AFFAIRS OF THE DISTRICT

The Laying of Sidewalk and Curbing on Columbia Road.

A Discussion of the Subject by the Computing Engineer-A Separate Conduit for Each House-Blowing of Paper From the Ash Dump.

C. B. Hunt, the Computing Engineer, has submitted the estimate of cost for laying the sidewalk and setting and recasting the curbing on both sides of Columbia Road, between Eighteenth Street and Florida Avenue. The recommendation has received the approval of Capt. H. C. Newcomer and of the Commissioners. It is as follows:

It is hereby recommended that the following work be ordered under the provisions of the law governing assessment work: Set new granite curb and lay cement sidewalk on the west side of Columbia Road and Connecticut Avenue extended, from Le Roy Place to California Avenue, at an estimated cost of \$1,234, to be assessed against the property abutting on the west side of said Columbia Road, from California Avenue to Twentieth Street extended, and from Nineteenth Street extended to Baltimore Street, at an estimated cost of \$1,230, to be assessed against property abutting on the west side of said Columbia Road between the limits named; on the east side of Columbia Road, from Florida Avenue to Wyoming Avenue, and from the south line of original lot 17, block 7, Commissioners' subdivision of Washington Heights, to Eighteenth Street extended, at an estimated cost of \$1,500, to be assessed against the property abutting on the east side of said Columbia Road between the limits named.

This work was advertised March 18, 25, 26, 28, 1901, and at the public hearing held April 2, 1901, no objections were received, but a written protest, dated April 3, 1901, and received April 3, 1901, is enclosed herewith in relation to that portion of the work on the west side of the street, between Nineteenth and Baltimore Streets.

The recommendation for this work in spite of the protest referred to is made because the condition of this walk is so entirely inferior and altogether unsuited to the importance of the thoroughfare and the public needs that its replacement with a modern walk, which will afford the use of the full width of the public space available for pedestrian travel, is indicated in the strongest manner in the interest of the public health, safety, and comfort. Probably no more costly justified case for the initiative on the part of the Commissioners exists in the District than in this very locality.

The United States Electric Lighting Company has filed an application for permit to hang an incandescent arc lamp in front of 147 H Street northeast. This application was at first approved, and sent forward to the permit clerk for the issue of the permit. This officer referred it back to the Commissioners, with the statement that the premises named are not connected with the city water main. He also stated he had been informed that it was the intention of the company to make necessary connection from premises 145 H Street, which is in connection with the conduit.

The Electric Engineer, in reporting upon the matter the second time, stated to the Commissioners that there are a great many instances in the city where several houses are supplied with current from a single house connection. He stated

that he saw no objection to making a similar connection in this case, so long as the wiring is done in compliance with the rules and regulations of the Board of Fire Commissioners. After considering the matter Commissioner Beach has forwarded the application to his colleagues, requesting them to indicate that a rule be adopted requiring separate electrical connections for each house, the same as is required for sewer, water, and gas connections. It is understood that this recommendation will be approved by the Board.

Ex-Senator William E. Chandler has addressed the Commissioners, requesting them to instruct the Health Department to investigate the condition of premises 1111 H Street northwest, before they are occupied by the Spanish Treaty Claims Commission. Mr. Chandler states that Charles E. Bull, the Inspector of Plumbing, has investigated the conditions in the house. Mr. Chandler also states that the house has been unoccupied for two years, and that it is in very poor sanitary condition, and that it should be thoroughly investigated and that it shall be pronounced unfit for occupancy before the Commission, with the members of the Commission, with the exception of the one who occupies the house. Mr. Chandler informs the Commission that the sewer drain breaks, and that there is a closet in the basement that looks suspicious.

The Commissioners have received a petition signed by Walter E. Schneider and twenty-nine others, urging the necessity for paving the alley in the year of T Street northwest, between First and Second, T and Thomas Streets. The petitioners represent that this step is necessary for the protection of property and the health of the owners in block 28. The petitioners also ask that the Health Officer be directed to investigate and report upon the sanitary condition of the alley, as they believe it to be such as to require immediate grading.

A. C. Day informs the Commissioners that street drainage from Second Street above Thomas Street runs down the latter street into the alley, which is above the grade of the yards. Consequently, he says, most of the rain is flooded after rains to the detriment of the foundations of the houses and also to the health of the residents. Mr. Day states that the ground remains soggy the year round, and he thinks it is, on that account, a breeding ground for malaria.

Dr. E. M. Gallaudet, President of the Columbia Association for the Deaf and Dumb, has called the attention of the Commissioners to the nuisance caused by the blowing of waste paper from the dump near Dalish's Mill. He states that the nuisance causes great inconvenience in the vicinity, and asks whether steps cannot be taken to have the paper burned. Dr. Gallaudet says that when the wind blows from the west the paper is carried from this dump in large quantities across the street, and into the yards of the houses. He states that much of the paper is covered with dirt, and that all of it is waste matter out of place.

The Union Trust and Storage Company has requested a refund of the amount paid for the use of water for building purposes on lot 45, square 712. After an investigation H. L. Karpelz, acting chief clerk of the Water Department, reported to the Commissioners that the bill, amounting to \$1.06, was for water charged at the ordinary meter rate. Mr. Karpelz recommends that the money be refunded, and the Commissioners have approved the same.

Appleton P. Clark, Jr., has written to the Commissioners in behalf of Mrs. M. Fredericks, relative to the price of the land offered to the District at the corner of Harrison and Monroe Streets, Anacostia. Mr. Clark informs the Commissioners that Mrs. Fredericks considers the

You Can Save More Than Half on Your Spring Suit at Our FIRE SALE

According to our terms of settlement with the insurance companies, we are enabled to sacrifice every dollar's worth of stock contained in our store the night of the fire-whether the goods are actually DAMAGED or not. The garments we are now selling bear the odor of smoke-but they are as bright as the day they left the work-rooms.

INSURANCE COMPANIES ARE THE LOSERS.

Come with the crowd today and get your spring suit. It's a chance to save DOLLARS-and a chance that will not come again. We have already sold an immense quantity of goods-but there are yet thousands of dollars' worth to be sacrificed. Don't wait until your suit is SOLD-get it today.

IN AND ABOUT THE CITY.

A Will Filed for Probate. A certified copy of the will of Arnah S. Abell, of Baltimore County, Md., was placed on file yesterday in the office of the Register of Wills. The document is dated April 25, 1898. Attested copies of the wills of Walter R. Abell and George W. Abell were also placed on file.

Gas Inhabiter Recovers. Simon Doran, who was taken from his room at 305 Missouri Avenue northwest yesterday morning suffering from the effects of inhaling illuminating gas, had sufficiently recovered last night to be able to leave the Emergency Hospital, to which institution he was removed at the time of the accident.

A Son the Beneficiary. The will of Harriet J. McGill dated March 4, 1899, was filed yesterday for probate. By its terms the testatrix leaves her entire estate to her son, George E. McGill. At his death, it is directed the property shall revert to his wife, Laura V. McGill. In the event of her marrying again the property is bequeathed to the testatrix's grandson, La Deu E. McGill.

The Prosecution Abandoned. After hearing the evidence in the case of George Bailey, colored, charged with selling liquor without a license, Assistant Attorney for the District Pugh yesterday abandoned the prosecution and the defendant was discharged. The principal witness against Bailey, who lives near "Fame" soldier's home, was a negro named Wingfield. He stated that he had been paid to make a case against Bailey, but was not clearly shown that liquor had been sold.

Injured by a Runaway Horse. Lloyd Nelson, fifteen years old, whose home is at 1213 Four-and-a-half Street southwest, was struck and slightly injured by a runaway horse yesterday morning while riding on the step of a street car near the corner of Four-and-a-half and P Streets southwest. He was treated by the surgeons at the Washington Barbers' Hospital, where he was held for observation. The wagon was damaged to the extent of \$10. It is owned by W. H. Butler, of 600 C Street northwest.

The Death Record. The following deaths for twenty-four hours were reported at the Health Department up to noon yesterday: John Peach, 75 years; Lewis J. Gardner, 75 years; William Ballant, 78 years; Amelia J. Ballant, 66 years; Felicia Williams, 62 years; Mary A. Apple, 62 years; Thomas Canine, 61 years; James O'Brien, 53 years; Elizabeth V. Lee, 48 years; Capotalla Mary Lindquist, 36 years; Bertha Gordon, 36 years; Laura Hawley, 23 years; Grace Roloff, 15 years; Patrick Smith, 31 days.

Death of an Old Resident. William Ballant, who died Tuesday morning at his late home, 418 L Street northwest, was a well-known resident of the city, having lived here for forty-eight years. Mr. Ballant was a modelmaker, and for many years had been engaged with his brother, Daniel Ballant, at 231 Seventh Street northwest, where many models for the Patent Office were made by him. The deceased was born in Germany, and at an early age emigrated to this country. For a short time he made Baltimore his home. He was seventy-three years old, and is survived by a widow and three children. The funeral will be held at his late home, 418 L Street northwest, this afternoon at 2 o'clock. The interment will be in Glenwood Cemetery.

Established His Innocence. One of Two Negroes Accused of Assaulting Wah Kee Released. William Reed and James Blair, both colored, were arraigned before Judge Miller yesterday in the Police Court, charged with having assaulted Wah Kee, a Chinaman, who conducts a laundry at 64 D Street northwest. Wah Kee limped into court in a disabled condition. He found that the two colored men employed by him to put away a ton of coal got into a controversy with him and after assaulting him cut him on a hot stove and left the place.

Blair admitted a jury trial and his case went over, but Reed, who was found guilty and was released. He testified that he helped Blair put the coal away Tuesday, but that he did nothing to do with the alleged assault.

Perpetual Adoration Services.

Special solemn services of the Society of the Perpetual Adoration will be held at St. Patrick's Church at 4:30 o'clock today. A part of the mass of Easter will be repeated. There will be solemn benediction, and the Rev. Dr. J. J. Staffed will preach. The programme of the mass is as follows: "Regina Caeli," Benedict; "Agnus Dei," "Agnus Dei," Wagner; violin solo, "Tranqui and Romantico," Schumann; soprano solo, with violin obligato, "O Salutaris," Mascagni; baritone solo, "O Salutaris," from "Elijah," Mendelssohn; "Tantum Ergo," Rigo; "Agnus Dei," Falcetta. The soloists include Mrs. Blane Bogue, Miss Ann Grant, Miss Marie Grant, Melville Hensley, Bernard Ryan, and Alfred Kasper; Armand Guiraud, director. The choir will be assisted by the baritone soloist, Clifford Alexander Wiley.

Students Again Disappointed. The game between the Business High School team and the team representing the Cosmos Office was not played at National Park yesterday afternoon, as scheduled, owing to some misunderstanding with the management of the grounds. This is the second time this year that students have been disappointed in this way. The Business Center have just received new uniforms and will appear in them Friday, when they play Kenyon Institute at the Y. M. C. A. Park.

Says Her Bonds Were Stolen.

Henrietta Stuart yesterday filed suit against the Washington Savings Bank to recover \$5,000 claimed as damages for loss of property. She alleges that on January 1, 1900, she placed a deposit box at the bank, in which she placed bonds to the value of \$5,000. The loss of the bonds was reported to the officers of the bank and a formal complaint charged with abstracting them. He was indicted and is now awaiting trial in the Criminal Court of the District. Mrs. Stuart is represented by Worthington, Heald & Pringle.
