

TRANSFER USE TO BE WIDENED

Washington is practically sure of the adoption of an extensive system of transfers.

Transfer Points Agreed to. It was agreed at a hearing before the Public Utilities Commission yesterday that inter-company transfers should be issued as follows:

Eight and 12th Capitol streets, from westbound cars on East Capitol street to southbound cars on Eighth street northeast, and return.

Thirteenth and D streets northeast, from westbound cars on D street to southbound cars on Eighth street.

Thirteenth and H streets northeast, from westbound cars west of Fifteenth and H streets, to southbound cars on Eighth street and return.

These points were chosen with a special view to relieving the situation in the vicinity of the navy yard, by relieving many employees of paying two fares to get to work.

In a stormy session of the Public Utilities Commission officials of the Washington Railway and Electric Company fought the granting of inter-company transfers.

J. J. Darlington, general counsel of the Washington Railway and Electric Company, declared that no such statement or intimation had been made by officials of the company.

Representatives of various citizens' associations presented the views of the citizens in the matter. They declared that their associations had endorsed the recent universal transfer law.

Bill Price, president of the Congress Heights Improvement Association, assured the companies that the public would not stand for any further delay in settling the matter.

He declared that the commission should go ahead and inaugurate free transfers and watch the results.

Edward A. Roberts, traffic expert, associated with Mr. Beeler, was cross-examined by the representatives of the North Eastern Citizens' Association; A. J. Driscoll, of the Mid City Citizens' Association, and William McK. Clayton, were also present.

Expert Says Gain Possible. Edward A. Roberts, traffic expert, associated with Mr. Beeler, was cross-examined by the representatives of the North Eastern Citizens' Association; A. J. Driscoll, of the Mid City Citizens' Association, and William McK. Clayton, were also present.

After three hours the hearing took a recess toward the end of the session resumed the counsel and officials of the lines agreed to grant free transfers at the points mentioned above.

They further agreed that the whole matter should be placed in the hands of John A. Beeler, traffic expert, and that he, working in co-operation with representatives of the roads and of the Public Utilities Commission, should decide on additional points at which free transfers should be allowed.

D. C. MARKSMEN HOLD SHOOT NOVEMBER 23. The District of Columbia rifle match will be held at the local range on November 23 and 24.

NOSE CLOGGED FROM A COLD OR CATARRH. Apply Cream in Nostrils To Open Up Air Passages.

What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hacking, sneezing, mucous discharge, headache, dizziness, no struggling for breath at night, your cold or catarrh is gone.

Don't stuff up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every crevice of the head; soothe any inflamed membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid!—Adv.

DRUGGISTS STILL ASKED TO CONSERVE STOCKS OF VAPORUB NEEDED IN "FLU" DISTRICTS

Influenza Epidemic Is Decreasing in Most Sections, and the Demand Is Slackening, But We Are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER. On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly overstocked due to the influenza epidemic, stating that all deals and quantities shipments were postponed, and requesting that Vaporub be purchased in small lots only.

As the wintering we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening and we are working day and night to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS. On October 1st we had on hand at the factory and in twenty warehouses over the country a tremendous stock of Vaporub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of Vaporub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipment and are shipping either by parcel post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS. Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by parcel post, direct, to the retail trade, of not more than three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check or money order. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOK-LETS FREE ON REQUEST. We have prepared a little folder giving all the information available as far as Spanish influenza—the VICK CHEMICAL COMPANY, GREENSBORO, N. C.

BELGIUM NEEDS QUICK RELIEF

Food Shortage Causing Misery, Minister Here Declares.

Four of the seven million inhabitants of Belgium are destitute today and subsist entirely on what they receive when each individual arrives at his goal in the "soup line," according to a statement by E. de Cartier de Marchienne, the Belgian Minister here.

He made public a statement thanking President Wilson for delegating Herbert Hoover, food administrator, to take charge of all relief work abroad and said:

"That Mr. Hoover and his associates in the commission for relief in Belgium and in the Food Administration have taken charge of this enlarged interest of the Belgian people in Belgium will give a feeling of absolute confidence to the whole of our people, and this evidence of America's continued solicitude will be an encouragement and stimulation to my people second only to their actual liberation from German oppression."

Inasmuch as it will be some time before Belgium can expect to claim reparation from Germany, according to the Minister, it can easily be seen the misery in which the Belgian people will find themselves unless prompt relief measures are undertaken.

Need Raw Materials. Raw material must be found to start factories, industries must again be put under way, railroads and canals reconstructed, houses rebuilt, seed and agricultural implements furnished before the country can look for a real livelihood through its own efforts.

The French, English and American governments, however, have also promised their co-operation in reconstruction work. The minister concludes his statement with this reference to the enemy: "They destroyed our railways, our mines and our canals. Never before has a country been reduced to such a plight as ours today and for friends. We have won the war, we must now bend every effort to restore our country and prepare it for its glorious future."
