QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON CITY, March 19, 1863.

Owners of steam vessels are invited to send to the Quartermaster General's Office tenders for their charter or sale.

Tenders should contain descriptions of the vessels, their dimensions, enrolled or registered tonnage, actual carrying capacity, material, whether coppered, whether side-wheel or propellers, whether iron or copper bolted, and power of engines and boilers; and should state the price at which they are offered for long or short charter, with the estimated value of the vessel in case of loss, or in case the Government should prefer to purchase instead of chartering.

Owners of steam vessels already in the service of the Quartermaster's Department are requested to make known to the Department any reduction in their present rates which they may be willing to grant, and also the price at which they will be willing to sell them.

All such tenders should be addressed to the Quartermaster General of the United States, at Washington, and should be endorsed "Proposals for charter or sale of steamers."

When received, they will be considered, and the Department will endeavor to reduce the heavy expense attending army transportation upon the ocean and tide-waters, by substituting, wherever it can do so, cheaper vessels of equal capacity for those now employed. M. C. MEIGS,
mar 24—3m Quartermaster General.
