**Men May Select Their Easter Suit According to Individual Taste IN OUR \$25.00 CLOTHING.**

Every man should seek distinctively styled clothing, and each season finds men more and more critical—more and more demanding. That's why we have always sold distinctive styles. That's why our assortments at \$25.00 are striking examples of what clever designing can accomplish when combined with highest grade materials and superior workmanship. That's the result that has been established in the clothing we place before you.

## Men's New Hats Show Much Individuality of Style.

Though there is an exceptional amount of individuality in the Men's New Hats for Easter and spring wear, there is nothing undesirable or unbecoming about our assortments. They show just what can be accomplished in selecting the strictly correct new modes, without departing from our standards of excellence and refinement.

New Soft Hats, in shades of green, gray, brown, tan, and novelty effects of English and German make—\$2 and upward.

Derbies, in the latest blocks, and also the more conservative shapes—a plenty—\$2.00 to \$5.00. St. Regis at \$2.00; Colonial at \$3.00 are here exclusively.

## The New Neckwear Significant of the Easter Season.

Choosing the proper Cravat this season than ever before; men's fashions bring it into greater prominence. We are showing rich, rare qualities of silk, in which the color artist has used his highest skill, those shades significant of Easter, and also all the other new and effective shadings and patterns.

Men's tastes differ—perhaps more in Neckwear than in any other article of attire. We have tried to anticipate every taste, which accounts for the wonderful profusion of styles and shades.

50c to \$3.00.

## Finest Patterns and Colorings, In the New Spring Shirts.

The man who wears a shirt selected here has the satisfaction of knowing that he is getting the latest in style, the finest in pattern, and the most handsome in coloring. The color treatments and variety of patterns are particularly winsome this season; distinctive effects.

Made in full and negligé styles and all the popular fabrics—percale, madras, silk-madras, soisette, and pure silk. Shirts that demand the consideration of the most critical dressers.

### CITY HOST TO 350,000.

Common Carriers Estimate Record Attendance at Inauguration.

Washington was host to 350,000 visitors during the inauguration, according to figures compiled by the railroads entering the city. Of this number 342,275 were brought by the steam railroads, and it is conservatively estimated that the electric railroads, trolley lines, and steamboats carried enough to make up the 350,000.

The statistics showing the tremendous number of persons transported to the inauguration have just been compiled by railroad officials.

The railroads which brought the people here are the Pennsylvania, Baltimore and Ohio, Chesapeake and Ohio, Southern, and Richmond, Fredericksburg and Potomac. They all enter the union station, where most of the visitors embarked.

The records of the persons kept by the conductors of the trains. Each one of them who came in with a train, as usual, kept a record of the passengers. All of the reports of the conductors of the various railroads were compiled and the total number of visitors ascertained.

Contraband Order Issued.

The United States has been notified, through the American Embassy at Constantinople, that foodstuffs, supplies, and fodder will be considered as contraband of war by the Turkish government when attempted to be landed along the Gulf of Kerou and the Chatalja lines for use of the military forces of the Balkan allies.

Zeppelin Airship Wrecked.

Karlsruhe, March 18.—While its crew was attempting to make a landing during a terrific windstorm this afternoon, the new Zeppelin military airship, No. 14, was completely wrecked.

## That Style? Your Figure? Impossible!

Fat women who are contemplating a new gown in the mode will have to contemplate a reduction of their flesh before they visit the dressmaker.

Fortunately, this is nothing like the hard labor of a reduction of their flesh by dieting or exercising or dieting to get results with. Nowadays a short course of the Marmola Prescription Tablets should bring any woman, however fat, to the proportions necessary for her to wear a fashionable gown.

Let her take a Marmola Tablet (made in accordance with the famous prescription of the late Dr. Marmola) after each meal and at bedtime, and she should very soon be losing a pound a day. This result, accomplished without disturbing one's table custom, forming wrinkles or distressing the stomach, astonishes everybody.

Even one large case, costing only 75 cents at any druggist's, of the same amount of time, shall from the Marmola Company, Farmer Bldg., Detroit, Mich., give positive results. This constitutes the acme of economy.
