

By 1895, annexes had blossomed out from the original building.

Proofreader crew shortly after the turn of the century.

bought out the other "because the business would not support both." The successor sought \$11.50 per column for publishing congressional proceedings. His charge that year had been \$291,608.72. Investigation revealed that \$65,000 of that was clear profit to him. Abrogating his contract, Congress asked GPO to print its proceedings and in 1873 the Congressional Record was born.

GPO was then producing all Government printing except currency and securities. The Bureau of Engraving and Printing makes those. Both plants are non-profit, all work being produced for the Government at cost.

Today. The two main buildings of the GPO, on North Capitol between G and H Streets N.W.

For Gracious Entertaining

TIRED, WEARY...

**ON YOUR FEET
ALL DAY...**

***BODY FATIGUE
got you down?**

use
new
modern **RUB A-535**

If you suffer from body fatigue due to being on your feet all day or after strenuous exercise, massage your calves, feet, and aching body muscles with New Modern Antiphlogistine RUB A-535. It rubs right in like a vanishing cream, leaves no greasy coating on skin to stain clothing, makes you feel better fast. Children love it, too, because it's pure white and has a nice refreshing odor. There's comforting relief for weary feet and aching body muscles when you use RUB A-535. Start now!
