

Just golf fans for a day. Douglas Fairbanks and Mary Pickford turn out with the gallery to watch the opening of the Los Angeles open golf tournament. MacDonald Smith was the winner. © Associated Press Photo.

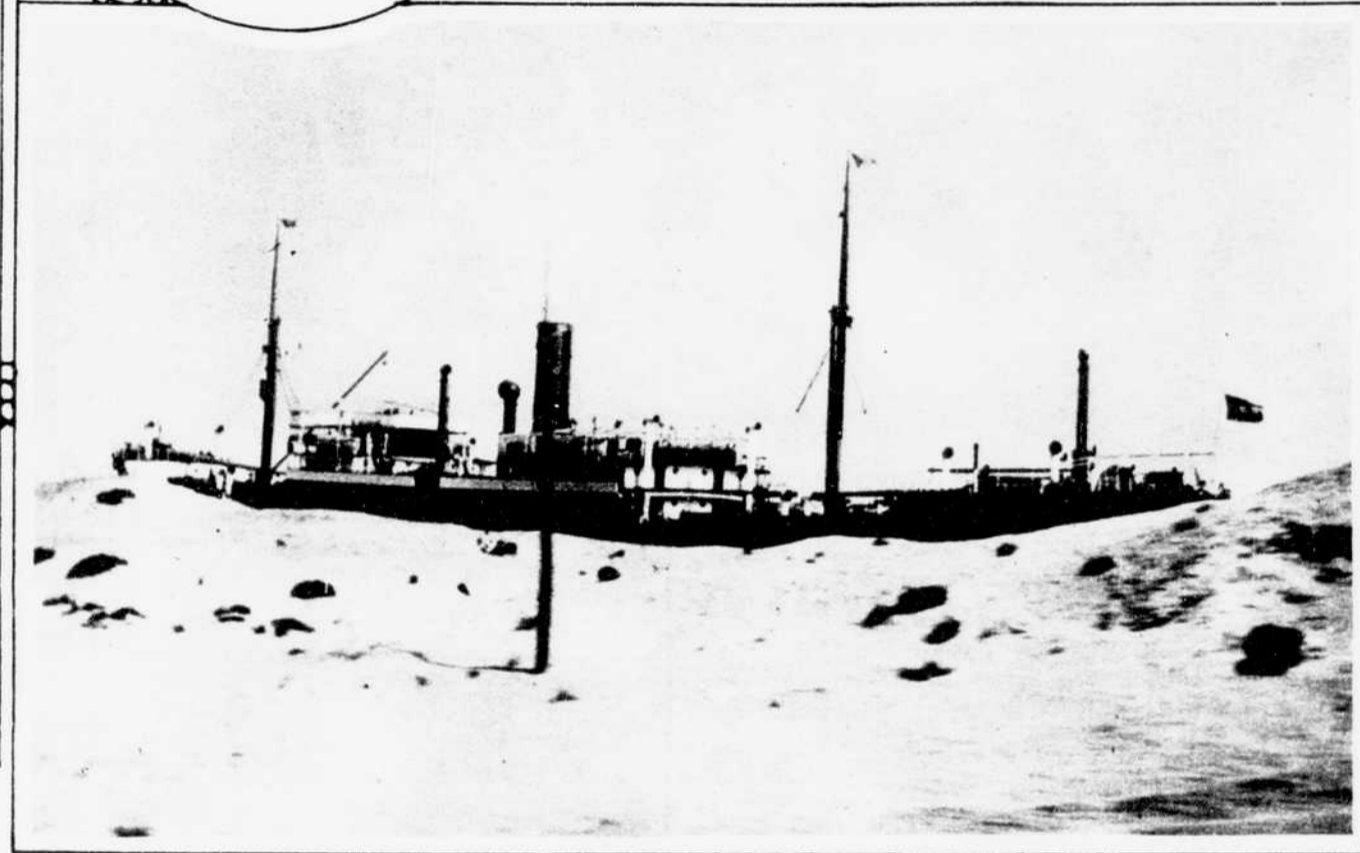

Where the settlements of man are dwarfed by nature's vastness. Looking down from one of the surrounding mountain slopes, the village of Andermatt, in central Switzerland, seems almost a toy village in comparison with the great snow-covered peaks. © Associated Press Photo.

"Shooting" a broad jumper from the ground. Ed Friedman, of the Los Angeles Athletic Club, seems to have wings in this trick photograph of him as he trains for the Olympic Games this Summer. © Associated Press Photo.

Ignace Paderewski, the great Polish pianist, who will give a concert at Constitution Hall tomorrow afternoon at 4:30 o'clock, for the benefit of the unemployed, under the patronage of Mrs. Herbert Hoover. It will be his only concert appearance here this season.

A ship of the desert. That is the illusion given in this photograph of a ship as it moves through the Suez Canal, the great ditch connecting the Mediterranean and the Red Sea. © Associated Press Photo.

Franchot Tone and Margaret Baker, in a scene from "The House of Connelly," at the National this week.

Evelyn Mae Hymiller, age 10 months. Daughter of Mr. and Mrs. M. R. Hymiller, Clinton, Md.

What's in a smile?

HEALTH... good spirits... the joy of living... these are the ingredients of a really happy smile, whether it's your smile or your baby's. And probably the most important single factor in a baby's happiness is the right milk. Smiling babies are babies who drink good milk!

Just tilt the cream-top bottle, to mix the milk with the marvelous rich cream, and give your baby plenty of District of Columbia Health Department Inspected Chevy Chase Milk every day. Evelyn Mae is just one of the thousands of babies who have come "smilin' thru" on it! Telephone West 0183.

Vick Plan cuts Costs of Colds!

THE family's "Colds-Tax" can be reduced. It is being reduced this winter—in every community in the country—with the Vick Plan for better "Control-of-Colds." Developed by the makers of Vicks VapoRub, the plan is made possible with Vicks Nose & Throat Drops. Based on a new idea for preventing colds, this new Vick formula is companion to VapoRub, the modern method of treating colds. Each aids and supplements the other in the Vick Plan, which follows:

1. BEFORE A COLD STARTS—

At that first sneezy, scratchy irritation of the nose or upper throat—Nature's warning that you are "catching cold"—use Vicks Drops promptly as directed. If you catch cold easily, use a few Vicks Drops up each nostril after exposure to any particular condition that you know is apt to give you a cold—for instance, a night on a Pullman—a dusty automobile ride—sudden changes, wet or cold—after over-smoking—dry, over-heated rooms—indoor crowds—etc., etc.—and you feel the slightest stuffiness of the nasal passages.

2. AFTER A COLD STARTS—

At night, massage the throat and chest well with Vicks VapoRub. Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck

TRIAL OFFER BY ALL DRUGGISTS

You have Vicks VapoRub—now get Vicks Nose Drops and use together as directed in the Vick Plan for better "Control-of-Colds"—to reduce their number and severity. Unless you are delighted with results, your druggist is authorized to refund your money.

so that the medicated vapors arising can be inhaled all night long. During the day—any time, any place—use Vicks Drops as needed for ease and comfort. (If there is a cough, you will like the new Vicks Cough Drops—actually medicated with ingredients of Vicks VapoRub.) This gives you full 24-hour treatment and without the risks of too much internal "dosing."
