340 ACRES
OF
Valuable Land for Sale.

The subscriber offers to sell at private sale, his very valuable tract of Land, situate in Pencader hundred, New Castle County, Delaware, adjoining lands of Abraham Short, Dr. John T. Rees, and others, on the public road leading from Newark to Middletown. This tract contains about 340 acres, about 80 of which are cleared, part being under clover and a great deal of excellent meadow may easily be made—there is a never failing stream of water running through the premises and near to the present improvements which consist of a small log house, kitchen, &c. About 260 acres of this tract are woodland, and from its contiguity to Bohemia Manor, where wood is scarce, and within a quarter of a mile of a Saw Mill, renders it an object worthy attention. From the large proportion of woodland, it might eligibly be divided into three or more lots, so as to accommodate purchasers—and from the situation of the stream of water and the surrounding neighborhood, it is considered that it would be an excellent place for either a Tannery or Distillery. Application to be made either to Mr. John Herdman, Newark, who will give every further information, or to the subscriber in Mill Creek hundred, near London-Tract Meeting House.

Robert Porter,
BOOKSELLER,

Respectfully informs the Public, that he has just received from LEE'S PATENT MEDICINE STORE 40 Maiden Lane, New York,

A FRESH SUPPLY
Of the following genuine Medicines:

Hamilton's Worm Destroying Lozenges.

Which have cured an immense number of persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from Worms, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is so mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body; but will, without pains or griping, cleanse the stomach and bowels, of whatever it finds offensive, and thereby prevent the production of worms, and many fatal disorders. The ozenges are partly clarly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS,
And the symptoms by which they are known:

Worms which infest the human body are chiefly of four kinds, viz....The Teres, or large round worm; the Ascarides, or small mam-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tænia or tape worm, or called from its resemblance to tape. This is often many yards long, and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are...disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious or purging, with slimy and fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs, with lowness of spirits; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children...a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

A dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness, sickness at the stomach, and severe head ache, and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seamen.
