Confers with Gov. Marshall at Trenton To-day—Receives Pin.

Trenton, Feb. 26.—If there was any doubt about the appointment to a position in the Cabinet of Louis Brandeis, of Massachusetts, it was removed today when formal protest was made against his selection by Thomas P. Riley, of Boston, chairman of the Massachusetts Democratic State Committee, and Humphrey A. Phillips, of Lowell.

CALHOUN RETURNING HOME.

Minister to China Probably Will Never Return to Post.

It was announced at the State Department yesterday that William J. Calhoun, United States Minister to China, left Peking yesterday for the United States by way of the Suez Canal. Owing to changes in administration now pending, it is not expected that Mr. Calhoun will ever return to his post. He is at present on a status of leave of absence, however, granted him to permit him to arrange certain personal business affairs. This leave of absence Mr. Calhoun desired to take some months ago, but was detained at Peking because of the negotiations for the six-power loan to China. Mr. E. T. Williams, secretary and now charge d'affaires of the legation, has had unusual experience in China, and is regarded by the State Department as most competent to direct the affairs of the legation until the appointment of Mr. Calhoun's successor.

Alexandria, Va., Feb. 26.—A Baptist church to be known as the "John T. Nalls Memorial Church" will soon be erected by the congregation of the Infant Baptist Church of the southwest corner of Duke and Alfred Streets. The plans for the building are in the hands of W. L. Clark, architect.

The erection of this church will make a total of three Baptist churches in the city. The members comprising the present congregation, known as the Infant Baptist Church, now use a house on the north side of Prince Street, between Patrick and Henry Streets.

The house on which the edifice will be erected was formerly used by U. J. W. Summers as a drug store.

Deacon Watkins, colored, charged with the murder of Joseph Walker, colored, will be placed on trial for his life in the Circuit Court for Alexandria County at 10 o'clock to-morrow morning. Judge J. H. Thompson is presiding. The accused will be represented by Attorney Madson and Jesse, and the prosecution will be conducted by Commonwealth's Attorney Carl Crawford.

The murder took place February 1 last at Queen City. It is understood that Watkins will claim a self-defense, and also claim that the murder was brought about as a result of attention paid to his wife for the same reason he killed.

Through J. D. Neumeyer, real estate agent, Mrs. Mary McDermod has sold to Jonathan Matthews, four two-story frame houses on the west side of Henry Street, between Queen and Princess streets.

W. C. Hinton and wife have sold to Lucy Parker, widow, and her son, the north side of Princess Street, between Patrick and Henry streets.

Miss Ruth A. Bentz, widow of William C. Bentz, died at 7 o'clock this morning at her home, 171 1/2 north Fairfax Street. She was 69 years old and is survived by the following children: Miss Nell Bentz, Mrs. Mary A. Bentz and W. H. Bentz.

Her funeral will take place at 10 1/2 o'clock Friday morning from the residence of her son, W. H. Bentz, 208 North Alfred Street. The services will be conducted by Rev. H. M. Carter, pastor of the M. E. Church South.

The burning of some clothes in the closet of house 116 King Street, at 4 1/2 o'clock this afternoon brought out the entire fire department. The fire was extinguished with chemical extinguishers.

Plans are being formulated for a vacation week here in the near future. A series of parties derived will be for the Alexandria Hospital.

Rev. Father Terry, F. S. A., chairman of Washington tonight, following the lecture service at St. Mary's Church, delivered an address before the members of Fitzgerald Council, No. 492, Knights of Columbus, at St. Mary's Hall.

In the Circuit Court for this city, in vacation to-day, John R. Marsh qualified as administrator of the estate of W. J. Yates and gave bond in the sum of \$500.

W. J. Grimes has purchased the drug store conducted by the late J. W. Entwistle at 129 King street and will conduct it in the future, it is stated.

Lecture services at Grace Episcopal Church tonight were conducted by Rev. G. W. Van Fossen, of Washington.

CAVALIERI RECORDS HERE.

Voice of Talented Songstress Is Reproduced.

The Columbia Graphophone Company, 120 G Street, has been playing for us part of the few disc records that are made doubly interesting by the presence in the city of Miss Lina Cavallieri, whose voice they faithfully reproduce. Miss Cavallieri can be heard only in recent transcription records, the Columbia Company points out, for she sings for no other makers of records.

Numbers of people who were to hear the talented songstress during her stay here have gone here to hear these records of her voice, that they might not be strangers to her technique.

A new departure in the designs for cabinet-granite is being shown by the company. This latest instrument is in the form of a baby grand piano, and in its tones reaches a degree of excellence in keeping with its form. The cabinet is handsomely finished with gold mountings, and makes an exceedingly pleasing appearance.

CAVALRY DRILL PLANNED.

The committee in charge of the drill includes Mrs. W. G. Harvey, chairman; Mrs. Olive Hancock, Mrs. R. W. Lester, Mrs. J. R. MacDonald, and Mrs. C. W. Owens. All visiting Democrats and local Democrats are invited to apply for tickets to the drill.

STERLING HOTEL ABLAZE WITH NATIONAL COLORS AND READY FOR INAUGURAL CROWD

THE STERLING HOTEL. One of the Washington hotels that has already taken on its gala garb for the coming inaugural ceremonies is the Sterling Hotel at the corner of Thirteenth and E Streets Northwest. The hotel is a wayward, bluffing mass of the national colors. The hotel has recently been thoroughly renovated and refurnished and now is one of the finest of Washington. Special preparations have been made for the comfortable lodging and housing of the inaugural hosts, and the managers promise the same of service in every department.

FIELD OF POLITICS IS DUTY OF CHURCH

Dr. Kelly Vigorously Declares Social Evil Should Be Corrected Through Legislation.

In a lecture at the Congregational Church last night Dr. Howard A. Kelly, of Johns Hopkins University, Baltimore, declared it to be the duty of the church to go into the political field.

The subject of his lecture was "The Duty of the Church and Public at Large to Social Service."

"The church should make every effort to stamp out evil," he said, "it has to do this by the use of legislation. It is the duty of the church to go into the political field."

Dr. Kelly spoke under the auspices of the W. C. T. U., and blamed the indifference of the general public to the deep inroads which the social evil has made on today's morals and urged the church to help their denominational differences and cooperate in stamping out the social evil and preventing it.

Dr. Kelly said that Baltimore is doing all its duty and those who love Baltimore because they cannot by their nefarious trade there any longer come to Washington where they are impotent.

He declared that it is the foremost duty of the church to look after the morality of the people and that Legislatures must consider it, for without morality and religion civilized government is impossible.

THREE SIGNS MAY GO ON VACANT PROPERTY

Senator Smith and Real Estate Representatives Agree on District Sign Clause.

At a conference between Senator William Alden Smith of Michigan, author of the amendment to the District bill regulating the employment of sale and rent signs upon properties in the District and representatives of the Real Estate Brokers' Association last night an agreement was reached by which the senator consents to a modification of the clause so as to permit the employment of three instead of one sign upon each property.

The agreement, it was understood last night, does not contemplate that a separate license for \$2 a year will be required for each sign. Senator Smith was noncommittal as to the exact terms agreed upon. Senator Snout, who will be one of the conferees for the Senate on the District appropriation bill, was present at the conference.

Among those present for the real estate association were William H. Saunders, president; Herbert T. Shannon, secretary; George H. Goll, assistant secretary; and James E. Shea, L. W. Greenow, Charles W. Fairfax, William A. Hill, N. L. Sanbury, Harry K. Boss, and Floyd E. Davis.

MERCHANTS TO FIGHT RAILROADS' DICTUM

Free Freight Delivery Case to Be Carried to Interstate Commerce Commission.

The retail merchants of Washington will not gracefully accept the dictum of the railroad and trucking Washington in regard to curbing charges now made part at the rooms of the Retail Merchants' Association yesterday afternoon by Ross D. Andrews, chairman of the freight and transportation committee of the association.

Mr. Andrews was recently named to head this important committee. Yesterday he named the following business men of the association as members of the freight and transportation committee: F. W. Holmgren, A. D. V. Burr, P. K. Chaceaux, George S. De Neale, Messrs. F. H. Bremer, E. C. Graham, L. J. Johnson, Fred Hahn, Alex. Hoch, Harry King, Anton Stephen, and Joseph M. Stoddard.

Both the public utility and the bill providing for a new schedule in Parkview were endorsed. The association voted to extend a resolution of sympathy to the family of John W. Ray, a resident of Brightwood for the past seventy years, who died yesterday.

Many women attended the meeting to hear an address on "Questions of Woman Suffrage" by Mrs. William Kent on the failure of the speaker to appear, a vote was taken to ascertain the attitude of the women present on the suffrage question, and out of about seventy-five women, only two wished the right to vote.

M. D. Rosenberg, the general counsel of the association, has been directed to take up the matter with the Interstate Commerce Commission. Mr. Andrews also stated that manufacturers' associations in other cities are interested in the matter with the Interstate Commerce Commission.

Equality Association to Meet. The Federal Woman's Equality Association will meet at 10 o'clock this afternoon in the room of the Elizabeth House to listen to addresses by several prominent suffragists. Mrs. Pitzer, of Colorado, will speak on "A National Party Convention from a Woman's Point of View." Dr. Cora Smith King, of Seattle, has chosen for her subject "Municipal Housekeeping in Washington." The story of Five Freedoms will be the subject of a speech by Mrs. Clara Colby. The public is invited.

OBJECT TO HOSPITAL.

Brightwood Citizens Don't Like Location of Institution.

Streamlined objections were raised in the situation of the Tuberculosis Hospital in the midst of the residential section of Brightwood at a meeting of the Citizens' Association of that section last night. A resolution was adopted, declaring that such an institution should be segregated from a residential section and asking that the hospital be removed.

This resolution will be forwarded to both Congress and the Commissioners. The hospital is situated in a growing section of the community, and now almost entirely surrounded by newly built houses.

THE SLIM WOMAN IS WINNING

The day of the slim woman's triumph has arrived. The thinner one is the more stylish, say the dreamers.

This would have been bad news for the fat women of the past. She would have had to try dieting or exercise. Now, however, the woman who is too fat for the styles goes to a druggist and gets a case of Marmol's Prescription Tablets, one of which she takes after each meal, and at bedtime, and so reduces her surplus flesh quickly.

These tablets, being made in accordance with the famous prescription, are perfectly harmless. And they are, also, the most economical preparation a person can buy, for they cost only 75 cents a large case, one of which is frequently enough to start a person losing at the rate of 13 to 14 ounces a day. Pretty nearly every druggist keeps this tablet in stock, but should yours be sold out, you can easily obtain a case by sending to the makers, the Marmol Company, 229 East Wacker Drive, Chicago, Ill.

SIX INDICTED IN NAVY PROBE

True Bills Allege Conspiracy, Bribery, and Presenting False Claims to U. S.

REPORT SENT TO MEYER

Grafting in Commissary Department Charged—Contractors Involved.

Norfolk, Va., Feb. 26.—After ten days' investigation the United States grand jury in the alleged Naval commissary grafting case returned true bill indictments this afternoon as follows:

Fred H. Hobbs and William J. Hunt, making and presenting false claims against the United States; Fred H. Hobbs and William J. Hunt, bribery.

Luther J. Upton and George T. Davis, conspiracy to defraud the United States; William E. Allam, bribery.

Henry E. Holman, making and presenting false claim against the United States; Richard E. Wood, bribery.

H. W. Walker, of Newport News, making and presenting false claim against the United States.

L. J. Upton, making and presenting false claims against the United States. The defendants appeared in court after the indictments were returned and gave bond for their appearance at the regular May term of the United States court.

After the formal indictments had been presented and read in court, Foreman George L. Arps, of the grand jury, said there was a supplemental report to be presented. This was passed to Judge Waddill, who after reading it said the report was proper to be presented and to be read. Foreman Arps, upon telling the report back from the court, passed it to Clerk Kilgus, who then read it as follows:

Wide Latitude Given. The grand jury which for the past week has been inquiring into the charges of fraud against the government in the matter of naval contract supplies, filed its duty to submit a brief supplemental report in connection with the indictments, which speak for themselves.

As developed in the course of a painstaking investigation of a number of transactions between contractors and representatives of the navy that a commission then existed which was organized by the contractors and stewards and their subordinates aboard ship for arranging and permitting fraud to the government. It was shown that the duties of the pay officers when aboard ship are many, exacting and onerous, yet it was demonstrated that if watchful and businesslike methods and supervision is overlooking and checking up the various transactions of their subordinates and the uniform practice the illegal acts charged in the indictments here could not have been perpetrated.

The grand jury also well could be such matters as purchasing provisions and all the accounting system on shipboard are for naval regulation and ship discipline. At the same time the grand jury is forced to the conclusion that the authorities in the commissary department of the navy, in many instances, have too little supervision from their superiors, too few checks upon their operations, and therefore too many temptations.

We beg leave to recommend to your honor that a copy of this report be forwarded to the honorable Secretary of the Navy at Washington.
