

SLAIN DETECTIVE GETS LAST RITES

Church's Service Flag Has Gold Star for Sergeant Harry Wilson.

Lasting tribute to Detective Sergeant Harry Wilson, shot to death in the recent race disturbance, is embodied in the service flag of the Church of the Epiphany, to which has been added another golden star.

Only the widow and a few friends of Wilson were present at the simple funeral services yesterday, the detectives who were with him at the time of his death being pallbearers. Mrs. Wilson's request that there be no police escort was adhered to. A large wreath presented by the Metropolitan Police Department was placed at the head of the vault in Prospect Cemetery.

The Rev. Randolph H. McKim, rector of the Church of the Epiphany, who officiated at the services, said of Wilson:

"We are beginning to realize how much our lives and our safety depend upon the courage of such men. He was a brave man, an honorable man. He went to his death unafraid. He sacrificed his life that others might live. We have added another golden star to the flag which hangs in the Church of the Epiphany."

PUBLIC HEALTH OFFICE DEFIES MOVING ORDER

Defiance by the Public Health Service yesterday of orders of the Public Buildings Commission prevented the House of Delegation from assigning them in the old Emergency Hospital Building, Fifteenth and D streets northwest.

The Public Health Service, which has been granted space in the Navy Department Building, refused to vacate, arguing that the Federal Government legally cannot be compelled to vacate quarters.

Commissioner Brownlow, Maj. Pullman, Judge Kathryn Sellers, of the Juvenile Court, and Mrs. M. C. Van Winkle, director of the women's bureau, appeared before the commission, of which Senator Smoot is chairman, in an effort to adjust the matter.

Commissioner Brownlow stated that rent now being paid for quarters for delinquent women is to be increased next autumn, and that the District could obtain the old Emergency Hospital Building at no expense to the Government. Judge Sellers said young girls held on minor charges of delinquency were compelled to be quartered in the same rooms with hardened women.

Senator Smoot said he regarded the refusal to move "as a dirty outrage." It is expected the difficulty will be settled today.

Judge Says "Kick" in Liquor Does Not Count

Chicago, July 25.—The question of intoxicating power of liquor does not enter suits brought for violation of the war-time prohibition act, Federal Judge Page ruled here today.

BERGER'S WIFE AIDS SOCIALIST IN FIGHT ASKS 8,500 OFFICERS BE ADDED TO ARMY

Mrs. Victor Berger, wife of the Socialist Representative-elect from Wisconsin, yesterday appealed to the special House investigating committee to seat her husband.

For two hours she read to the committee Socialist articles to show that the efforts of the party previous to the war were to prevent future wars. Representative Dallingier asked that Berger, who was also a witness, devote more time to telling the committee of the action of his party after war was declared.

"What the committee would like to know is what the Socialists in the countries actually did after war was declared," he said.

Berger said he intended later to show the action of the Socialists in the various European countries after the war, as well as before.

Lieut. Col. Noble to Be Made Brigadier General

The Senate Military Affairs Committee has ordered a favorable report on the nomination of Lieut. Col. R. E. Noble, Medical Corps, to be a brigadier general.

Noble's nomination has been pending several months, and precipitated a bitter fight in the army, since his promotion would jump him over many officers of longer service.

The committee also voted to recommend permanent for Brig. Gen. H. M. Lord, director of finance, and Brig. Gen. C. E. Krauthoff, Quartermaster Corps.
