

BATTLING NELSON HELPS BILLY HIT DEVIL ON HEAD

Two famous battlers on one platform in one night. A famous sermon in the afternoon said to have cost \$100,000,000, and talks by two well-known men, one a Congressman and the other a master of business, were featured on the program at the Billy Sunday tabernacle yesterday.

Battling Nelson, the Durable Dane, one-time lightweight champion of the world, and Battling Billy Sunday, welter-weight champion of the pulpit, each handed the devil a few sturdy clips on the chin.

"He's no grater," was Billy's simple eulogy of his evangelist friend. "But" is against the boom from the tips of his fingers to the bottom of his feet.

"I'm for anything that will help to put the demon run out of business. It's a curse, and everybody ought to know it. Billy is right, and I'm for him. I heard Billy out in Columbus, Ohio, and I have never forgotten what he said in the course of the sermon. It helped me—it ought to help everybody. It's perfectly understandable—plain, clear, and simply put: cinch to get."

\$30,000 Still Needed. Congressman Matthew Mansfield Neely of West Virginia, followed. While his remarks were of a eulogistic character, he directed them more at the campaign in general than at the general of the campaign.

Thirty thousand dollars still is needed to pay all expenses, according to the Congressman. About \$20,000 has been collected to date, \$12,000 through contributions at the tabernacle and the remainder by subscription from private individuals.

Eugene E. Thompson made an appeal from the platform along the same line at the afternoon sermon for men only. He suggested several new ideas for collections, one of them being a subscription by groups of 100 or 50.

Billy announced that he would "get behind" Senators and Congressmen who voted for the dry amendment to the Constitution, no matter whether or not they were Republicans, Democrats, or Socialists. Billy seemed to be downright sore at the saloon. He swung his arms menacingly and said: "I am the sworn, eternal, uncompromising enemy of the saloon."

Has Drawn the Sword. "I ask no quarter and I give none. I have drawn the sword in defense of God, home, wife, children, and native land, and I will never sheathe it until the undertaker pumps me full of embalming fluid; and if my wife is alive, I think I shall call her to my bedside and say, 'Well, when I am dead, send for the butcher and skin me and have my hide tanned and made into drum heads and hire men to go up and down the land and beat the drums and say, 'My husband, Billy Sunday, still lives and gives the whiskey gang a run for its money.'"

During the evening sermon Billy hit sinners of all kinds. Said he: "A sinner is an alien. He has no standing with God. An alien can claim none of the protection of his government; he is not a citizen. A sinner is not a citizen of Heaven, and he cannot claim divine protection. So a sinner is an alien and he must atone."

According to the Bible, men are saved because they accept Jesus Christ, and men are lost, not because they refuse Christ, but because they refuse to be forgiven. And our sins to be forgiven must be conveyed somewhere, and God laid on Jesus Christ our iniquity; so I accept the one who bears my guilt and that lets me out."

Sin Would Beat It. "And if the world would be convinced that Jesus is the son of God and accept Him, sin would instantly cease. No man would stagger home drunk; nobody would lie and defame another man's character; and I come tonight to present to you the only power that can set you free from the sins which hold you an unwilling prisoner, chained to your evil habits; and I can't imagine the possibility of anybody of ordinary intelligence entertaining the least doubt about Jesus Christ being the son of God."

Modern Church An Ice Box, Declares Billy

I consider the billiard room or the pool room a second cousin to a saloon. O God! Knock a little louder on some of the obtuse hearts of these old sinners.

I don't give a picayune who you are, whether you are a hobo counting the ties over a division or a millionaire hitting town in your limousine, you are headed for the bottomless pit.

Some folks have let Him in, but they have shut Him up in a spare bedroom. I'd as soon crawl between two cakes of ice as between the sheets in a spare bedroom.

Open the door; say "Jesus, come on, have the parlor." You people run to the divorce courts and make all hell laugh and all heaven weep all night.

The rebel against God is a traitor. Look ye—and keep on looking; look hard. Can't you see your finish? I wish I could paint a picture of purgatory as it really is. I'd show you something.

The modern church is an ice box. There are thousands of you who seem to think a preacher's sole duty is to provide you with predigested religious food.

That's the reason so many of you who take that attitude toward the ministry die of fatty degeneration of the soul.

BOLSHEVIKI IN U. S. FEARFUL KERENSKY MEN PLAN TROUBLE

NEW YORK, Feb. 4.—The Russian colonial congress in session is in a future here today following the report that followers of A. F. Kerensky, deposed Russian premier, were planning to hold on February 9, in this city, a counter-convention of Russians that will be national in scope.

Delegations from the principal American cities will be present, it is reported. Just who is at the head of the proposed new Kerensky congress has not been learned. Alexander Stokhtsky, chairman of the colonial congress, has stated that vain efforts have been made to "get this wing of the Russian colony in line with the conference."

While the Bolsheviks are in virtual control of the colonial congress, there is a persistent minority that is giving the leaders much concern. It is intimated that this troublesome minority may be self-appointed representative of Kerensky. They have been openly charged with representing the "capitalistic class."

PARISIENNES REFUSE TO WEAR NATIONAL DRES. "Will you wear a national dress?" the French government asked the women of Paris.

"Then," the Government persisted, "will you wear a national shoe?" In reply the women of Paris adopted a national shoe, "economical, but not too ugly," but as to dresses, they said: "To wear a national dress would be the censor's shears clipping the wings of feminine taste."

Stop Brushing Teeth In Ways Which Cannot Save Them By Wm. M. Ruthrauff, A. B., A. M. All Statements Approved By High Dental Authorities

Tooth Troubles Come From Film Your Methods Do Not End It

Doubtless your teeth are brushed daily, and you think them clean. But feel your teeth with your tongue, and you find a slimy film. Your brushing does not end that. And that film is the cause of nearly all tooth troubles.

Stop and consider. Do your teeth not discolor? Does not tartar form? Must not your dentist, at certain intervals, clean your teeth with pumice? And does he not sometimes find embryo decay?

If so, it is evident that your present methods do not keep teeth clean. No old-time method does. Statistics show that decay and pyorrhea, despite all brushing, are more prevalent than ever.

The whole trouble lies in that film. It is clinging and albuminous. It resists the tooth brush. Any soapy tooth paste simply helps to make it more dense—more resistant to the brush. It gets into crevices and stays.

That film absorbs stains and discolors. It hardens into tartar. It holds food particles which ferment and form acid. It holds the acid in contact with the teeth—the cause of all decay.

That film is also a breeding place for germs. A small particle of film contains millions of germs.

These germs, together with tartar, are the chief cause of pyorrhea. They enter the veins through the gums, and many serious diseases are traced to them.

So nearly all tooth troubles, and the troubles they lead to, are directly due to that film.

It is almost useless to brush teeth in ways which leave that film. You simply remove the debris.

Now a way has been found which does that, and also ends the film. The way is called Pepsodent—a scientific dentifrice. We ask you to prove it, for your own sake, by a one-week test.

Now a New Way Ends The Film A Dainty Film Digestant

Three years ago a way was found to keep teeth free from film. It is based on pepsin, the digestant of albumin. And that film is albuminous matter.

Pepsin long seemed forbidden. It remains inert unless activated. And the usual activating agent—an acid—is harmful to the teeth.

But invention has found an activating agent which cannot harm the teeth. That agent is combined with pepsin in this new-day dentifrice. And five governments have already granted patents on this effective combination.

The object of Pepsodent is to digest and dissolve that film, just as pepsin dissolves the white of an egg. Then to keep that film from forming by action which it can't resist.

Able dental authorities have given to Pepsodent three years of clinical tests. Those thousands of tests have amply proved its efficiency. Now it seems certain that Pepsodent solves all the teeth-cleaning problems. And we take this method to quickly let everybody prove it.

Now we offer you a One-Week tube. Present this coupon at the store and get it. Use it and note the results. They will be a revelation to you. They will change all your ideas of teeth cleaning.

Note how clean your teeth feel after using. Note how they whiten as the film disappears. In a few days, note the glister.

You will know in a week that Pepsodent does what nothing else has done. You will know what clean teeth mean. You will find the very use of Pepsodent delightful.

After that week you will never return to the old ways. All your life may be altered by this Pepsodent protection. Accept this one-week offer. Cut out the coupon now.
