To the Patrons of the National Repub From and after the first day of August, 1865

the price of the Datty Republican will be THINTY cents per month.

When we relased the price of our paper in July. 1861, we were compelled to that step on account of the increase in the price of labor and material of all kinds. The cost of paper has fallen considerably during the mast small. The price of albor has not failen, and there is no probability that wages will be reduced for some time to come. But, believing that we shall receive large accessions to our list of subscribers by being liberal in our prices, we have decided upon the reduction named above.

It is the purpose of the proprietors to continue to make the REPERLICATE.—class newspaper, improving as we go along, giving more attention to local and departmental affairs than we have been able to do in the past, because of the presence of war news upon us.

The local news of the proprietors of the Rerestates the state of the proprietors of the Rerestates. Thorough and accurate reports of all public and noteworthy events in the District will be promptly published.

We have made arrangements to have the Re-

part of carriers.

We respectfully solicit from our advertising friends a continuation of their patronage.

This great disparity, this overwhelming defeat, is not easily accounted for. The National Clubhas good players, and although they could hardly expect to compele with clubs from Philadelphia and New York, where these organizations are made up in good part of young men who have practiced the game assiduously from early boyhod, and where so many such clubs exist, that a crack club may be made up of picked men—expected of the expert—still such a defeat as that existing the country of explanation. Gol. Thomas Firewerld, of the Philadelphia. Gol. Thomas Firewerld, of the Philadelphia. Gily Hem, made a happy speech, in which to gave an amusing account of his first visit to Washington thirty years ago, as a member of a volunteer military company. The company were also addressed by Hom. B. B. French, L. A. Golright, Esq. of the associated Frees, and others, while Mesers-Dixon and Lidicus, of the Atheitics, added to the zest of the entertainment by singing some capital songs. The whole affair passed off in the pleasantest unnuar possible, and when it was over, the tired ball players retired to their beds much refreshed in mind, aithough fatigued in body. The Atlantics arrived from New York this moraling, and the maniy sport is to be resumed this afternoon.

The Athalatics left, the city in the morn-

The ATHLENTICS left the city in the morning train for Baltimore, where they are to play a match with the Pastime Base Ball Club of thir city this afternoon. The Atlantic Club of New York arrived early this morning, and repaired immediately to Willards' Hotel, but they were subsequently conducted to the Sational Hotel by a committee of the Sational Hotel by a committee of the Sational Hotel by quarters for them at that hostlery.

GROVER'S TREATRE. The Holman English Opera Troupe made their first appearance at this theatre last swealing, and ware greeted by a large and spreclative audience. The opera selected was the "Child of the Regiguent," and we were very much pleased at the excellent manner in which it was rendered. Mass Saille Holman, the Prima Donna, is an artist of a fine order, and we have yet to see her equal. We shall sitend again, and endeavor to speak more in detail of this fine roupe. To-night Beiliui's beautiful opera, "The Bohemian Giri," will be performed.

Fatal Accident.—A Mysterious Affair—Yesterday evening about 5 o'clock, a German, accompanied by a female, entered the restaurant corner of Fourieunth and C streota, [Island.) and while there a dispute arose between them, and the threatened to shoot her. While attempting to draw a revolver, it exploded, the ball taking effect in his leg, severing an artery, which resulted in his death. The name of the man has not yet been obtained. His body was at the etation house this morning awaiting the coronor's laquest.
