AFFAIRS OF THE DISTRICT

The Law Requiring Bond for the Use of the Fish Wharf.

Secretary Tindall Calls Attention to an Old Law and Suggests Reference to Attorney—The Alley in Square 225—The Tax Sale Barred.

Dr. William Tindall, Secretary to the Board of Commissioners, has informed them that T. W. Riley and W. W. Riley have not yet given bond, as required by law, for the use of the fish wharf. Dr. Tindall further states that the Rileys say they do not see the need of giving the bond, as it has not been required since they held the privilege. Dr. Tindall suggests that the opinion of the Attorney be obtained upon the points, whether the law requiring the bond and return of one-fourth of the gross amount received for wharfage is still in force, and what steps should be taken to enforce the District's rights in the matter.

Dr. Tindall encloses the following memorandum of the law as contained in Webb's Digest, for the information of all concerned:

"The law of the corporation of Washington requires that 'the owner or proprietor of the site established as a fish wharf and dock shall * * * return to the Register one-fourth of the gross amount received for wharfage, for the use, benefit, and revenue of said corporation.' Is this law still in effect? It does not appear to have been enforced since the revocation of the charter of the city of Washington, presumably from the fact that section 14 of the act of the Legislative Assembly entitled 'An act prescribing the duties of certain officers for the District of Columbia and fixing their compensation,' approved August 23, 1871, does not include that provision.

"But the act of the Legislative Assembly entitled 'An act to provide temporary officers for the cities of Washington, Georgetown, and the county of Washington,' approved June 2, 1871, creates the office of Register, and in section 3 prescribes 'that the functions of the several officers and the duties, salaries, and fees of the said several officers shall be the same as are now defined by the acts of Congress and the laws and ordinances of the corporations of Washington, Georgetown, and the Levy Court for the offices and officers of like designation so far as they may be applicable and not in conflict with the act of February 21, 1871, as aforesaid.'

"The act of the Legislative Assembly entitled 'An act creating certain offices in and for the District of Columbia and authorizing appointments thereto,' also creates the office of Register, but does not define or refer to the nature of his duties.

"Section 14 of the act of the Legislative Assembly of August 23, 1871, before referred to as not embracing the law on the subject in Webb's Digest, does not in terms exclude that law."

The Commissioners yesterday granted a hearing to any persons who might wish to offer objections to the plan of lowering the grade of the alley in square 225, bounded by Fourteenth, Fifteenth, and F Streets and Pennsylvania Avenue northwest. The case is one of considerable interest to several parties, and they, with their attorneys, were present to present their views at the hearing.

H. A. Willard, who owns the Kellogg Building, and Joseph Willard, who owns Willard's Hotel, were present, the former being represented by Attorney Jere M. Wilson, and the latter by Attorney J. J. Darlington, and Bernard R. Green. Attorney Chapin Brown was also present, representing the owners of the Columbia Hotel, or the old Owen House.

It appears that H. A. Willard is opposed to the lowering of the grade of the alley, Mr. Wilson explaining that he feared it would endanger the foundations of the Kellogg Building, while Mr. Brown also objected to the lowering of the grade of the alley adjacent to the Columbia Hotel.

It is understood that Joseph Willard favors the making of the proposed improvements, but at the request of Mr. Wilson the hearing was postponed until 3 o'clock p. m., April 25, in order to allow the Engineer Department to prepare detailed information as to the grade to be adopted.

Charles C. Colison has requested of the Commissioners that the tax for 1885 against sub-lot 50 and part of sub-lots 8 and 9, square 383, be canceled, the same having been omitted from tax certificate No. 6,525. In his report upon the application H. H. Darneille, the Assessor, submits the following facts of record:

"Certificate No. 6,525 was issued February 21, 1893, to Charles C. Colison, on sub-lot 50, square 383, of original lots 8 and 9, which omitted the tax for 1885, against the west part of lot 8, which part is wholly embraced in sub-lot 50.

"By deed recorded 24th day of February, 1893, conveyance was made to said Colison from Jacob S. Redman, and as sworn to in the accompanying petition, on the faith of the certificate of February 21, 1893.

"This case comes within the provisions of the act of May 13, 1892, relating to tax sales and taxes, and it is, therefore, recommended that the collection and recovery of the tax for 1885 in the amount of $16.59 against the west part of original lot 8, included in sub-lot 50, square 383, be barred as to any purchaser subsequent to issue of certificate No. 6,525, dated February 21, 1893, and so noted on the records of this office."

Walter C. Allen, the Electrical Engineer, has called the attention of the Commissioners to the need of a cable to carry the District wires across the Navy Yard Bridge. He suggests that the Anacostia and Potomac River Railway Company be requested to make a deposit of $384.20 with the Collector of Taxes for the cost of such a cable. In reference to the matter Mr. Allen says:

"Several times recently the wires of this department on the Navy Yard Bridge have been broken and the fire alarm and police patrol instruments connected to them damaged by the wires coming in contact with the trolley wires on the bridge. The telephone company has experienced similar trouble with their wires, the jarring of the bridge by the passage of the heavy cars over it causing the wires to break and fall over the trolley wires. To remove this difficulty, the telephone company has placed its wires in a lead covered cable.

"After several conferences with the railroad officials they have agreed to pay for the cable for the District to replace the individual wires across the bridge. I obtained a price of 22.6 cents per foot for this cable from the Standard Underground Cable Company, who have a contract to furnish cable for this department.

"I therefore recommend that the Anacostia and Potomac River Railroad Company be requested to make a deposit of $384.20 to cover the cost of the 1,700 feet of cable needed for the bridge; the cost of installation will be borne by this department.

The Commissioners yesterday issued orders that public work be done, under the provisions of the assessment system, as follows:

To set new granite curb on the north side of Virginia Avenue southeast, from Ninth Street to Tenth Street, at an estimated cost of $353, to be assessed against lots in square south of square 951, abutting on said Virginia Avenue between the limits named.

To set new granite curb on both sides of F Street northeast, from Fourteenth Street to Fifteenth Street, at an estimated cost of $1,130, to be assessed against lots in squares 1051 and 1052, abutting on said F Street between the limits named.

To set new granite curb and lay cement sidewalk on the south side of New York Avenue northwest, from Twelfth Street to Thirteenth Street, and from Twelfth Street eastward a distance of 138.83 feet, and on the south side of I Street northwest, from Eleventh Street westward a distance of 73.42 feet, at an estimated cost of $2,750, to be assessed against lots in squares 318 and 287, abutting on said New York Avenue and said I Street between the limits named.

W. L. Wilkerson, of 633 F Street northwest, has returned to the Commissioners a bill for water rent against premises 722 Thirteenth Street northwest, and states under oath that the house was vacant during the months of July and August, 1900. H. L. Karpeles, Acting Chief Clerk of the Water Department, after an investigation, has recommended that the refund be made on the ground that the amount of $160 was erroneously paid. This recommendation has been approved by the Commissioners.

P. A. Bowen, jr., of 1410 G Street northwest, has requested the cancellation of special assessments levied against sublots 15, 16, and south part of lot 10, square 487, in the name of Mary Louise Kenady. Acting upon the advice of the Special Assessment Clerk, the Commissioners have voted not to grant the request, as the assessments were levied according to law.

Walter C. Allen, the Electrical Engineer, has informed the Commissioners that his department is taking down two poles on U Street, between Sixteenth and Seventeenth Streets northwest, and he recommends that one of these poles be re-erected at the corner of Twenty-second Street and Newport Place. This recommendation the Commissioners have approved.

A. O. Tingley, Secretary of the North Capitol and Eckington Citizens' Association, has forwarded to the Commissioners a communication, informing them that the association at its last meeting took action protesting against the practice of driving hogs through any of the streets in that section of the town. Mr. Tingley states that it is a common occurrence to see these animals run over front yards, and in hot weather they have to be sprayed with water while en route in order to keep life in them until they reach the slaughterhouses, a wagon following behind to pick up those that are overcome with the heat.

Mr. Tingley states that the practice of driving hogs at night affords no relief, as the noise wakes up the people who are fortunate enough to be asleep. He says the stench from the passing droves is intolerable at times.

Secretary Hay has forwarded to the Commissioners for the information of the District Fire Department a copy of the proceedings of the Grand International Council of Firemen, held in August of last year at Paris. Mr. Hay states that the pamphlet was forwarded by the United States Minister to Belgium.

A. W. Breslin has written to the Commissioners complaining of the depredations of the fowls of his neighbors, which run at large in the block where he resides. He desires to know whether there are any regulations which prohibit the roaming of fowls about the streets and alleys of the city. Mr. Breslin also desires to know whether the ash collector can be required to remove a large pile of ashes which has accumulated in his yard.

By order of the Commissioners J. A. Neville has been appointed chainman in the Surveyor's office at a compensation of $2.25 per day, to take effect when he reports for duty.

It has been ordered by the Commissioners that the proposal of the Cranford Paving Company, dated April 12, 1901, to grade and improve the grounds of the Whitney Avenue Truckhouse for the sum of $815.65, be accepted.

The Commissioners have approved the recommendation of the Inspector of Buildings that the samples of hardware which have been submitted by the Russell & Erwin Co. be accepted for use in the new police station on Whitney Avenue.

READY COOKED FOOD.

A Great Convenience for Housekeepers.

Two young ladies in a certain city are employed down town and rent a small flat, where they do light housekeeping. Frequently they are invited out evenings and the subject of meals is a puzzler.

Of late they have solved the problem by keeping some nice rich milk or cream convenient and a package of dry, crisp Grape-Nuts near by.

In thirty seconds the meal is ready and it is a most fascinating meal, too, for the creamy taste blends with the peculiar delicate sweet of the grape sugar in the Grape-Nuts, producting a never-to-be-forgotten flavor. The sustaining power of the food is sufficient to keep one well nourished, even when a small amount is used.

WARNED BY THE JUDGE.

Fears of Trouble While a Divorce Case Was Being Heard.

Thomas J. Sweeney was arrested yesterday on a bench warrant by Deputy Marshal Turner and called to testify in open court in the suit for divorce instituted by Elizabeth Griffith against her husband, George M. Griffith. Sweeney is the witness who, while testifying in the same suit before Examiner Rutledge Wilson, was attacked by Mrs. Griffith. She struck him with her fist and also hurled an ink well at him. The missile missed Sweeney and struck Mrs. Griffith's attorney in the face.

Mrs. Sweeney, the wife of Thomas J. Sweeney, was also present yesterday during the proceedings. She and her husband are not on the best of terms, and while he was giving his testimony she left her seat in the back part of the courtroom and went nearer to where Sweeney sat. When she did so Sweeney rose from his chair and faced her. Those present believed that Mrs. Sweeney was about to create a scene, but Justice Bradley, who presided at the hearing, calmed all fears by stating that if any attempt at violence was made the guilty person, man or woman, would be immediately committed to jail for contempt. Sweeney then continued his testimony and his wife was called as a witness.

LAWTON'S YACHT EXAMINED.

Barrie, the Shamrock II's Designer, Inspects the Independence.

BOSTON, Mass., April 17.—David Barrie, Sir Thomas Lipton's representative, saw the Independence on the stocks this forenoon, but the designer, Mr. Crowninshield, says he threw no bouquets after examining the craft. Mr. Barrie visited the Atlantic Works with Mr. Crowninshield, and, in going over the boat, her designer pointed out the variations in her model from the modern 90-footers.

He was a very close observer, but declined to make any criticisms of any sort. It was evident from his conversation that he considered the Boston boat a pretty likely craft. Mr. Barrie invited Crowninshield to visit the Erin and Shamrock II, when they reached Sandy Hook, and promised the Boston designer a photograph of the new challenger as soon as she was under sail

Captain Haff is expected in Boston on Saturday, or the first of next week, and the members of the crew will be called together immediately after the skipper's arrival.

STOLEN TEAM RECOVERED.

Detective Muller Finds Missing Horse and Wagon in Virginia.

The horse and wagon said to have been stolen by Joseph Parks from Megrath & Kennelly, livery stable proprietors, at 211 Eleventh Street northwest, several days ago, was recovered last night by Detective Muller, after a ride of twenty miles into Fairfax County, Va. It now appears that Parks, who was arrested in Baltimore, Md., Monday, and brought here Tuesday for trial, hired the horse and buggy Saturday and drove into Virginia. He claims to have met a farmer, who offered him $10 for the horse and rig, and the bargain was shortly afterward completed. Parks then returned to this city and then went to Baltimore, where he lives.

After his arrest on complaint of Megrath & Kennelly the prisoner told the detectives that he had sold the team to a dairyman named Elgin. Until recently Parks was employed by the Florida Fruit and Wine Company, with an establishment at 152 Fort Avenue, Baltimore.

DOES NOT DISAPPOINT.

The New Discovery for Catarrh Seems to Possess Remarkable Merit.

A new catarrh cure has recently appeared which so far as tested has been remarkably successful in curing all forms of catarrh, whether in the head, throat, bronchial tubes, or in stomach and liver.

The remedy is in tablet form, pleasant and convenient to take and no special secrecy is maintained as to what it contains, the tablet being a scientific combination of Guaiacol, Eucalyptol, Sanguinaria, Hydrastin and similar valuable and harmless antiseptics.

The safe and effective catarrh cure may be found at any drug store under name of Stuart's Catarrh Tablets.

Whether the catarrh is located in the nose, throat, bronchial tubes or stomach, the tablets seem to act with equal success, removing the stuffy feeling in head and nose, clearing the mucous membrane of throat and trachea from catarrhal secretions, which cause the tickling, coughing, hawking, and gagging so annoying to every catarrh sufferer.

Nasal catarrh generally leads to ulceration in some cases to such an extent as to destroy the nose entirely and in many old cases of catarrh the bones of the head become diseased. Nasal catarrh gradually extends to the throat and bronchial tubes and very often to the stomach, causing that very obstinate trouble, catarrh of the stomach.

Catarrh is a systemic poison, inherent in the blood, and local washes, douches, salves, inhalers and sprays can have no effect on the real cause of the disease. An internal remedy which acts upon the blood is the only rational treatment and Stuart's Catarrh Tablets is the safest of all internal remedies, as well as the most convenient and satisfactory from a medical standpoint.

Dr. Eaton recently stated that he had successfully used Stuart's Catarrh Tablets in old chronic cases, even where ulceration had extended so far as to destroy the septum of the nose. He says: "I am pleasantly surprised almost every day by the excellent results from Stuart's Catarrh Tablets. It is remarkable how effectually they remove the excessive secretion and bring about a healthy condition of the mucous membranes of the nose, throat, and stomach."

All druggists sell complete treatment of the tablets at 50 cents and a little book giving the symptoms and causes of the various forms of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

GUARD ATHLETIC MEET.

Programme at Centre Market Armory Tomorroy Night.

The Athletic Association of the District of Columbia National Guard will hold its third annual indoor games tomorrow night in the Centre Market Armory.

The programme will be the most attractive ever presented by the Guards' Association and the athletic features will alternate with a number of high-class specialties.

With the exception of the first number, which is the 50-yard dash and open to all amateurs, the contests are for the championship of the local National Guard, and on account of the strong rivalry between the various companies the events promise to be well contested.

The National Guards Band will furnish music during the evening and after the contests prizes will be awarded the winners by the general commanding the District militia. Admission will be strictly by card. Non-competing officers and members of the Guard are expected to appear in unifrom.

Following is the complete programme to be presented:

Fifty-yard dash, open; 50-yard dash and return in heavy marching order, A. A. D. C. N. G. championship; exhibition trick rings, parallel bars, and club swinging, Messrs. Orlander Ross and W. H. Loveless; pole vault, A. A. D. C. N. G. championship; acrobats, Del Ray Brothers; potato race, A. A. D. C. N. G. championship; exhibition wrestling, Messrs. James D. McQuade and Carl Mueller; running high jump, A. A. D. C. N. G. championship; brother act, Prof. Joyce and Master Ted Clinton; tug of war, A. A. D. C. N. G. championship; contortionists, Howard and Leigh, of the Burnt Cork Club; half-mile run, A. A. D. C. N. G. championship; exhibition boxing, Messrs. Sheehy and Mulligan; match relay race; Washington's trick and tramp bicyclists, Messrs. Myron Baker and Doc Armstrong; N. G. relay, A. A. D. C. N. G. championship; special relay, juniors; obstacle race, A. A. D. C. N. G. championship.

SENATORS' FIRST APPEARANCE.

Washington Team to Meet Georgetown Saturday.

The first appearance in this city of the Washington baseball team of the American League will be next Saturday afternoon, when the Senators will cross bats with Georgetown on Georgetown Field. A second game will be played with the college boys on Monday, April 22. It was originally intended that the games should be played at the new American League park. The grounds there will hardly be in shape by that time, and it has been decided that the contests will take place at Georgetown Field.

After reveral changes in the dates it has been decided that the games between Georgetown and the University of Virginia will be played in this city on Friday and Saturday, April 26 and 27 on Georgetown Field, and at Charlottesville, Va., on May 4. The Georgetown-Virginia game always excites the greatest interest among the followers of the two institutions in this city.

CARRICK GIVES HIS REASONS.

The Pitcher Tells Why He Refused New York's Offer.

NEW YORK, April 17.—William Carrick, formerly pitcher with the New Yorks and now with the Washington American League club, has something to say why he did not sign with the New York club again this season. The following, dated Hampton, Va., comes from Carrick:

I have seen statements that I demanded an exorbitant price for my services this season, regardless of the kind and generous treatment that I have received from the New York Club. These are the facts: Last season they sent me a contract calling for $1,500, a very small raise from my 1899 salary; so I wrote the management asking them to make it $1,800, but did not even get an answer. Rather than not play ball at all I worked for that sum last season, and worked hard, hoping what I asked for would be made up at the end of the season, or at least recognized in this season's contract.

My contract for 1901, called for $2,000, $500 more than last season; but I feel that $300 was due me on last season's work. Hence I did not appreciate the advance, and especially as I had been offered much more by Washington.

WILLIAM CARRICK.

The Abbott-Cresceus Race Off.

TOLEDO, Ohio, April 17.—The race between The Abbott and Cresceus at Brighton Beach is off. Mr. Ketcham, owner of Cresceus, returned the contract to New York this morning, claiming that the conditions were not in accord with the original verbal agreement.

A HAPPY CHILD

is one who grows, without interruption of health, from a baby up—except the inevitable diseases of children.

And Scott's emulsion of cod-liver oil has done more, in the 26 years of its existence, than any half-dozen other things, to make such children.

It keeps them in uninterrupted health. It is food that takes hold at once, whenever their usual food lets go.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

DEFEATED THE ITHACANS

Cornell Proves Easy for the Georgetown Ball Tossers.

Seven Costly Errors Tell the Story of the Game—Apperious' Sensational Catch a Feature—Captain Walsh as a Base Stealer—The Score

Hugh Jennings' red-stockinged warriors from Cornell proved themselves inferior to the Georgetown University ballitossers yesterday afternoon. The Ithacans were defeated on Georgetown Field by a score of 7 to 5. The principal feature of the game was the manner in which the Blue and Grey was helped along to victory by costly errors on the part of the Ithacans. Seven black marks made a dark showing for the visitors' error column and nearly everyone was in part responsible for Georgetown's runs.

Fay was on the rubber for Georgetown and for the first five innings he did splendid work, allowing the Ithacans but two singles. After that the representatives of the red and white began to push out an occasional timely hit, and, at the end of their half of the seventh were one run to the good.

Blewett replaced Fay in the middle of the seventh inning and put a decided crimp in Cornell's run-getting ability. Fay had pitched good ball up to this point and six of the Cornell batters had gone to the bench after vainly having swiped the air.

In Georgetown's half of the seventh inning, Walsh did some daring base-running and scored on a much needed single by O'Hara. When his team mates came to bat in the following inning, two more runs gave the Blue and Grey a total of 7, and the game closed with the score at that figure.

The day was ideal for baseball and a large crowd witnessed the game. The Georgetown rooters displayed little enthusiasm until Cornell tied the score. Then a little lively cheering was indulged in. After Georgetown was safe once more the enthusiasm again subsided and not even the college yell was heard when the game closed.

Cornell went first to the plate. Fay started off by striking out Brewster. Lyon secured a hit, but failed to get further than second. The side was retired by Robertson and Harvey going out. Georgetown fared worse than the visitors in their half of the first. They did not get a hit. Drill walked to first and got around as far as the third corner of the diamond on a wild pitch. Connors and Moran went out on flies, and Walsh struck out.

An easy grounder fielded to first and two infield flies easily gathered in was the fate of Drake, Chase, and Costello, when Cornell came to bat. Georgetown scored their first run in this inning. An error by Harvey permitted O'Hara to gain the initial bag. Devlin sacrificed, advancing O'Hara to second. Apperious drove a long fly into deep left, where it was muffed by Brewster, while O'Hara scored. Dowling flew out to centre, and Fay's out retired the side.

Brewster partially redeemed his muff of Apperious' fly in the third by driving out a single, after Brown and Whinnery were both put out, the former at first and the latter on three strikes. In Cornell's half of the fourth, Brewster ventured too far off the first cushion and was put out by Devlin on a quick throw by Fay. Drill lined out a single in the third. Connors and Moran were then both put out. Moran drove out a long fly, of which Lyon made a sensational running catch. Captain Walsh proved the salvation of his team by contributing a single, which scored Drill. Then Walsh stole second, and, before anyone realized it, had purloined the third cushion. O'Hara walked to first, and then Devlin smashed out a single, scoring Walsh. O'Hara was cut off at third.

Neither team made a score or a hit in the fourth, and not a runner progressed farther than first base. Fay struck out Chase and Brown in the fifth, and Costello's out retired the side.

"How to Help the Other Side Get Runs" was the principle which the Ithacans illustrated when Gebrgetown came to bat. Connors flew out to right field. Moran secured a single and the comedy of errors began when Walsh drove a high fly right into the hands of Brewster, who dropped the ball. Moran reached second. Chase tried to catch him napping at second, but was unsuccessful. The ball hit Moran on the thigh and rolled into the outfield while he galloped home, and Walsh, who had been waiting on first, reached third in the meantime. The Ithacans then braced up and retired the side in quick order.

The visitors went to work in clever style in the sixth. Brewster and Lyons were both hit by pitched balls. Robertson scored the former with a single and himself went to second when Harvey walked to first. Drake scored Lyon on a timely single and Robertson was cut off in a daring slide to the plate. Chase retired the side by striking out. Apperious donated a single when he stepped to the bat for Georgetown, but was forced to stand on the initial bag while Dowling, Fay and Drill went out in order.

Cornell went one point to the good in the sixth, and their followers in the grandstand did a little rooting. Costello went to first on a hit, and was advanced when Brown walked. Whinnery made the only two-bagger of the day and Costello scored. Brewster hit an easy grounder, which Fay juggled, permitting Brown to score. Blewett then went in the box in place of Fay. Lyon hit a high fly to Moran. Robertson drove out a long one, and it looked as if it would roll into the gully west of the grounds and be good for a home run. Apperious made a long sprint and a sensational catch of the fly, which won him plaudits. Whinnery scored after the fly had been caught. Harvey then flew out to Moran.

The Georgetown rooters began to cheer but at first their enthusiasm seemed to have little effect. Connors and Moran both went out on outfield flies. Captain Walsh bunted, and beat the ball to the base. He then stole second and also third by the boldest kind of base running. O'Hara scored him with a single, and the score was tied. O'Hara stole second just before Devlin made the third out of the inning. One, two, three was the way the Ithacans went out in eighth.

When Georgetown came to bat Apperious opened up matters with a single. Dowling gained first on an error by Costello, and Apperious scored when Robertson threw wild over Costello's head. He was followed across the plate by Dowling. Thus Georgetown was two runs to the good and so the game closed. After that the batters were retired as fast as they went to the plate. Cornell was unable to place a man on first in their half of the ninth. The score:

Heurich's beers never follow, but always lead in popularity, because they are brewed of the best malt and hops. Ask for Heurich's at all leading hotels and restaurants, or phone West 34. Arlington Bottling Co., for a case of Maerzen, Senate, or Lager.

"Hecht's Greater Stores"
513-515 Seventh Street.

4,000 men's spring suits under regular price!

The entire surplus stock—consisting of the overproduction and cancelled orders of the well-known clothing manufacturers, Leon Wechsler, of 721-723 Broadway and 266-268 Mercer Street, New York—has been purchased at a considerable reduction on regular prices and is offered, beginning this morning, just as we secured it.

The purchase is the largest that has ever been made by any local concern and the sale is important because the clothing is of the very highest grade—in materials and workmanship, and because it is offered at much less than regular prices. Nine out of ten clothiers making such a purchase at this time would put it in regular stock and get regular prices for it, fearing that such a sale would interfere with the selling of their regular stock, which at this time is necessarily at its best.

We have taken no such view, for we know that we shall be able to turn these over to you in a hurry, and in doing so we shall make a host of friends.

Every garment in the 4,000 goes in the sale—tables are stacked high with them—the front windows have been filled to give you an idea of the very great values.

As stated above, this clothing is of the very highest grade, for this concern makes no cheap garments, and we unhesitatingly stand back of every sale by guaranteeing you satisfaction as to the wear—the workmanship and the lasting appearance of every suit.

$7.75
for men's suits worth up to $12.50.

In the first lot are to be found a complete assortment of fancy worsteds and cheviots—striped cheviots in splendid variety—embracing the newest ideas—the most desirable patterns.

$11.50
for men's suits worth up to $17.50.

In this lot are suits of Oxford cheviot—fancy check cheviots and worsteds—striped flannels, cheviots and worsteds—plain black and blue cheviots and black Thibets—English-wale worsteds and basket weaves—an immense variety.

The enormous stock comprises suits in all sizes and all proportions—in other words, men of every build can be fitted, so great is the variety of sizes.

And the best part of it is that you don't need ready money to take advantage of the offering, for you may have the amount of your purchases "charged" and arrange to pay as is convenient to you.

A CRUSHING DEFEAT.

Gallaudet Drubbed by the University of Maryland.

The University of Maryland baseball team administered a crushing defeat to Gallaudet yesterday afternoon on Kendall Green. The Marylanders batted the ball about the field and ran bases until they were tired. At the end of the game the score stood 22 to 1 in their favor. Rosson, who showed such good form early in the season, was on the rubber for the Mutes. The visitors had little trouble in finding him for singles, doubles, and triples whenever they deemed it necessary.

Burns pitched for Maryland. His work was excellent, and he was given splendid support. Gallaudet scored their only run in the third inning. Andree's three-bagger bringing in the run. The steady bombardment of the visitors seemed to discourage the Mutes, who played like schoolboys. Andree, Hunter, and Carpenter did the best work of the Gallaudet players, while Sheely, Taylor, and Burns were the stars for Maryland.

Score by innings:

Gallaudet	0	0	1	0	0	0	0	0	0	—1
Maryland	1	1	2	1	8	4	1	3	1	—22

Batteries—Gallaudet, Rosson and Andree; University of Maryland, Burns and Madison.

Georgetown Freshmen Win.

The Georgetown freshmen baseball team defeated yesterday afternoon the Business High School. The game was called on account of darkness, and at the first of the sixth inning the score stood 7 to 6 in favor of the High School. The record score, however, goes back to the end of the fifth inning, when it stood: Freshmen, 6; Business High School, 4.

Yesterday's Baseball Scores.

At Lexington, Va.: Washington and Lee University, 6; Virginia Military Institute, 5.

At Princeton, N. J.:

	R.	H.	E.
Princeton	4	6	0
Lehigh	0	1	0

Batteries—Underhill, Ameli and Green; Hamilton, Taylor and Persons.

At New Brunswick, N. J.: Pennsylvania, 11; Rutgers, 3.

At Worcester, Mass.: Holy Cross, 13; Trinity, 12.

At Brooklyn, N. Y.:

	R.	H.	E.
Toronto	2	0	0
Brooklyn	0	0	1

Batteries: Madison, Altrock and Bemis; Kitson, McJames, McGuire and Steelman.

At New Haven:

	R.	H.	E.
Yale	1	5	0
Amherst	0	0	0

Batteries: Sharpe, Robertson and Hirsh; Dunlevy and King.

Putting Age on Whiskey

does no harm—if the whiskey was right at the start. It does no good if the whiskey wasn't right.

Aging whiskey simply concentrates bulk, if carried in wood. It loses water and gains in percentage of acid.

But these changes have nothing to do with its effect on the human system.

MYERS' PURE MALT WHISKEY

has every advantage that can come from age—aroma, flavor, mellowness—and every additional advantage that can come from perfection in manufacture.

It is a generous product, put up in generous bottles. There isn't a thought of skimp or mean economy about it.

Your physician will tell you how precious a pure, properly made whiskey is.

Get the little booklet "The Truth," free at any grocery or liquor store. Angelo Myers gives vital information through it.

FAVOR THE OLD RULE.

A Batter May Get a Base When Hit by a Pitched Ball.

President Nick Young said last night that he had received replies from a majority of the league clubs favoring a return to the old rule giving a player his base for being hit by a pitched ball unless he plainly avoided making any effort to get out of the way of the ball from the pitcher and thereby permitted himself to be so hit.

This rule was abolished at the spring meeting, but so many protests have been made against it that the question was submitted to the different clubs. In view of the replies already received the rule will undoubtedly be reinstated.

JACK SHERIDAN'S ILLNESS.

Said to Be Suffering From a Mental Derangement.

CHICAGO, April 17.—Jack Sheridan, the American League baseball umpire, was brought to Chicago today in charge of friends. He is said to be suffering from mental derangement.

While on his way from San Jose, Cal., to Chicago Sheridan got off the train at Marceline, Mo., where he was taken into custody because of his strange actions. It is reported that he donned his baseball suit, went out on the street, and began umpiring an imaginary baseball game.

When President Johnson of the American League heard of his condition he telegraphed that the patient be sent here immediately.

THE RACING CALENDAR.

Results at Aqueduct.

AQUEDUCT, April 17.—Results of today's races—track good:
