Vatican Peace Move Reported as Bonnet **Sees Nuncio**

Paris Hears Pope May Discuss Efforts in Talk Tomorrow

By the Associated Press. PARIS, May 6. - Semi-official ources said today that Foreign Minister Georges Bonnet had re-ferred in a cabinet session to efforts by the Vatican "in favor of the maintenance of peace and a better comprehension among peo-

ples."
M. Bonnet's remarks, made during a review of international developments, were said to have resulted from a conference he had yesterday with Msgr. Valerio Valeri, apostolic nuncio at Paris. It was noticed that Msgr. Cesare Orsenigo papal nuncio in Berlin, also saw Reichsfuehrer Hitler yesterday at

Berchtesgaden. Sources close to the government said a message Pope Pius XII is expected to deliver by radio tomorrow to the National Eucharistic Congress at Algiers, Algeria, might refer to such efforts for peace.

Press Control Strengthened.

The cabinet, with President Lebrun presiding, adopted new decree laws strengthening control over the foreign press in France and increasing industrial preparedness for war Most of a two and a half hour session was devoted to M. Bonnet's survey of the international situation, especially German-Polish issues. One decree extended the authority

of the interior minister to control the sale and distribution of all foreign publications in France. The minister was empowered to prohibit the circulation of any daily, weekly or monthly periodicals or books from outside the country.

Another decree made it obligatory for school teachers to instruct third with 178. pupils in methods of civilian defense. A third new law appropriated 20,000,000 francs (\$520,000) operation of which in peacetime plants would be ready to supply national defense needs immediately in time of war

More Serb Concessions Demanded by Croats

ZAGREB, Yugoslavia, May 6 (AP) .-Croat leaders demanding home rule within the Yugoslav kingdom deelared vesterday that Serbs must make additional concessions if negotiations to settle the 20-year-old Berb-Croat controversy are to be saved from collapse.

A Yugoslav government crisis was near after Dr. Vladko Machek, Croat peasant leader, turned down Serb compromise suggestions proposed in the negotiations at Belgrade.

There was talk in informed quarters that Premier Dragisha Cvetkovich might be forced to resign because of the stalemate.

F. T. C. Issues Order On Reich Barometers

The Federal Trade Commission today ordered a Chicago firm to cease practices tending to deceive the public into believing that German-made barometers it sells were made in this country.

The commission said Fee & Stemwedel, Inc., of Chicago, assembled several models of weather-indicating instruments for sale, using barometer movements marked "made in Ger-

Second Drowning Linked To Group Accused of Slaying More Than 100

PHILADELPHIA, May 6.-Two more widows—the eighth and ninth -were held today in connection with an inter-State, insurance murder ring accused of having poisoned, drowned and used other violent means to kill more than 100 persons in the last 10 years.

Both women, listed as Mrs. Anna Arena and Mrs. Rose Davis, were held in the deaths of their husbands -Mrs. Arena on a charge of murder and Mrs. Davis on a charge of conspiring to murder.

They were taken into custody last night only a few hours after investigators charged at the arraignment of four other prisoners that Mrs. Arena's husband, Joseph, a shoemaker, was drowned seven years ago off the New Jersey coast. Second Drowning Case.

It was the second drowning linked to the ring. Samuel Sortino, 38, a machinist, was held yesterday without bail for trial after police Capt. James Kelly said he had confessed helping drown Rafael Caruso in the Schuylkill River at Philadelphia. With 40 deaths in Pennsylvania,

New York, New Jersey and Dela-

ware already known to investigators,

Assistant District Attorney Vincent

Petrillo, one of the first arrested, was convicted of poisoning a P. W. A. worker. Nineteen others are in custody and six new warrants were issued late vesterday

Poison was used in most of the deaths recorded so far. Autopsies on exhumed bodies showed some victims were killed by a concoction known to members of that ring as "witch's brew," while others were given hemlock, ancient poison which the philosopher, Socrates, was forced to drink. One woman is held in the death

of her husband who was killed by an automobile. Witnesses at Petrillo's trial told how members of the ring discussed using sand bags and deadly typhoid fever germs.
