If There's a Boy at Your House, It Won't Be Christmas Without

# LIONEL TRAINS

Famous Lionel trains outrank other Christmas gifts like a fast freight outranks a hand car! Every boy in the family (and that includes Dad, of course) knows Lionel trains are precision-built, accurate as blueprints to the last rivet, engineered for years of service. Far more than just a toy, Lionel provides fascinating education in mechanical engineering, hours of really worthwhile recreation. You can add more equipment any time to your Lionel . . . a railroad always ready for expansion!
