Waste and Want.
When it is all over which, God grant, may be sooner than we expect, it will probably be found that one of the big causes for the high cost of living was the sinful waste the war brought.

Whistles tooting. Soldiers coming in on transports. And to think of the actors hissing George M. Cohan! Wonder if they know the story of what he did for George Fuller (golden) dying on his feet, Cohan met him on Broadway. Took him to office. Gave him \$10,000 check and sent him to California. Only obligation he exacted was for Golden never to tell. Came out after Golden died. Still, I hope the actors win.
