## Message To All Jews

Monday, January 14th, marks the beginning of the second annual Federation campaign for members. Every Jew in New York is eligible and welcome. There is no distinction—no qualification. Fifty thousand members are needed to accomplish the work that must be done to educate, feed, clothe, support and care for the worthy and needy Jews in the 84 institutions now under Federation support.

Federation is the most highly efficient and economical philanthropic organization in all the world. It has accomplished for its 84 different institutions precisely what the United States government has done with all the railroads—joining them together into one great whole, so that the cost of maintaining and operating them all is reduced to an absolute minimum.

Federation appeals to your heart and to your head—to your sympathies as well as to your common-sense. It wants you to join the movement and become a member of the most worthy philanthropic work ever planned for the relief, succor and betterment of your own race.

You as a Jew DARE not shirk your duty! You must not expect or depend on the wealthy alone to give complete support to this work. It is your equal honor and privilege to be a giver. Our slogan is "From each according to his means; to all according to their needs." What a blessing that you CAN give to those who are less fortunate! For what is more noble than helping your brethren in distress?

The minimum membership fee is \$10. For children under eighteen years of age \$5. This small fee puts each member on the same plane as those who donate or contribute thousands.

What a satisfaction it will be to know that practically every cent of your contribution is being used to help some needy Jew—to appease hunger, to clothe bodies, to supply warmth, to buy medicine, to educate and uplift and benefit the race to which you belong.

Give your subscription to a Federation Worker, who will call on you, and so help in the democratization of charity.

Do not give any money to any one until bill is presented by Federation.

Every New York Jew is eligible to membership in
