The People's Plan for Subway Operation.

An Act of Congress providing for the construction of new subway lines in New York is to be submitted to the people of the city for ratification or rejection. The act was passed by the Senate and has been approved by the President. The new line will be known as the City Hall, Broad Street and Broadway line. It will run from City Hall to Broadway via the Bridge which was opened last week at the cost of $1,500,000. The bridge will connect the city with the new subway route.

Washington, D.C., April 30.---The President has issued a proclamation declaring that the 13th Amendment to the Constitution shall be for the time being the law of the land. The amendment provides for the abolition of slavery and involuntary servitude, except as a punishment for犯罪.
