

REGISTER LYON'S TOUR.

Hon. Judson W. Lyons Successful Campaign Tour of Illinois and Missouri—A Negro Town.

The recent campaign tour of Hon. Judson W. Lyons, register United States Treasury, throughout Illinois and Missouri was one of the most brilliant of the campaign. Thoroughly equipped with facts and data of all issues pertaining to the principles and platform of the republican party, the welfare of the race, and the stability of government, this able leader delivered a series of speeches that were characterized by sound logic, terse phrase, convincing argument, and eloquent climaxes. Large audiences greeted Mr. Lyons every where, one of his most successful meetings being the demonstration given

in his honor by the Business Men's Sound Money League, of St. Louis.

The republicans of Missouri feel elated over the visit of Mr. Lyons, and many erring colored voters there have returned to the party fold by reason of his powerful arguments in favor of expansion, stable currency, retention of the Philippines, the Negro soldier, and the great wave of prosperity now in evidence.

While in Illinois, Mr. Lyons visited Brooklyn, a small town of 1,500 inhabitants, in the southern part of the State commonly known as "Egypt." The town is mainly populated by colored people, and healthy signs of progress and prosperity are visible on every hand. Mr. B. F. Washington, a colored citizen is mayor of the town, while the board of alderman is almost exclusively composed of colored men. The great commercial houses of Armour and Swift of Chicago, have branch establishments there, while many colored men are conducting business enterprises.

Mr. Lyons is pre-eminently fitted for campaign work. Possessed of magnificent physique, magnetic presence, good command of language, and with ready facts at his disposal, he cannot fail to win his audiences and silence his opponents. The Republican National Committee are to be congratulated in selecting as an expounder of republican doctrine and principles the stalwart Register of the Treasury—Hon. Judson W. Lyons.

"LITTLE LAFFS."

An elevator boy in a big hotel near the Brooklyn bridge, east Albany, except Greater New York, was discussing rather glibly to some persons on the proper manner of bringing up children.

Noticing his youthful face one of his hearers said what do you know about the rearing of children you are not married are you? "No" said he, "but I've brought up a good families in my time." Curtain—

**An Irish Calf**—The Irish secretary of a prominent man, who died rather suddenly on going into the private office of his employer found a letter written by deceased laying upon his desk to be mailed which was not sealed. He removed the letter and added the following: P. R. "Since writing the above I am sorry to say that I have died." Sealed it and put it into the mail. Had the clerk been of maturer years this would have been a bull. His extreme youth makes it a calf.

A certain loquacious spell binder with a penchant for scriptural quotations began a harrangue with this passage: "Thou art weighed in the balance and found wanting." His application was so far fetched that his audience began to thin out.

Observing the exodus he paused and said: "That's right gentlemen as fast as you are weighed pass out."

THE WHOLE SYSTEM

May Become Invaded by Catarrh—General Lewis' Case.

Hon. James Lewis, Surveyor General of Louisiana.

Pe-ru-na Drug Mfg Co., Columbus, O.: "Gentlemen—I have used Pe-ru-na for a short time and can cheerfully recommend it as being all you represent and wish every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one. James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Pe-ru-na never fails to do this.
