**WORLD OIL CONTROL IS AIM OF BRITISH**

**U. S. Investigation Shows England Seeking Monopoly By Tie-ups or Combines.**

SAN FRANCISCO, Aug. 6.—Revelations of the extent of the British government's campaign to secure domination of the oil supply of the world have been made through United States Government sources of information, which were received yesterday by United States Senator James D. Phelan.

Data collected in the investigation Senator Phelan is making in co-operation with a federal Government agency has arrived. It shows that Great Britain, coupled with France, is seeking not only the tying up of new fields of enterprise in oil development, but is forming a combination with the great Dutch oil interests to get preferential control of oil output all over the world.

It has been discovered that there is a definite movement under way by the British government to use its power under the covenant to maintain supremacy in the oil fields.

Senator Phelan says he learns that officers of the royal engineers are making extensive surveys for a railroad and pipe line to the coast through Syria, which is within the French zone. France, for that reason, is claiming her share of the spoils.

In a summary statement concerning the British government, it is shown that it controls, or is interested in, virtually every spot outside of the United States in the world where oil has been found or where oil resources may be exploited.

**Young Gangsters Face Arrest for Brutal Attack on Baltimore Boy, 12—Fights His Way Free.**

BALTIMORE, Aug. 6.—Twelve-year-old John E. Ayres, Jr., went home yesterday stabbed through the tongue by members of the Frog Island gang, who had attempted to cut his tongue out.

The boy was waiting for the playground at Riverside Park to open, he said, when several members of the Frog Island gang, coterie of young incorrigibles, came up, seized him, and then discussed the best way of torturing him. They finally decided to cut out his tongue, and accordingly, one of them choked him until that member protruded. When the knife was produced, John struggled so terrifically that he wrested himself free, but not until his tongue had been stabbed completely through.

Eight warrants for members of the gang have been issued.

NEW YORK, Aug. 6.—The ball of Leonard Mordano, the Moorish promoters Corporation, who is said to have interested wealthy women in his venture after making love to them, was raised from \$5,000 to \$10,000 yesterday.

Ernest Schaefer, owner of a drug store at 148 Lenox avenue, told Magistrate Earl Smith that Mordano secured \$7,000 of his money without leaving stock therefor and caused an estrangement between him and his wife, Odette. Schaefer said he was suing his wife for divorce, naming Mordano.

Mordano was arrested on a charge of grand larceny made by Mrs. Minnie Boehringer, of 287 Atkins avenue, Brooklyn. Her lawyer said Mordano was attentive to Mrs. Boehringer, who is a widow, and that she complained against him after he had gotten \$7,000 of her money and paid court to her daughter, Ruth, sixteen.
