Cures Baldness

Prevents Hair Falling Out, Removes Dandruff, Stops Itching, and Restores Luxuriant Growth to Shining Scalps, Eyebrows, and Eyelashes.

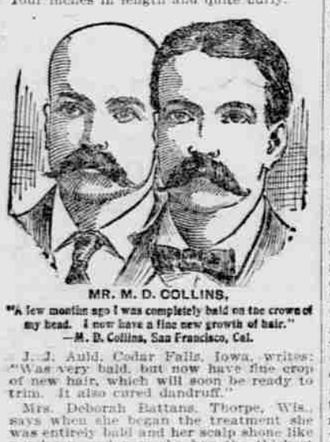
A TRIAL PACKAGE FREE.

No longer any excuse for Dandruff, Falling Hair, or Baldness.

D. E. Charniss, Farmersville, Tex., says the top of his head was entirely bald, but the Remedies have grown a fine new crop of hair and everyone in town is surprised to see it.

Says Prof. Turner, President of Fairmount College, Sulphur, Ky.: "After being bald for thirty years, I began using the Remedy in 1895, and in a few weeks thereafter my entire scalp was covered with a thick downy growth of new hair. The whole of my hair was gone except a fringe around the hat line. In six weeks the bald spot was entirely covered. I had been bald for thirty years, and when hair can be made to grow on such a head as mine no bald-headed person need fear the results."

Theresa Fennell, Moscow, Idaho, says: "My head was bald and glossy, but since using the Foso Treatment my hair is now four inches in length and quite curly."



MR. M. D. COLLINS,

"A few months ago I was completely bald on the crown of my head. I now have a fine new growth of hair." —M. D. Collins, San Francisco, Cal.

J. J. Auld, Cedar Falls, Iowa, writes: "Was very bald, but now have fine crop of new hair, which will soon be ready to trim. It also cured dandruff."

Mrs. Deborah Battans, Thorpe, Wis., says when she began the treatment she was entirely bald and her scalp shone like a mirror, and now she has the thickest hair she ever had. Recommends the treatment as a sure cure for baldness."

Mrs. W. H. Provost, Greenwich, Conn., writes: "Remedies have stopped all itching and accumulations of dandruff." She was also bald, but her hair has been now completely restored.

MRS. J. C. ARMSTRONG,

"My hair stopped falling out and I now have a new heavy growth." —Mrs. J. C. Armstrong, Missoula, Mont.

Miss Lucy Paschall, Watertown, Mass., says her hair was thin and grey, but it has been restored to the natural color, is now long and thick, and glad to recommend the Foso Treatment to all.

Mrs. Emma Buchanan, South Hadley Falls, Mass.: "Hair has grown out nicely; is now four inches long and much thicker than it ever was before."

Mrs. Mary E. Smith, Los Angeles, Cal., says: "Although I am 54 years old and employed in a dye house, exposed to the bad effects of the dye on the hair, the Foso Treatment greatly improved my hair and stopped all falling out."

Katherine Mann, 287 Thomas Street, St. Paul, Minn., entirely recovered from baldness by the Foso Treatment.

MR. D. B. CHARNISS,

"The top of my head was bald; now it is covered with a fine growth of hair."—D. B. Charniss, Farmersville, Tex.

Mrs. W. H. Eltelman, Trove, Mich., says that her hair had fallen out and she was rapidly becoming bald. Foso Remedies quickly stopped the failing, and she gladly recommends Foso Remedies as doing all that is claimed for them.

Emma H. Washburn, Shelburn, Ore., says she was troubled with falling hair which was seemingly dead and harsh. She was rewarded with a new growth as thick as it ever was, and recommends Foso treatment as a sure hair restorer.

Miss Nora Buel, Three Oaks, Mich., writes that her hair is coming on beautifully, and that all dandruff has been removed.

Thomas Buston, 2 Manchester Street, Lowell, Mass., says: "Foso Remedies very good. Has no equal. Can recommend them to anyone troubled with falling hair or baldness."

The remedy has cured thousands, and no one need fear that it is harmful. We do not ask you to take our word for it or anyone else's. Send for the free trial and learn for yourself just what this wonderful remedy will actually do for you.

The remedy also cures itching and dandruff, sure signs of approaching baldness, and keeps the scalp healthy and vigorous. It also restores grey hair to natural color and produces thick and lustrous eyebrows and eyelashes. By sending your name and address to the Altenheim Medical Dispensary, 3648 Butterfield Building, Cincinnati, Ohio, enclosing 2-cent stamp to cover postage, they will mail you prepaid a free trial package of their remarkable remedy.

JOCKEY BURNS' GREAT DAY

In Four Consecutive Races His Mounts Show First.

Bookmakers Get a Little the Best of the Day—Speedmas Again Demonstrates That She Is a Good Mare—Passaic, at 30 to 1, a Winner.

Pleasant weather attracted a crowd to the Benning track yesterday large enough to test the capacity of the grandstand. The increased attendance goes to show what the result of the meeting would have been to the Washington Jockey Club had good weather favored it throughout, but, as it was, the attendance was unusually large every day. The public has cause to be grateful, as the sport furnished all through has been of the highest class, with not an objectionable feature about it.

The card yesterday had the usual six races, and, while the fields in some of the events were materially reduced by withdrawals, yet there was enough left to make the finishes close and interesting. The talent quit a shade the best of it on the day, but at that it is doubtful if the pencilers separated themselves from any large portion of the wealth they gathered in Thursday. In three of the races, it was difficult to tell which was the favorite, for at the close two of the entries practically shared the betting honors. This was especially true of the third race, where The Rhymer closed at 9 to 10, and Waddell at even. As there was no place betting on either horse, no matter how the race went it was bound to break well for the books. It was a foregone conclusion that one of the two favorites would win, and while the books did not stand to win a great deal, as neither of the other starters had much of a following, there was no way they could lose to the race.

Then, again, the sixth race broke well for the books, as three of the starters were about equal favorites—Speedmas at 2½ to 1, Scurry at 2 to 1, and Matt Simpson at 2 to 1. Therefore no matter what horse won the race, the books were bound to have the best of it. As two of the outsiders in the betting finished second and third, and Matt Simpson and Scurry in the also rans, the pencilers must have quit good winners to the race.

The sport commenced with a handicap at five and one-half furlongs, for which seven were carded to go. As there were three withdrawals, only four went to the post, and the Goughacre's entry, which included Scorpio and Moor, was made an odds-on favorite, with Lexington Pirate second choice. The talent figured the race correctly as it was run, Moor, of the stable entry, finishing first and the Pirate second. Moor was ridden by Landry and he showed a vast improvement in form over his race of Wednesday. On that day he was ridden by Dart, and the ride looked so peculiar that the jockey was called to account for it by the judges. Yesterday Moor, with Landry up, galloped over his horses in the stretch and could have won by a dozen lengths had he been asked.

The second race furnished the surprise of the day. A rank outsider in the betting, closing at 20 to 1, romped in. He was the best horse in the race at that, though on form, or rather on past performances, he did not look to have a chance. It was a selling race at seven furlongs, in which there were seven starters out of ten originally carded. King's Favorite opened favorite at 7 to 5, closing two points lower, even money. The second choice was By George at 5 to 2, with any old price against the others. As the race was run Passaic was the best of the bunch, and led from start to finish. It was no fluke at all, as the time for the distance—1:29—equals the track record made by Lindula, carrying 99 pounds. The win was a creditable one, as it was won by a local horse trained by H. Flippen, a well-known Virginian. It is doubtful if either owner or trainer backed the horse for any amount, as he closed in the betting at long odds.

The third race was more of a match race than anything else, for, although four went to the post, the only horses considered were The Rhymer and Robert Waddell. They were almost equal favorites in the betting, and it is a hard matter to tell which had the most following. At the end the race was between the two, The Rhymer getting the decision in a driving finish.

The fourth race was for two-year-olds, and was won by the favorite from end to end. Maru, on the strength of recent fast trials in private, was heavily backed, and men stumbled over each other to get the opening odds, 2 to 1. Maru was never a contender, and was beaten out for the place by "Pa" Bradley's Stewardess, a 50 to 1 shot. Maru will do some other day.

The fifth race was a maiden race for three-year-olds and upward, and Rough Rider, with Burns up, was made an odds-on favorite, opening at 3 to 5 and closing at 2 to 5. The odds were justified by the race, as Rough Rider won with plenty in reserve.

The sixth and last race of the day was won by Speedmas, at 15 to 5 in the betting. She is a very consistent mare, and has a large following in the pavilion. She is owned by local parties, and when Speedmas starts the public feels assured of a run for the money laid.

T. Burns carried off the riding honors of the day, winning four races—the last four on the card. Landry and Slack divided honors on the other two, winning one each. There were twenty-six books in line, and there was business enough for ten more. It was almost worth a man's life to get through the pavilion.

Today closes the meeting, and as a fitting wind up the Jockey Club has announced the best card ever offered. There will be seven races, the first starting promptly at 2:30 p. m. The features of the day are the Hunters' Steeplechase at two and one-half miles, and the Benning Handicap at seven furlongs, for which the best horses in training have entered, and are sure starters.

The following is the summary:

First race—Handicap, for three-year-olds and upward; five and a half furlongs. *Moor (Landry), 7 to 10 and out, won; Lexington Pirate (Burns), 8 to 5 and out, second; Proslt (Slack), 12 to 1 and 2 to 1, third. Time, 1:09 3-5.

Scorpio also ran.

*Coupled as Goughacre's entry.

Start good. Proslt went out to do the running, closely followed by the Pirate and Scorpio, Moor trailing. In the stretch there was a general closing up, and Moor, gaining on the leaders, came away without an effort. There was a marked contrast in Moor's race of yesterday and that of Wednesday.

Second race—For three-year-olds and upward; seven furlongs. Passaic (Slack), 30 to 1 and 10 to 1, won; Monmouth Boy (Landry), 7 to 1 and 2 to 1, second; Charles Estes (Miller), 8 to 1 and 3 to 1, third. Time, 1:29.

Sprite, By George, King's Favorite, and Tony Licalzi also ran.

Start good. Coming out of the chute Passaic was in front and with clear sailing made a runaway race of it. Nothing ever got near enough to bother him. Monmouth Boy was best of the others. King's Favorite was a false favorite and ran a bad race. Neither she nor By George was ever contenders. The time for the race equals the record for the track.

Third race—For three-year-olds and upward; six furlongs.—The Rhymer (Burns), 9 to 10 and out, won; Robert Waddell (Sexton), even and out, second; Imperialist (Landry), 6 to 1 and even, third. Time, 1:15 1-5.

Palatial also ran.

Only four starters out of ten carded to go. Good start. Palatial went out to do the running and set a fast clip for the first quarter. He backed up very quickly, and the race through the stretch was between Rhymer and Waddell. Rhymer won handily. Palatial ran a surprising race for a 200 to 1 shot, and will do in cheaper company.

Fourth race—For maiden two-year-olds; four furlongs.—Astery (Burns), 9 to 10 and out, won; The Stewardess (Seaton), 50 to 1 and 10 to 1, second; Maru (Landry), 7 to 5 and out, third. Time, 0:51.

Tva Varre, Ski Runner and Erne also ran.

Good start. It was no race for Astery and she won with plenty in reserve. She was saved at the post and well handled. There was a strong tip on Maru on account of reputed private trials of a half in 49½. Rather singular if he worked in 49½ that he should be beaten in 0:51.

Fifth race—For maiden three-year-olds and upward; seven furlongs—Rough Rider (Burns), 2 to 5 and out, won; Inniscarra (Seaton), 10 to 1 and 3 to 1, second; Street Boy (Fitzgerald), 8 to 1 and 2 to 1, third. Time, 1:30 2-5.

Micou, Ten Up, and Albert Edward also ran, and finished in the above order.

Good start. Coming out of the chute the first to show was Micou and Street Boy. Coming into the stretch Rough Rider gradually overhauled the leaders, and in the run home drew away from them, winning by two lengths. He outclasses this kind.

Sixth race—For three-year-olds and upward; selling; one mile and fifty yards—Speedmas (Burns), 15 to 5 and 4 to 5, won; Althea (Landry), 5 to 1 and even, second; Alard (Seaton), 6 to 1 and 8 to 5, third. Time, 1:47 1-5.

Matt Simpson and Scurry also ran.

Start good. Scurry and Matt Simpson did the running for the first half, with Speedmas laying in a good position. Althea was trailing the field at least ten lengths behind the leader. Speedmas went to the front on call and won handily. Althea, who ran a remarkable race, was a good second, with Alard third. Burns rode a grand race on the winner, his fourth consecutive winning mount of the day.

The Benning Entries.

The following are the entries for the races at Benning today:

REMARKABLE SUCCESS

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys, and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Eucalyptol, Guaiacol, Sanguinaria, Hydrastin, and similar catarrh specifics.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

CATCHER BREAKS A THUMB.

Emerson Institute Wins a One-Sided Ball Game.

The Emerson Institute baseball team defeated the Business High School aggregation yesterday, at the Y. M. C. A. Park, by a score of 14 to 8. The High School boys were clearly outplayed all through the game. After their catcher was disabled in the last half of the second inning they were practically out of it. Young, the High School catcher, suffered a compound fracture of the thumb in an attempt to stop a speedy "out shoot" with his right hand. He went to the Emergency Hospital, where several stitches were taken in the injured member after it had been set.

The first game played between the two teams was won by the Business High School by a score of 7 to 5. The Emerson team has been greatly strengthened since, and the High School teams will now find the institute boys a difficult proposition.

The line-up was as follows: Emerson—Service, catcher; Senser, pitcher; Jacobson, first base; Bennett, second base; Walker, third base; Guyer, shortstop; F. Bennett, left field; Morrison, right field; McQueen, centre field. Business—Young and Newton, catcher; Dodge and King, pitcher; Somers, first base; Cullen, second base; King and Dodge, third base; Rae, shortstop; Kenglar, left field; Hawes, right field; Harmel, centre field. Umpire, Mr. Corrigan.

WILL NOT MEET IN JULY.

The Oxford-Cambridge Sports Committee Insists on September.

LONDON, April 12.—After considering the Harvard-Yale proposal to hold the inter-university athletic sports in July instead of September, the Oxford-Cambridge Sports Committee has sent a definite reply to the effect that it will be impossible for the English athletes to participate in July, owing to the Oxford-Cambridge cricket match taking place in that month, in which many of the athletes will play.

It is added that if Harvard and Yale cannot agree on September as the month for holding the games, they must be abandoned. This decision is irrevocable, but if September is decided on the Englishmen can send a strong team.

THE ENGLISH CHESS TEAM.

The Men to Play in the Cable Match Selected.

LONDON, April 12.—The committee of the British Chess Club tonight approved the following team to represent Great Britain in the forthcoming cable match with America: Blackburne, Mason, Lee, Mills, Ward, Jackson, Jacobs, Bellingham, Atkins, and Mitchell, in the order named.

The reserves will be Lawrence, Jones, and Passmore. Blackburne is still doubtful whether or not he will play. If he does not, Lawrence will go into the team, Mason playing board No. 1, Lee No. 2, and so on.

The Female Players Beaten.

The game of basketball at Kernan's last night, between the Reds, female members of the "City Sports," and the Ivanhoes, a local team, with which the women played a tie on Tuesday, resulted in a score of 3 to 1 in favor of the men. Tonight the Blues, the other team of the company, will play, in place of the Columbia, the Eastern Stars, of this city, including William Warwick, right forward; James Thompson, left forward; John Hill, centre; Frank Phillips, right back, and George Ellis, left back.

Georgetown and Annapolis Today.

The Georgetown aggregation of ball tossers will go to Annapolis today to play the Naval Cadet ball team. The navy boys have been drilled in the national game all season by Doc Hillebrand, the ex-Princeton pitcher, and Coach Bradly, also an old Princeton man. Captain Walsh, of the Georgetown team, will send in Fay and Cox to do the twirling. The former's work was of a high order in the Princeton game. Of Cox little is known. He will have an opportunity to demonstrate his worth in today's game. All of the other regular men will be in the game. In addition to the regulars, Blewett, Mackay, and Byrne will make the trip to Annapolis.

HAD BLOOD ON HIS HANDS.

Strong Evidence Brought to Bear Against a Suspected Murderer.

WILKESBARRE, Pa., April 12.—The web of evidence about Michael Crooks, suspected of the murder of Adam Rhoades, was completed at a hearing this morning, and he was held for trial without bail. The man was very nervous and seemed much affected.

The knife which belonged to Crooks was submitted, and the statement made that it was covered with blood, and that after being seen trying to clean it, he had thrown it away. Then Mrs. John Borgan, a neighbor of the suspected man, said that he came to her house the morning after the murder and got some water to wash his hands. The blood on them was so thick that the water was colored red. There was also blood on his clothes and he tried to wash it off. Seeing her watching him closely he told her that he had been in a fight with an Englishman and had used his knife and stabbed him in the breast.

When the prisoner heard this evidence he hung his head and appeared very much depressed. Other witnesses connected him with the crime, and it was also found his pockets were marked with blood, where he had placed the knife.

An Address by Mr. Andrews.

W. E. Andrews, auditor of the Treasury Department, will address the meeting of the Christian Endeavor Society of the New York Avenue Presbyterian Church Sunday night, at 6:30 o'clock, taking as his subject, "Foundations."

A GOD-SEND TO ALL HUMANITY.

Remarkable Invention of an Ohioan That Guarantees Perfect Health, Strength, and Beauty to Every User, and Cures Without Drugs All Nervous Diseases, Rheumatism, La Grippe, Neuralgia, Blood and Kidney Troubles, Weakness and the Most Obstinate Diseases, by Nature's Method of Steaming the Poisons Out of the System.

Ministers and Those Who Have Used It Declare It to Be the Most Remarkable Invigorant Ever Produced, Better Than Any Treatment at Hot Springs, Sanitariums, or Health Resorts.

A prominent business man of Cincinnati has invented a Vapor Bath Cabinet that has proven a blessing to every man, woman, and child who has used it, and as many of our readers may not know of its real comfort and blessings, we illustrate it in this issue.

Our recent investigation of this remarkable invention was so very satisfactory we have no hesitancy in endorsing the same as just what all our readers need.

It is an air-tight enclosure, a rubber-walled room, in which one comfortably rests on a chair, and with only the head outside, enjoys at home, for 2 cents each, all the marvelous cleansing curative and

invigorating effects of the famous Turkish, Hot Vapor, Hot Air, or Medicated Vapor Bath, with no possibility of taking cold afterwards, or in any way weakening the system.

Hundreds of well-known physicians have given up their practice to sell this Cabinet—such eminent men as Emerson McKay, Detroit, who has already sold over 700, and John C. Wright, Chicago, who sold 125 last month.

Thousands of remarkable letters have been written the makers from users, some of which, referring to

Rheumatism, La Grippe, Kidney Troubles,

will be interesting to those who suffer from these dread maladies. W. L. Brown, Oxford, Ohio, writes: "My father was down in bed for months with rheumatism; this Cabinet did him more good than $50 worth of drugs. It cured my brother of neuralgia and sleeplessness, with which he had long suffered, and his wife of la grippe in one night." G. M. Lafferty, Covington, Ky., writes: "Was compelled to quit business a year ago, being prostrated with rheumatism and kidney troubles when your Cabinet came. Two weeks' use cured me. I have never had a twinge since." Rev. George H. Hudson, Okemos, Mich., says: "I gave up my pastorate on account of nervous prostration and lung troubles; my editor so highly recommended your Cabinet, I tried it; from that day I have steadily grown better; am now well; nervousness gone; lungs strong; am a new man." Mr. Simon Tompkins, a retired capitalist of Columbus, Ohio, 1031 Broad Street, says: "I am satisfied it saved my life. I was taken down with a hard cold, which developed into a dangerous case of pneumonia. The first bath relieved me and I quickly recovered. It is far superior to drugs for curing la grippe, colds, inflammation, and rheumatism." Hon. A. E. Strickland, of Bloomington, writes that the Cabinet did him more good than two years' doctoring, entirely cured him of catarrh, gravel, kidney trouble and dropsy, with which he had long been afflicted.

Hundreds of Ministers

write, praising this Cabinet. Rev. H. C. Roernaes, Everett, Kan., says: "It is a blessing; made me full of life and vigor; should be in use in every family." Rev. J. C. Richardson, North Fifth Street, Roxbury, Mass., was greatly benefited by its use, and recommends it highly, as also does Prof. R. E. P. Kline, of Ottawa University, who says: "I find it a great benefit. No Christian should be without it." Hon. V. C. Hay, St. Joe, Mo., writes: "Physicians gave me up to die; was persuaded by friends to try this Cabinet, and it cured me. I can not praise it enough." Rev. Baker Smith, D. D., Fairmont, N. J., says: "Your Cabinet rids the body of aches and pain, and as cleanliness is next to godliness, it merits high recommendation."

Congressman John J. Lentz, Hon. Chauncey M. Depew, John T. Brown, editor "Christian Guide;" Rev. C. M. Keith, editor "Holiness Advocate," as well as hundreds of clergymen, bankers, governors, physicians and influential people, recommend it highly.

Physicians are unanimous in claiming that colds, la grippe, fevers, smallpox, consumption, kidney trouble, Bright's disease, cancer—in fact, such

Marvelous Eliminative Power

has this Cabinet that no disease can gain a foothold in your body if you take these hot Thermal Baths weekly. Scientific reasons are brought out in a very instructive little book issued by the makers. To

Cure Blood and Skin Diseases

this Cabinet has marvelous power. Dr. Shepard, of Brooklyn, states that he has never failed to draw out the deadly poison of snake bites, hydrophobia, blood poison, etc., by this Vapor Bath, proving that it is the most wonderful blood purifier known. If people, instead of filling their system with more poisons by taking drugs and nostrums, would get into a Vapor Bath Cabinet and steam out these poisons, and assist nature to act, they would have pure blood, and a skin as clear and smooth as the most fastidious could desire.

The Important Feature

of this Cabinet is that it gives a hot vapor bath that opens the millions of pores all over the body, stimulating the sweat glands, drawing out all the impure salts, acids, and effete matter, which, if retained, overwork the heart, kidneys, lungs, and cause disease, debility, and sluggishness. Astonishing is the improvement in health, feeling, and complexion. The first bath makes you feel like a new being; 10 years younger.

With the Cabinet, if desired, is a

Head and Complexion Steamer

in which the face, head, and neck are given the same vapor treatment as the body, producing the most wonderful results; removes pimples, blackheads, skin eruptions, cures Catarrh, Asthma, and Bronchitis.

O. C. Smith, Mt. Healthy, Ohio, writes: "Since using this Cabinet my Catarrh, Asthma, and Hay Fever, with which I have been afflicted since childhood, has never returned. Worth $1,000 to me. I have sold hundreds of these Cabinets. Everyone was delighted. My wife finds it excellent for her ills."

Whatever

everyone knows is beneficial, but other methods are crude and insignificant when compared to the convenient and marvelous curative power of this Cabinet, known as the new 1901 style

Quaker Folding Thermal

Bath Cabinet. We find it to be a genuine Cabinet, with a real door, opening wide, as shown in cut. When closed it is air-tight; handsomely made of best, most durable, water-proof goods, rubber lined. A heavy steel frame supports it, making it a strong and substantial bathroom within itself. It has top curtains; in fact, all the latest improvements.

The makers furnish an excellent stove with each Cabinet, also valuable recipes and formulas for medicated baths and ailments, as well as plain directions. It folds flat in 1 inch space, when not in use; easily carried; weighs but 10 pounds.

People don't need bathrooms, as this Cabinet may be used in any room, and bath tubs have been discarded since this invention, as it gives a far better bath for all cleansing purposes than soap and water. For the sick room its advantages are at once apparent. There have been

So-Called Cabinets

on the market, but they were unsatisfactory, inconvenient, simply cheap, flimsy affairs.

After investigation we can say the Quaker Cabinet made by the Cincinnati firm is the only practical article of its kind and will last for years. It seems to satisfy and delight every user, and the

Makers Guarantee Results.

They assert positively, and their statements are backed by a vast amount of testimony from persons of influence, that this Cabinet will cure nervous troubles, Debility, Purify the Blood, Beautify the Skin, and Cure Rheumatism. (They offer $50 reward for a case not relieved.) Cures the most obstinate cases of Women's Troubles, La Grippe, Sleeplessness, Neuralgia, Malaria, Headaches, Obesity, Gout, Sciatica, Eczema, Scrofula, Piles, Dropsy, Blood and Skin Diseases, Liver and Kidney Troubles. It will

known, and all those enjoying health should use it at least once or twice a week, for its great value is its marvelous power to draw out of the system all impurities that cause disease, and for this reason is truly a godsend to all humanity.

HOW TO GET ONE.

All our readers who want to enjoy perfect health, prevent disease, or are afflicted, should have one of these remarkable Cabinets. Space prevents a detailed description, but it will bear out the most exacting demand for durability and curative properties.

Write the only makers, the World Manufacturing Company, 3062 World Building, Cincinnati, Ohio, and ask them to send you their valuable illustrated book FREE, describing this invention and these remarkable baths. The price of the Cabinet is wonderfully low, only $5, complete, with heater, directions, and formulas. Also Prof. Gering's $2 Guide Book, Health and Beauty, free. Head attachment, if desired, $1 extra, and it is indeed difficult to imagine where one could invest that amount of money in anything else that guarantees so much health, strength, and vigor.

DON'T FAIL TO WRITE TODAY

for full information; or, better still, order a Cabinet; you wont be disappointed, as the makers guarantee every Cabinet and agree to refund your money after thirty days' use if not just as represented.

We know them to do as they agree. They are reliable and responsible; capital, $100,000.

The Cabinet is just as represented and will be shipped promptly. You can remit safely by express, P. O. money order, bank draft, or certified check.

Don't fail to send for booklet, anyway.

$150 a Month and Expenses.

This Cabinet is a wonderful seller. More than 20,000 were sold last month by agents, and the firm offers special inducements to both men and women, upon request, and to our knowledge many are making from $100 to $150 every month, and expenses. Don't fail to write them.

FIRED ON BY GYPSIES.

One of the Band Killed and a Deputy May Die.

ALTOONA, Pa., April 12.—In an encounter today between a band of robbers, gypsies, and a constable's posse at Summit, Deputy D. C. Tittler was mortally wounded, one gypsy was killed, and another badly hurt. The trouble grew out of the looting of a Duncansville store by the gypsies, who were driven out of this city by the police.

The members of the gang entered the store and took everything they wanted, after which they drove away northward. Constable Edward Brown organized a posse immediately and started in pursuit. The gypsies stopped at Summit. When the constable attempted to make arrests they opened fire, mortally wounding Deputy Tittler at the first volley.

The shots were returned by the officers and one gypsy was killed and one badly wounded. The band was captured today at Lilly and ten of the men sent to jail on the charges of murder, riot and robbery.

SERIOUS BICYCLE COLLISION.

George Ernest Thrown From His Wheel Under a Car.

George Ernest, fifty-five years of age, is a patient at the Casualty Hospital, because of severe injuries about the head and limbs, resulting from a collision last night with George Brown, a tinner, residing at 1124 H Street northeast. Both men were riding bicycles, and came together at First and H Streets northeast. The force of the collision threw Ernest beneath a car of the Columbia Railway, and he was badly cut and bruised. It is thought he will recover.

The accident took place about 6 o'clock, as Ernest was on his way down town. Brown was riding along H Street, east of North Capitol Street, and car No. 55, of the Columbia Line, was going west. After crossing First street, Ernest rode almost alongside of the car, which was going at a fair rate of speed. Brown appears to have been riding on the right hand side of the car track. He and Ernest made an attempt to cross the street ahead of the car. Their wheels collided, and both men were thrown to the ground.

Ernest fell, striking on his head, and rolled under the car, in charge of Frank Rank, conductor, and George Wilding, motorman. Wilding put on the brakes and brought the car to a standstill within a few feet, it is said, and, with several others, went to the assistance of the injured man, beneath the car. Ernest was picked up and word sent for the ambulance.

The physicians found that Ernest was unconscious, and had sustained three bad cuts on the head and face, besides a contusion of the right leg, and numerous bruises. The wounds were dressed and stimulants applied. During the evening the patient improved, regaining consciousness. News of the accident was sent to his wife and family by the police. Mrs. Ernest called at the hospital to see her husband. Another caller was Lieutenant Moore, of the Sixth precinct station, but Ernest was unable to tell much about the accident. Lieutenant Moore heard his meagre statement, however. No arrests were made last night. Ernest lives at 629 Eleventh Street northeast. He has five children. He has been employd as a watchman by Woodward & Lothrop for about eight years.

SLOWLY NEARING THE END.

Death of Col. James G. Berret Now Hourly Expected.

Col. James G. Berret, who has been hopelessly ill at his home, 1535 I Street northwest, for the past ten days, was pronounced much worse at a late hour last night, and was expected to die at almost any time.

Colonel Berret sank early last night into an unconscious condition, from which he had not recovered at a late hour. His physician, Dr. J. Taber Johnson, was able to offer no encouragement to the members of the family gathered at the bedside.

Dr. Johnson said the patient had grown much weaker, and that his death was only a question of hours.
