

LEAVE ENGLAND TO DODGE HIGH TAXES

Singer Brothers Return to America Because of Steep Tariff On Wealth.

PHILADELPHIA, Sept. 11.—Adam Mortimer Singer and his brother, Washington M. Singer, who have been living in England, are returning to America, according to a copyrighted dispatch from London to the Philadelphia Public Ledger.

They go home because after the payment of the income tax to the United States they are taxed 10 shillings 6 pence to the pound of the remainder.

Adam Mortimer Singer said: "One of my brothers has already returned. By going to live in America we should double our incomes. A man living in England who has \$100,000 (\$500,000) income from the United States, first pays 12 per cent national tax and 50 per cent surtax to America. Then he pays 10 shillings 6 pence in the pound on the balance of 28 per cent to Great Britain, leaving \$19,000 (\$95,000) for himself. If this man had a residence in France, his income taxes in the three countries would exceed 100 per cent."

Other wealthy Americans are likely to follow the example of the Singer brothers on account of the double taxation during peace times without the stimulus the same levy inspired when the war was in progress.

HOGS TAKE BIG DROP IN CHICAGO

CHICAGO, Sept. 11.—The principal basis of the cost of meat was shown yesterday to have been reduced more than \$1 a hundredweight in the last fortnight.

Thousands of live hogs at the Chicago stock yards went unsold this morning, some as low as \$14.50, whereas on August 25 the advent of hog prices under \$16 was hailed as promising notable relief to sufferers from high cost of living. Even before today's decline, the drop in hog values of late was declared to be sharper since 1917.

Industrial uncertainties and falling off in export business in provisions were mentioned as among the reasons for the continued breaks in the hog market. Growers were said to be anxious to dispose of all surplus hogs owing to the threatened strike of stock yard and packing house employees. On the other hand, packers were hampered by the recent abnormal weakness of foreign exchange.

At the board of Trade yesterday both grain and provisions showed a downward tendency as a result of the arrival of the \$14 hog.

\$2,000,000 DAMAGE IN FLORIDA STORM

Hurricane Razes Houses, Cuts Swath Through Pine Forests, and Sinks Ship.

KEY WEST, Fla., Sept. 11.—Lower Florida was paralyzed yesterday as a result of the violent hurricane that passed over that section.

Not a house in this city escaped damage. Three hundred and twenty frame buildings practically were rased, two church edifices wrecked, and five retail stores tipped over. The damage is estimated at more than \$2,000,000.

Shipping off the coast met with disaster. Several small vessels were sunk and others were driven to the reefs. A high wind and rough sea prevented rescue work.

In the little town of Goulda, near Miami, eight buildings were destroyed totally and thirteen were partially demolished. The hurricane cut a swath through the pine forest from Biscayne bay and struck the village with terrific force. Only one house was left standing in Marathon, a small village.

Although the property damage was enormous not a single fatality has been reported. The steamer Grampus with a crew of fourteen men was sunk in the Key west harbor. Two of the men were rescued in an exhausted condition. One dead body was recovered and three others are missing.

South American Envoys Say D. C. January Too Cold for Trade Congress

RIO JANEIRO, Sept. 11.—The Brazilian delegates to the second Pan-American financial congress, which President Wilson has called to meet in Washington in January next, have asked that the holding of the congress be postponed for a few months.

They desire that the session be deferred, if possible, to a warmer period of the year, so that the Brazilian and other South American delegates will not be exposed to the winter weather in North America, to which they are not accustomed.

CHICAGO COMMUNE NOW FACING ARREST

Police Heads and Attorneys Scrutinize Soviet Platform for Evidence.

CHICAGO, Sept. 11.—Municipal attorneys and heads of the police de-

partment are today studying a copy of the complete platform of the communist party, an offshoot of the recent National Socialist party, in an effort to "see our way clear to arrest the entire outfit."

A copy of the platform was turned over to Police Chief J. J. Garrity by Detectives McDonough and Egan, of the anarchist squad, who, disguised as an "out-of-town delegate," attended the recent meeting of the communists and managed to obtain a copy of the platform.

"Evidence secured by the detectives show the party is made up of the most radical of anarchists, Bolsheviks, I.

W. W., and representatives of Lenin and Trotsky," Police Chief Garrity said.

CIGARETTE SALES SHOW BIG INCREASE

Internal revenue statistics just issued by the Treasury Department show that fewer cigars and less chewing and smoking tobacco were used in the fiscal year 1919 than in any of the last seven years. The consumption of cigarettes, however, was two and a half times larger during the current year than in 1913.

The enormous use of cigarettes by soldiers during the war and the increase of smoking among women are reasons conjectured for the large use of cigarettes, although the official report does not touch upon an explanation.

SAYS HUSBAND IS CRUEL. SHE SUES FOR DIVORCE

Alleging cruelty and non-support, Mrs. Frances J. Burton yesterday filed suit in the District Supreme Court against Harry G. Burton for a limited divorce and alimony. Mrs. Burton, represented by Attorney Paul A. Sherer, alleges that he was a widower with three children when she married him and that during their courtship he represented to her as having only one child.

The wife asserts that whenever she undertook to correct them her husband would interfere and beat her. Mrs. Burton asks the court to restrain her husband from selling an automobile which she alleges he purchased with her money. They were married February 2, 1912.

DANVILLE, Va., Sept. 11.—Tried in his absence after he had "jumped" his bail bond of \$250, C. C. Cooperidge has been acquitted of a violation of the Mapp act by a jury which heard the evidence. Policemen found a pint of whiskey in the pocket of his coat, found in a wagon he was driving. After putting up bond he left the city.
