WHEAT ISOARS, MAY RISING 7 1/2-CENTS

Heavy Deliveries Met in Chicago and Bears Are Badly Routed.

Chicago, May 11.—Wheat went soaring to-day and for May delivery showed an overnight gain of 7 1/2c. A bushel. Enthusiasts for a higher grade of values contended that the heaviest deliveries likely to be witnessed here this month had been met and that to-day's results were evidence that bears had lost control of the market. Closing quotations were strong, 2c, to 1 1/2c, net higher, with May 11-22 at 1 1/2c and July 11-22 at \$1.27. Corn finished 1/4c to 1 1/2c @ 1 1/2c, up, and gained 3/4c @ 1 1/2c, to 1 1/2c, and provisions from 2c decline to 7c, advance.

It was a runaway market in wheat, especially in the final dealings. Leading owners of contracts calling for delivery of wheat this month were credited with adding to their holdings and with having put to a great disadvantage traders who were short. The latter have been making efforts to bring wheat here from other big centers, Kansas City in particular. The shorts succeeded in delivering 200,000 bushels on May contracts this morning with the aid of recent emergency rulling, but traders who on that account looked for a lower market were promptly disillusioned.

Scarcity of wheat offerings became quickly apparent and with talk current that much of the wheat delivered would soon be loaded out on vessels for shipment to the East, the market tended upward the rest of the day. There was gossip also that big financial interests in the East were identified with the buying side and that export business on a big scale was in progress. Advice that the Allies had approved an Argentine credit to Germany and that the Russian answer at Genoa was favorable to a better understanding with the other European Powers exerted also a bullish factor. Notwithstanding the sharp upturn the aggregate of transactions reached no extraordinary total.

SENATE PUTS CENT DUTY ON AMMONIA NITRATE

Deemed Necessary to Combat German Trust.

WASHINGTON, May 11.—The Senate had another eleven-hour session to-day with the tariff bill, but again made little progress. Its most important action was approval, 35 to 24, of a committee amendment proposing to remove ammonium nitrate from the free list and to make it dutiable at one cent a pound. Senator King (Dem.), Utah, who led the fight against the proposal, said he wished to congratulate Republicans of the agricultural-tariff bloc for standing by the farmers, road builders and others who use explosives and dynamite and for making this present to the Senate.

EXPORTS FROM NEW YORK.

Exports from New York yesterday: Wheat, bushels, 29,100; barley, bushels, 10,000; rye, bushels, 10,000; corn, bushels, 10,000; etc.
