TUESDAY, JULY 24, 1923.

NEW SPOT AT VIRGINIA BEACH. Riders at the resort now wear the stylish caps, formed with a dainty bow of the latest fashion. Mr. and Mrs. J. William Hetterson, of Allentown, Pa., are among the first to don them. (Copyright in Canada, U.S., and Foreign Countries.)

BURIAL SERVICE FOR ADMIRAL CHARLES D. SIGSBEE. Plans taken at Atlantic naval cemetery headquarters, when the body of the old officer was laid to rest. Rear Admiral Sigsbee, who died in New York, was commander of the battleship Maine when the vessel was sunk in Havana harbor, Cuba.

THE LAMORHETS RETURN. Mr. and Mrs. Reginald Vanderbilt, who arrived in New York aboard the Sandown, last week, are now spending several weeks at various points in Europe. (Copyright in Canada, U.S., and Foreign Countries.)

WINS THE METROPOLITAN OPEN. Bob MacDonald of Chicago, who won the metropolitan open golf championship, at the Canoe Brook Country Club, Summit, N. J., defeated Jun Barnes in the final match.

RECEIVE THEIR APPOINTMENTS. L. Allen Palmer of Chicago, assistant trade commissioner of the United States to Rome, and Dr. Rufus S. Tucker of Cambridge, appointed United States aeronautical engineer, have arrived in New York. Mr. Palmer was recently successful in the Paris and London meetings of the aeronautical engineers.

THE VANDERBILTS RETURN. Mr. and Mrs. Reginald Vanderbilt, who arrived in New York aboard the Sandown, last week, are now spending several weeks at various points in Europe. (Copyright in Canada, U.S., and Foreign Countries.)

COMPETING BEST OF SAMUEL GOMPERS. Moses W. Delmar making a replica of the bust of the American Federation of Labor at the American Federation of Labor exhibition at the New York World's Fair. The bust is made for the International Career Workers of New York.

WITH MONOCLE AND THICK DERBY. U. S. vice-consulést in Paris and London, 10th Vanderbilt, arrived in New York yesterday, with a monocle and a thick derby.

OVER THE LAST BURRISE. A remarkable photograph of a pilot suspended from a biplane in Paris and London, 10th Vanderbilt, arrived in New York yesterday, with a monocle and a thick derby.

REBUILD THE CIRCUSPLANE. This is the very recent invention in the world of science; a fireproof plane which has been used out successfully at Dumbarton, Ohio. The inventor, W. B. Cox, is a celebrated engineer.
