Medical History Records Frantic Search by Federal Men for 'Death Elixir'

Every Ounce Of Mixture Is Traced
Mountain Side and Deserted Home Delayed Hunt

By REE COONS

Death in volume0,000 cases has followed in the wake of this mixture; and it is now the duty of the Food and Drug Administration to follow the trail to the source and to bring the responsible persons to justice. The investigation of the matter is being conducted with the greatest possible secrecy and efficiency, but it is known that all manner of efforts are being made to trace the source of the mixture and to bring to justice those responsible. The trail is being followed by Federal agents, and all manner of efforts are being made to bring the responsible persons to justice. The investigation is being conducted with the greatest possible secrecy and efficiency, but it is known that all manner of efforts are being made to trace the source of the mixture and to bring to justice those responsible. The trail is being followed by Federal agents, and all manner of efforts are being made to bring the responsible persons to justice.

OLD BELIEFS ABOUT HEALTH IN WINTER ARE EXPLODED

What to Do About Room Heat and Clothing Taken Up by Those Who Have Studied the Subject: How the Cold-Air Friend May Be Treated by Citizens; Comfort One of Conditions to Be Sought

By HERBERT HALLANDER

It is well to know that the fundamental principle of comfort one of conditions to be sought is that the individual requirements of the individual are met. If the individual does not enjoy the comfort of a warm room, the individual will not enjoy the comfort of a warm room. If the individual is not comfortable, the individual will not be comfortable. If the individual is not healthy, the individual will not be healthy. If the individual is not happy, the individual will not be happy. If the individual is not well, the individual will not be well.
