FOURTH OF JULY PLANS

Tender of a Public Space Declined by Commissioners.

WANT GARFIELD PARK

Col. Wilson Offers a Place for the Firing of Firecrackers and Entertainment—Permits to Erect Poles in Alleys—An Interesting Question. Minor District Matters.

One space has been tendered by Col. Wilson, superintendent of public buildings and grounds, for the use of young America on Independence Day.

The Commissioners fear that, if accepted, it would be impracticable to confine the crowds likely to assemble there within the limits, and this objection is believed to hold against many other reservations.

The grounds tendered by Col. Wilson are those between B street and the gravel road north of the Monument and between Fourteenth street and the gravel oval east of the north city pond.

While acknowledging the courtesy of the offer, the Commissioners decline it, for reasons stated, and ask for the use of Garfield Park.

The garbage contractor has been given permission to dredge and clean out the dock at the foot of Twenty-seventh and C streets northward, and to repair the wharf, in order to afford better facilities for the transfer of garbage from the carts to the scows. This does not cover any permit to dump any dredgings or other refuse into the river.

GIVEN AUTHORITY.

The Commissioners have authorized the United States Electric Lighting Company to erect a pole in the alley running north and south in square 486, and to run the necessary overhead wires to connect premises at the southeast corner of Sixth and H streets northwest, on condition that the cables are run in a groove made in the pole and properly covered, so as to prevent any fire hazard.

Permit was also issued to the Postal Telegraph Company to rebuild its line located principally on Woodley road, from Teat street and Florida avenue to Woodley and Teat street roads, the location and kind of poles to be subject to the supervision of the engineer department.

An interesting question, which will involve the refund of certain fees collected since 1894, is likely to be presented to the Commissioners soon, as the result of their order, dated December 29, 1895, assessing a fee of \$1 for a permit authorizing the erection of a pole in the alley, and a telephone pole demanded by the business of the several companies in the District.

It was always a matter of contention between the corporations and the District government whether or not the Commissioners had any authority to make an order such as that of December, 1895, to charge \$1 for each pole to be set or replaced, and not long ago the Western Union Telegraph Company renewed its objections to the payment of the fee in a case where about \$400 was collected.

THE COST PER POLE.

The company did not object to paying a fee for a permit, because its issuance involved some expense, which, in the judgment of the corporations, was not warranted, but where a single permit entailed more than one pole it was the habit of the District government to add a dollar to the cost for each pole in excess of one, and this the company regarded as a tax.

The Commissioners finally came to that view, and on the 15th instant amended the order so that the fee should be charged for each permit, whether it shall authorize the erection or replacement of one pole or twenty or one hundred.

This modification is made retroactive, covering the full period in which the former order has been operative, and the next

C. A. DEVERS, 1539 Sixth Street N. W., Washington, D.C., June 16, 1896.

Manager The Times Real Estate Bureau:

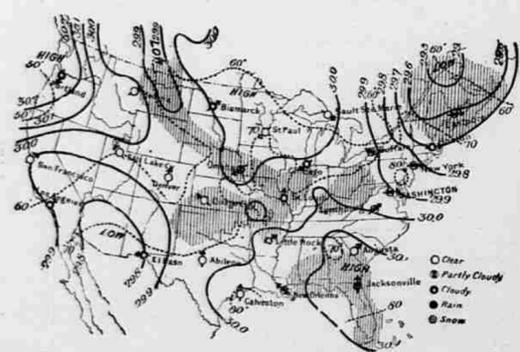

Dear Sir—My house at Brightwood Park had been vacant for three months, and after placing same in your hands was rented in ten (10) days.

Very Respectfully,

C. A. DEVERS,

THE TIMES DAILY WEATHER MAP.

(Prepared at the United States Weather Bureau.)

Forecast Till 8 p. m. Tuesday. For the District of Columbia, Delaware and Maryland, showers, with thunder storms this afternoon or tonight. Tuesday, showers, cooler tonight; westerly winds, becoming northerly.

For Virginia, showers, with thunder storms tonight; Tuesday, showers, cooler tonight; southwesterly winds, becoming northerly.

For the twenty-four hours, ending Sunday morning, showers were reported in the east Gulf States and the lake regions, the lower Missouri valley, and southern Rocky mountain slope.

Nothing nicer

than a Neglige Shirt for this weather. I have them in Madras, Grass Cloth, and Percalé—collars and cuffs attached or detachable. My Dollar Shirt is amazing in value and style.

EDWARD TANZER, 403-405 Seventh St. N. W.

matter that will be brought forward for the Commissioners to consider, it is learned, will be a claim from each of the interested companies for a refund of the several amounts paid in excess of the stipulated fee of \$1 for each permit.

It is not believed that the amount will aggregate a very large sum, but it will include the excess paid since January 1, 1894.

In response to a request preferred by Hon. W. P. Hepburn, the Commissioners have ordered that the well in of near Lincoln Park, the Commissioners assure him that the suggestion shall receive their careful consideration when the matter of selecting sites for deep wells comes before them.

The last session of Congress appropriated \$8,500, of which \$4,000 has been set aside for the sinking of wells in that description, and the amount last named will be expended during the coming fiscal year, but it is the intention of the Commissioners to ask for an additional appropriation of \$15,000 at the next session, in order that there may be a sufficient water supply from that source to meet existing demands.

AN INEFFICIENT REPORT. P. L. Slocby obtained a permit today for the construction of a large store and warehouse at Nos. 705 to 709 Florida avenue northwest, the estimated cost of which is \$120,000.

This permit was applied for only after Mr. Sheely's ineffectual effort to secure the right to erect his building on the Seventh street corner, between Florida and the out-come settles the point, hitherto a matter of debate, that the Commissioners propose to carry out the original design in the matter of the width of the street.

It is the intention to make the street 20 feet wider at that point, and when Mr. Sheely applied for a permit he was informed, and in order to build on that front would have been obliged to place the structure 20 feet back of the present building line, as he declined to do, and change his plans.

Other permits issued today were: To D. B. Gottwald, for construction of two dwellings, at Nos. 692 and 694 G street northeast, \$6,000; D. W. Lasker, for sale stable, No. 109 Little B street, \$3,500; Mary Hanley, dwelling, No. 812 Twenty-fourth street northwest, \$1,800; W. M. Morrison, dwellings, Nos. 1027 and 1029 Seventh street northeast, \$4,000; Thomas McGrath, frame dwelling, block 7, Hartford street, \$2,700; J. G. Leightner, two stores and dwellings, Nos. 1243 and 1245 H street northeast, \$7,500; John Sterzer, addition to store and dwelling, No. 414 H street northeast, \$2,800.

JAPANESE TIDAL WAVE.

United States Legation at Tokio Reports 30,000 Deaths.

Secretary Ogley today received the following dispatch from Mr. Herod, secretary of the United States legation at Tokio:

"Deaths caused by tidal wave estimated at over 30,000. In reports to date (21st) no mortalities among Americans."

SORROW AND DESTITUTION.

Little Nimrod Davis Is Dead and His Parents Too Poor to Bury Him.

The Davis family, mentioned in the Times recently, have had the sorrow of death added to their poverty and distress, and their condition is now pitiful in the extreme.

James Davis lives with his wife and two children at No. 121 1/2 street at the third block, little Nimrod, after languishing for more than a year, died last Saturday, and the family are without means to bury the little one.

Mr. Davis, a sober and industrious young mechanic, had his arm crushed off under the wheels of a freight train, and he was while at Eckington seeking employment to support his wife and children. This incapacitated him from work.

The death of Nimrod is an additional blow, and comes at a time when the Davises are without food, money or fuel. Unless the Christian church and neighbors promptly to the bereaved and suffering family, it is not known how the dead child will be buried.

Police Lieut. McCarthan, of the Fifth precinct, has written a letter, stating that the family is destitute and deserving. The Times will receive contributions for these doubly bereaved people.

TOOK POSSESSION OF THE SHOP.

Alexander Epperson Sent to Jail for Disturbing His Brother's Family.

Alexander Epperson loves blood, war and whisky, but not his brother, William, a meek, quiet man, who has been in the whisky trade. Alexander follows nothing but his nose, which is blated and red from his constant pursuit after liquor.

Saturday he had a quarrel with William, and the latter's residence, 270 K street, was locked and bolted doors. Alexander threw things around at a lively rate, announcing that hereafter his name would appear above the door instead of William's.

The latter had made a detour, and locked the front door on his brother, calling at the same time for the policeman. Alexander knocked the door down and fled the place as Policeman Sullivan appeared. After a lively chase, in which Officer Adams joined, he was captured.

This afternoon he had a five minutes' sentence with justice, in the person of Judge Miller, who delayed his scheme of succeeding to his brother's goods and chattels by putting him away for ninety days.

O'LEARY GOES TO JAIL.

Young Man Who Assaulted the Mad Family Given Three Months.

Joseph O'Leary, Jr., the young white man who assaulted his sister, her sister-in-law and her father-in-law, Theophilus Madd, at the latter's residence, 270 K street, Saturday night, as told in yesterday's Morning Times, was arraigned in Judge Miller's court today, on two charges of assault, and one of carrying a dangerous weapon.

O'Leary pleaded guilty to the charges of assault, denying the other one. "The two Madds, father and daughter, were in court to appear against him, but his sister refused to prosecute.

"What possessed you to act in that manner," O'Leary demanded Judge Miller. "I was drunk," said the prisoner. "Where did you get that pistol?" "Dunno," said the respondent O'Leary. "It was a lucky thing for you that I missed fire or you might have had to answer a charge of murder," said the judge.

O'Leary replied that the pistol was broken and could not be fired. Judge Miller gave him seven months on the three cases.

Conflicting Evidence Given by Holt Case Witnesses.

IRRITATED THE LAWYER. The sixth week of the Holt trial began in Judge Bradley's court at 9 o'clock this morning. Each day's session will begin at that hour during the remainder of the trial, and, if necessary, the court will not adjourn until 5 o'clock or later.

The cross-examination of Mrs. Josephine Throckmorton was continued by Mr. Worthington. It had progressed but a few minutes when it was suspended and Detective Henry Lacey was called by Mr. Darlington.

The detective testified that he accompanied Julia Tremaine, a reporter, to the home of Secretary Carlisle, to see the latter's coachman, George Johnson, who was formerly in the service of Judge Holt. He heard Johnson tell Mr. Trueblood that Judge Holt had repeatedly said none of his property should go to his relatives.

Mrs. Throckmorton took her place in the witness chair again, and Mr. Worthington began by trying to fix dates on which the witness had visited Washington and Judge Holt. Concerning all of Mrs. Throckmorton's visits to Judge Holt's house, she did not remember anyone now living whom she had seen there, save the servants. She had never seen any of the heirs-at-law until she met them in court.

Mrs. Throckmorton took her place in the witness chair again, and Mr. Worthington began by trying to fix dates on which the witness had visited Washington and Judge Holt.
