THE MARKETS.

Prices of Stocks Dance Up and Down in a Most Confusing Manner.

Everybody Still Anxious to Know What Vanderbilt Will Do.

NEW YORK, May 21.—The share speculation to-day was exceedingly erratic. At times the market was positively strong, and again at intervals there were periods of depression. During the morning there were rumors afloat that certain large houses were in trouble; that their suspension was likely. Subsequently the failure of a small stock concern was made public, but no other suspensions of firms were announced. The market opened irregular but lower, and then advanced ¼ to 1 per cent. Before the first call a vigorous attack was made on the coal shares, and round amounts of long stock were shaken out. The shares were depressed on reports that the question of curtailment of production during June would probably result in the disruption of the coal combination. Reading and Jersey Central were also affected by the issuance of scrip by the former company. The general market declined sharply in sympathy with the break in the anthracite coal shares. Canada Southern dropped 1½ to 37; Northwestern, 1½ to 100½; Missouri Pacific, 2½ to 63½; New York Central 1 to 109½; Northern Pacific preferred, 2¾ to 45; Oregon Transcontinental, 1½ to 12⅜; Pacific Mail, 1 to 36½; Union Pacific, 1½ to 42, and Western Union, 1⅝ to 53. The last mentioned soon became strong, rising 2⅜ to 55⅜, and this changed the tem per of speculation and a sharp demand set in for all the active stocks, prices moving up ½ to 2½ per cent.

In the afternoon the failure of the Penn bank of Pittsburg was reported, and this occasioned a fresh selling movement. It was also rumored that institutions at Philadelphia were in trouble.

Near 2 p. m. there was a sudden and sharp change for the better, and many of the leading stocks commanded a premium for use. In the improvement Northwestern, St. Paul, Lackawanna, Louisville and Nashville, Lake Shore, Missouri Pacific, Pacific Mail, and Western Union were most prominent, and advanced to the highest point of the day. Near the close Union Pacific was hammered down to 40 by one of the leading bear operators. Private advices were received from Omaha to the effect that Ames and Adams, of the Union Pacific, had found the affairs of the Union Pacific in a much worse condition than expected, and that they were utterly helpless to improve the situation. The official advices, however, were exactly to the contrary. The drop in Union Pacific caused a decline of ½ to 1½ per cent. in the general list. The market closed irregular, with Western Union noticeably strong at 55.

It is reported that the short interest in the market has been increased during the past two days, mostly by the room operators, rather than by the large bear houses.

The Boston *Transcript* says the April earnings of the Union Pacific promise to show a decrease of between $400,000 and $500,000, making about $2,000,000 loss since Jan. 1.

Charles Head & Co., in their circular letter, say the decline in Missouri Pacific was due to Sage's attempts to realize on his holdings. Mr. Sage's delay in settling his outstanding contracts, and its effect on the market are severely criticised. A prominent banker said to-day that he believed the trouble over Sage's "puts" had caused great uneasiness in stock exchange. Had he met his obligations promptly, the large holders would have shown no anxiety to "put" stocks, a number of the privileges running until September and October. It was stated last evening that at a conference held between Sage, Gould and Connor the former had decided to open his doors this morning and take all stock delivered. The morning papers say this statement was handed to the reporters at the close of the conference near midnight.

A London special says: With the exception of Atlantic and Great Western seconds, which advanced ½, the market for American securities shows a further decline of ¼ to 2½ per cent. The additional details affecting the integrity of the corporate management of the financial and railroad institutions had a most demoralizing effect. Vanderbilt has had time to consider his cables from New York and the financial situation here, but has not manifested his intention regarding the market. The effect of his operations will be felt in New York before it is known in London.

London is buying sparingly. Von Hoffman says our advices (referring to European account) are mixed. We are trading in small lots for both accounts.

J. L. Brownell & Co., a small house, has failed.

Russell Sage is receiving notices of stock to be put to him to-morrow. He had a quantity of Northwestern put to him to-day. The privilege on the stock was issued four months since at 143–113, expiring this week.

Directors of Pacific Mail will close their transfer books at 3 p. m. on the 23d instant for the election on the following Wednesday.

There has been considerable scalping to-day. The Liverpool people sold at the opening, and the Germans bought sparingly. To-day's port receipts are the smallest at this time of the year for many years. The market is sensitive to Wall street rumors, and sympathizes with stock fluctuations. The feeling of traders is mixed.

Sales of stocks to-day aggregate 435,261 shares, including the following: Delaware, Lackawanna and Western, 21,807; Denver and Rio Grande, 4,445; Erie, 11,510; Kansas and Texas, 40,001; Lake Shore, 29,375; Louisville and Nashville, 18,840; Missouri Pacific, 21,370; Memphis and Charleston, 6,900; Northwest, 15,050; New Jersey Central, 4,050; New York Central, 4,530; Pacific Mail, 5,885; Reading, 15,930; St. Paul, 5,550; Union Pacific, 56,960; Western Union, 38,635; Northern Pacific preferred, 10,346; Oregon Transcontinental, 6,100.

GRAIN AND PROVISIONS.

Sales—Wheat, 255,000 bushels; corn, 75,000 bushels.

THE COURT RECORD.

Business Transacted by the District Judiciary Yesterday.

Court in General Term—Chief Justice Cartter and Justices Wylie and James.—Mackall vs. Mackall; on hearing. Assignment for to-day unchanged.

Circuit Court—Justice Hagner.—Central National bank vs. Fanning; verdict for defendant. Batters vs. Smith; jury out, with permission to bring in a sealed verdict. Assignment for to-day—Nos 14, 20, 24, 31, 35, 36, 37, and 38.

Criminal Court—Justice MacArthur.—Louis Karcher, murder of J. W. Grimes; on trial. Assignment for to-day unchanged.

Equity Court—Justice Cox.—United States vs. Howgate; appearance of absent defendant ordered. Halloway vs. Mason; plaintiff's administrator ordered to revive cause within twenty days. Newcomer vs. Swann; sale finally ratified. Swann vs. Swann; sale finally ratified. Stickney vs. Stickney; sale finally ratified. Allgair vs. Dennis; security for costs ordered. Collins vs. Johnson; order dismissing bill. Jardella vs. Bulger; time to take testimony limited to twelve days. Guest vs. Guest; sale ratified nisi and cause referred to the auditor. Henery vs. Brookes; amendment of former decree ordered. Coggins vs. East Washington Building Association; leave to file amended bill. Willis vs. Doyle; retaxation of costs ordered. Dowling vs. National Savings bank; injunction denied and rearraining discharged. Davis vs. Trackie; complainant adjudged a competent witness. Scott vs. Scott; divorce granted. Barbour vs. Leddy and Leddy vs. Leddy; reference to the auditor. Assignment unchanged.

Bonds Redeemed.

The secretary of the treasury has been informed that the assistant treasurer at New York had yesterday redeemed $4,000 in bonds of the 126th call, and $30,000 in bonds of the 127th call. The total redemption of bonds at the treasury department under the three last calls is as follows: 125th call, $7,399,600; 126th call, $5,392,450; 127th call, $757,800. The surplus at the treasury yesterday amounts to about $16,000,000.

Proposing to Pension Mrs. De Long.

The house committee on pensions yesterday agreed to favorably report a bill providing for the payment of a pension of $50 per month to Mrs. De Long, widow of Capt. De Long.

What Sam Randall Thinks.

Mr. Randall, in answer to an inquiry yesterday, said that he thought congress would be ready to adjourn by the 15th proximo.

DEPARTMENT NEWS.

The contract for covering the steam pipes at the Philadelphia postoffice has been awarded to Chalmers, Spence & Co., of Philadelphia.

Secretary Folger has in contemplation another call for 3 per cent. bonds. It will be for about $10,000,000, and will probably be made in a day or two.

The receipts from internal revenue yesterday were $411,097, and from customs $656,479. The national bank notes secured for redemption amounted to $243,000.

The comptroller of the currency has authorized the following banks to begin business: The Second National bank, of Belvidere, Ill., capital $75,000; the First National bank, of Missouri Valley, Iowa, capital $50,000; the Farmers' and Merchants' National bank, of Fremont, Neb., capital $50,000, and the Montgomery County National bank, of Rockville, Md., capital $50,000.

The secretary of the treasury yesterday gave a hearing to a delegation of manufacturers of machine waste from Boston, New York, Philadelphia, and Georgia, who presented a vigorous remonstrance against the admission of machine waste free of duty, it being represented to the secretary that it was imported and fraudulently invoiced as cotton waste paper stock. The secretary reserved his decision.

THE WORK OF SCOUNDRELS.

Removing a Lighthouse Lens in the Hope of Making Wrecks.

Boston Herald.

"Stolen the lens from the beacon off Hatteras!" exclaimed an official of the lighthouse board the other evening to a Philadelphia reporter, "Pshaw! that is nothing. Those fellows would steal a whole lighthouse if they could lug it off. We had a case of a similar sort nearer home about four years ago. The whistle disappeared from the buoy on Brigantine shoals, and I was cut down to replace it with a new one. I took with me a kit of tools to drill out the thread in case it had been broken off. I hired a boat and went out to the buoy, fourteen miles off shore. To my surprise the thread was intact. The whistle had been unscrewed and quietly dropped overboard in six or eight fathoms of water. The government detective was sent down and stayed for weeks among the fishermen along the beach, but he did not unearth any clew to the perpetrator, and the reward of $400 that was offered for the recovery of the whistle and information leading to the conviction of the miscreant who removed it was alike inoperative. This lens, which throws the light of the beacon for a distance around, was removed just previous to the last storm, and it was no doubt done in the hope that the beach would be strewn with wrecks. This beacon, you must recollect, is only a quarter of a mile from the southern extremity of Cape Hatteras point, and is used by coasting vessels as a guide through the Slue channel—a dangerous bit of navigation. But the scoundrels who do this infernal work are too cunning to be easily caught."

World's Exposition Notes.

The Washington office of the World's Exposition, on newspaper row, 415 Fourteenth street, is a busy place. Yesterday, Director General Burk made an arrangement with Henry McShane & Co., of Baltimore, for an exhibit of a chime of fifteen bells, the largest to weigh 3,500 pounds, the smallest 200 pounds, the same to be placed in the high tower of the main building, and to be rung morning, noon, and evening during the entire six months.

Advices to the director general from the official management at New Orleans are that subscribers to the stock are responding cordially to the recent action of congress, by paying up in full, instead of by monthly installments of 10 per cent., according to the original plan. Donations and new stock subscriptions have been received daily by the treasurer of the exposition company since the loan bill passed both houses of congress.

The general committee at Belize, British Honduras, on May 7 published a circular by which the public may be informed of the steps that have been taken by the government to have the products of the colony represented at the exposition.

The classification of articles prepared as a guide to intending exhibitors is unique. Among them is the natural history collection, enumerating a perfect menagerie of animals, such as the jaguar, the puma, the tapir, or mountain cow, the peccary, warree, giount, (whatever that may be,) the armadillo, night walker and quash, and many other better known animals. Of the birds named in the list, many have names equally strange to American ears. The second section comprises the raw products of the country, its woods, sugar cane, coffee, cocoa, tobacco, sarsaparilla, pimentor, india rubber, grass, cocoanut, and other fibres. The third includes manufactured products, molasses, sirup, rum, textile fabrics, ropes, cordage, arrow-root, cassava, cigars, and many other articles. The fourth classification covers the products of artisans and mechanics, furniture, carving on ivory, wood wood and tortoise shell, basket work, seines and twine, hammocks, mats, straw hats, and a multitude of other things. Section five includes the products of horticulture and agriculture, tropical fruits, custard apples, and all other fruits seasonable and procurable; flowers, ferns, orchideous plants, and vegetables. As fruits will not keep for any length of time, arrangements will be made to receive fresh supplies at regular intervals. Section six will be composed of specimens of petrifications and fossils, of ores and metals, of stone hatchets and other antique relics of a prehistoric age, of ancient pottery, jewelry, charms, toys, and ornaments. The whole will be one of the charming displays of the exposition.

Adverse Reports Agreed Upon.

At a meeting of the house committee on agriculture yesterday it was decided to report adversely a resolution appropriating $25,000 for the purchase of seeds for distribution among the sufferers by the overflow of the Mississippi river and its tributaries. Representative King, of Louisiana, was present, and read a telegram from his state to the effect that the people were on the point of starvation and would die unless seeds were immediately distributed. Members of the committee were of the opinion that if starvation was imminent a distribution of articles of food and not seeds would be proper. The committee also decided to report adversely Representative Reed's resolution directing the committee on agriculture to make an investigation of the foot and mouth disease in Maine, the introduction of which, it was asserted, was through the carelessness of United States officials charged with the duty of quarantining cattle.

The Jetty Controversy Revived.

Capt. James B. Eads, accompanied by a number of people from Texas, was before the senate committee on commerce yesterday, and made an argument in support of Senator Maxey's bill to provide for the improvement of the channel between Galveston harbor and the Gulf of Mexico. The measure authorizes James B. Eads, of Missouri, and his associates, to construct such permanent and sufficient jetties and such auxiliary works as he may deem necessary to create and permanently maintain a wide and deep channel. Payments from time to time are provided for, the total amount to be $7,250,000, when a maximum depth of thirty feet shall have been secured. Capt. Eads maintains that the government engineers are not proceeding upon the correct principles, and that their operations will only secure a depth of sixteen feet.

The Shipping Bill.

The house conferees on the Dingley shipping bill were not appointed yesterday. The chief items of difference between the senate and house upon the bill are contained in the free ship clause, which was inserted on motion of Mr. Cox, of New York, and in the senate amendment providing increased compensation for the carrying of mails in American vessels. There is little prospect that there will be a meeting of the conferees for a week or ten days, as Senator Frye, who heads the committee on the part of the senate, left the city last night for a short absence, and Mr. Slocum, who will undoubtedly head the house conferees, also expects to be absent for some days.

An Alabama Claim.

Senator Konna yesterday reported favorably to the senate from the claims committee the claim of the Marine Dock company, of Mobile, Ala., for $101,968 in full compensation for the use and occupation of property of the company by the United States, from April 16 to November 15, 1865.

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, free of charge. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City.

The New York Sun.

Reaches Washington at 11 a. m. on the day of publication. Joseph Ray, T. C. Clements, J. Brad Adams, Joseph Shillington, Chandler & Reid, and the Washington News Company will supply it promptly on order, or we will send it by mail at 50 cents a month.

Address, I. W. ENGLAND,

Publisher "The Sun," New York City.

VISITORS TO THE JEY CAN PROCURE sample copies of The Weekly Republican in wrappers ready for mailing application at this office.

Miscellaneous.

A Pretty Woman's Secret.

Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the waning of her charms are the ones most likely to make the discovery. But there is no reason why she should not regain and retain all the beauty of hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and, not only will her hair cease to fall out, but a new growth will appear where the scalp has been denuded, and locks that are turning gray, or have actually grown white, will return to their pristine freshness and brilliance of color. AYER'S HAIR VIGOR cures

Hereditary Baldness.

GEORGE MAYER, *Flatonia, Texas*, was bald at 23 years of age, as his ancestors had been for several generations. One bottle of HAIR VIGOR started a growth of soft, downy hair all over his scalp, which soon became thick, long, and vigorous.

Ayer's Hair Vigor

Is *not a dye*, but, by healthful stimulation of the roots and color glands, speedily restores to its original color hair that is

Turning Gray.

MRS. CATHERINE DEAMER, *Point of Rocks, Md.*, had her hair suddenly blanched by fright, during the late civil war. AYER'S HAIR VIGOR restored it to its natural color, and made it softer, glossier, and more abundant than it had been before.

Scalp Diseases

Which cause dryness, brittleness, and falling of the hair, dandruff, itching, and annoying sores, are all quickly cured by AYER'S HAIR VIGOR. It cured HERBERT BOYD, *Minneapolis, Minn.*, of intolerable Itching of the Scalp; J. N. CARTER, Jr., *Occoquan, Va.*, of Scald Head; Miss D. V. S. LOVELACE, *Lovelaceville, Ky.*, of Tetter Sores; Miss BESSIE H. BEDLOE, *Burlington, Vt.*, of Scalp Disease and Dandruff. Torpidity of the roots of the hair, which, if neglected, may result in incurable baldness, is readily cured by AYER'S HAIR VIGOR. As

A Toilet Luxury

AYER'S HAIR VIGOR has no equal. It is colorless, elegantly, delightfully perfumed, and has the effect of making the hair soft, pliant, and glossy.

Ayer's Hair Vigor,

For instruction in home treatment for the cure of derangements of the generative organs. There is no mistake about this instrument, the continuous stream of ELECTRICITY permeating through the parts must restore them to healthy action. Do not confound this with Electric Belts advertised to cure all ills from head to toe. It is for the ONE specific purpose. For circulars giving full information, address Sheever Electric Belt Co., 103 Washington St., Chicago, Ill.

WEAK, UNDEVELOPED PARTS

OF THE HUMAN BODY ENLARGED, DEVELOPED, STRENGTHENED, &c., is an interesting advertisement [illegible] in our paper. In order to inquirers, we will say that there is never [illegible] about this. On the contrary, the [illegible] are very highly interested. Interested persons should send [illegible] giving full particulars, to addressing [illegible] N. Y.—Toledo Examiner Sts.

VARICOCELE

A WORTHY VICTIM of the Scientific Cure the unexpected cure of LOST MANHOOD, DEBILITY, &c., radically and painlessly cured by the ELASTIC CRADLE AND COMPRESSOR, $5 AND $10. Sent C.O.D. anywhere without operation. Circular and Consultation Free. OFFICIAL & REMEDIAL AGENCY, 160 Fulton St., New York.
