be made to force it before that time which probably would be worth less than the paper on which the agreement is made. Concerning the freight question in the near future, there is a factor which seems not to have entered into the calculations of the average speculator. It is a well-known fact that the Pennsylvania Railroad has been compelled to refuse New-York freight to and from the West, because of its immense passenger business. The constant occupation of the tracks between Philadelphia and New-York by passenger trains has given no opportunity for the running of freight trains. In a few days, with the close of the Centennial, its passenger traffic will have returned to its normal condition, and in preparation for that event the Pennsylvania Company has already instructed its freight agents here to recapture its old freight business at this point. Hence a competition that has been out of the field for 60 or 90 days. The stock market to-day there is not much to relate. The trunk lines opened heavy and declined about 1 per cent, rallied, and then declined still lower, and closed with a partial recovery. The grangers were steady, St. Paul being a shade higher. Coal stocks were neglected, but show a fractional improvement in final sale. Western Union, after selling at 71 3/4, 70 1/4, rallied to 72, and closed at 71 3/4. Pacific Mail, while featureless, was firm at 24 1/4, 24 1/2, 24 3/4. The final changes from the closing prices of yesterday are as follows: Declines—Central and Hudson, 1/4; C. C. and I., Illinois Central, and American Express, each 1/4; North-West, 3/4; Michigan Central, 1/4; Lake Shore, 1/8, and C. C. and Ind., 1/4. Advances—Erie and Wash., each 1/4; Atlantic and Pacific Telegraph, Delaware, Lackawanna and Western, New Jersey Central, St. Paul common and preferred, and Western Union, each 3/4; Pacific Mail, 3/4; Delaware and Hudson, New York and New Haven, and United States Express, each 1/2 percent.
