favorable as any of the Companies in the cities of Philadelphia or New York.

Parties insured may repose the fullest confidence in the solidity of its capital, and that all loses will be promptly settled by the company.

DIRECTORS:

Samuel Floyd, | Jos. Heald(nail), | Edward McNeill,
John B. Newlin, | George W. Sparks, | Thomas McClary,
John R. Ferris, | George W. Bush,

Insurance may be made for any time not less than three months.

In addition to the above mode of Insuring property, the Delaware Fire Insurance Company, (whose charter is perpetual,) offers to insure on real estate, the person assuming insured, deposits in the office a certain per centage, (more or less, according to the nature of the risk,) upon the amount to be insured, which will be refunded at any time by leaving a per cent on the amount deposited. This method is believed to be much more advantageous to the insured than the former—the expense less and there is no loseening of the policy from time to time.

Persons wishing to handle their property or wanting information on the subject of insurance, will apply at the office. SAMUEL FLOYD, President.

INTEREST ON PREMIUM NOTES REDUCED TO FIVE PER CENT.

THE principle of Mutual Insurance is believed to be the safest, and experience so far has proved it to be the cheapest means of Insurance against Loss by Fire, and although this Institution has been over 13 years in existence, the list of insurers will compare favorably with any other; and the losses by fire during that time, although quite large, have been promptly paid, and have been insured in this office and have had the misfortune to be burned out since. The object has been to secure a good list of safe risks, rather than to swell the number of insured without regard to hazards; this has assured the liability of sinking the cash capital in case of heavy disasters during the year.

This Company, National in its character, offers, by reason of its Large Capital, Low Rates of Premium and New Tables the most desirable means of insuring Life yet presented to the public.

The rates of premium, being largely reduced, are made as favorable to the insurer, as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy Holders

Several new and attractive tables are now presented which can only to be understood to prove acceptable to the public, such as the *Income-Producing Policy* and *Return Premium Policy*. In the latter, the Policy holder not only secures a life insurance, payable at death, but will receive, if living, at the end of a few years, an annual income equal to ten per cent. (10 per cent) of the part of his policy. In the latter the Company secures the interest of the total amount of money he has paid in, in addition to the amount of his policy.

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is invited to the advantages offered by the National Life Insurance Company.

Full particulars can be had on application at our office, where Circulars and Pamphlets, fully describing the advantages offered by the Company, may be had. Liberal terms offered to agents and solicitors.

LAND AGENTS.

B. F. & J. F. WINFIELD,

Stony Creek Depot, Sussex, Virginia.

Owing to the number of VALUABLE FARMS for sale in this vicinity, we have established an office at this Depot, on the Petersburg and Weldon Railroad, 20 miles south of Petersburg, and will attend to the sale of all lands entrusted to our care. We have for sale, at this time, 35 valuable Farms, most of them near the Railroad and convenient to market. Purchasers are especially solicited to give us a call. As we are natives of this place, well acquainted with the people and localities, we are prepared and will be pleased to give any information in regard to the lands we offer for sale.

TERMS—5 per cent. commission. No sale no charge.
