WINNIPEG WORKERS END GENERAL STRIKE

Winnipeg, Man., June 26.—Winnipeg's general strike of six weeks' duration ended at 11 a. m. today.

Only the metal trades workers, whose dispute with the iron masters caused the sympathetic walk-out, refused to return to work. It is believed they will be back in a few days.

Two hundred and fifteen members of the old police force returned to work after signing the "loyalty pact." A majority of the telephone girls went back. Seventeen hundred street railway workers again manned the cars and power lines. Building trades workers resumed interrupted construction work.

TUBERCULOSIS CLAIMS THIRTEEN THIS WEEK

Pulmonary tuberculosis claimed more victims in Washington during the week ending June 21 than any other disease, according to the report of Dr. William C. Fowler, health officer. Thirteen deaths occurred from the white plague.

There were 36 deaths, of which 25 were white and 11 colored. The death rate per 1,000 estimated population was 1.2.

ORGANIZE YOUR FUN, SHE ADVISES GIRLS

"Keep young with your job by spending your leisure time scientifically," said Mrs. Genevieve Turner Holman, director of social recreation of the War Camp Community Service, speaking last night at the National Training School at Camp Columbia.

"Organized leisure increases the capacity of the average person to find amusement and makes for initiative and leadership," she declared.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year, it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALLEN, R. R. 1, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Allen.

Women everywhere in Mrs. Allen's condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

BUREAU OF ENGRAVING AND PRINTING NEWS

James Stewart, who for some time has been in charge of the stock room in the electric shop, has resigned to accept a position as printer in the Government Printing Office.

Edward J. Leahy, foreman of the machine shop, is going to spend these last few days of his annual leave at home.

The Bureau baseball team had an easy time trimming the Zone Hygiene outfit Tuesday. The team is now within one rung of the top of the ladder. Arrangements had been made to play off the tie game with the Naval Operations this Saturday, but owing to the fact that several of the players on both teams are members of the Masonic teams that will battle at National Park on this date, the game has been postponed.

The Plate Printers' Union, Local No. 2, will hold its regular monthly meeting Sunday afternoon at Typographical Temple at 2:30 o'clock.

P. B. Cleveland, of the carpenter shop, is taking a few days leave.

Benny Kroger, of section 8, has been all smiles the last few days. He has a brand new baby boy at his home that arrived last Sunday morning.

Johnny Williams, foreman of painters, had the time of his life last Sunday when he accompanied some friends down the river on a launch for a little outing. Johnny acted as pilot on the trip, and despite the capers of the little craft, due to his inexperience as a pilot, all went well. A landing was made a short distance down and the party cleaned the cherry trees in the vicinity.

It has been suggested that the installation of an automatic cigarette lighter on the roof garden would be a great convenience to smokers. There never seems to be enough matches to go round.

John Mockabee, C. C. Brun and Daniel J. Lee, of the machine shop, are off for a few days.

Mrs. Katie Holland, clerk in section 6, wants to be well protected against mice in her new home at Cherrydale, Va., so has accepted the gift of a couple of fine kittens from Ed Zernis, of the same section.

Preston Shannon, plumber, had the distinction of being foreman for a day last week when both the foreman and assistant foreman were away from the plumbing shop.

Charles Sims, machinist, is taking a few days' leave in order to make final preparations for his wife's trip to her old home in South Carolina. Mrs. Sims will be gone for an indefinite period.

Frank E. Ferguson, former assistant director of the bureau, visited the bureau Wednesday while in the city attending the graduation of his son from one of the local high schools.

MARSHALL AWARDS HEALTH PENNANTS

Vice President Marshall spoke at the public school health crusade exercises yesterday afternoon held under the auspices of the Junior Red Cross on the Treasury steps. He presented silk banners to the two winning divisions in the campaign.

The seventh division, of which Dr. E. J. Kimball is supervising principal, and the tenth division under the supervision of Dr. John C. Nalle, received the silk banners.

Nation Faces Critical Coal Shortage

Says the U. S. Government

Buy Your Coal NOW

COAL production has fallen off to an alarming extent. This is due to a combination of causes. No increase is possible without quick action by coal consumers.

Coal cannot be produced and held in huge quantities at the mines awaiting the convenience of buyers. It must be moved as fast as produced and kept moving until it finally reaches the consumer.

During the past two years we have been confronted with a coal shortage. In 1917 it embarrassed our conduct of the war, shut down factories, left cities in darkness, shortened the working hours of public utilities and caused great suffering in many homes.

In 1918, in response to government appeal, consumers bought their coal during the summer months, and as a result of their action and the patriotic and superhuman effort on the part of operators and miners, the greatest production in the history of the country was achieved—namely, 585,000,000 tons. Thus a shortage was averted.

In 1919—the present year—we face this situation:

Requirements for the year (Govt. estimate).....	530,000,000 tons
(25 million tons less than 1918)	
Stocks on hand January 1.....	30,000,000 "
Coal production required for 1919.....	500,000,000 "
Coal produced Jan. 1 to June 14.....	195,000,000 "
Quantity to be produced during remaining 28 weeks.....	305,000,000 "
Average weekly production first 24 weeks.....	8,125,000 "
Average tonnage which must be produced weekly during coming 28 weeks.....	10,900,000 "

To meet the requirements of the country, production of the mines must be increased 2,775,000 tons each week!

How can this be done? By buying your coal now. This is the only way to increase production. If production is not stimulated now, somebody will have no coal this winter. Will it be you? Do not think we are alarmists. The figures quoted above are accurate. They are the OFFICIAL figures of the Geological Survey of the United States Government.
