

True Gold, Confucius,
'does not fear the fire'
— and
"Grebe Radio survives the most exacting tests."
Doctor Wm.

MAKE your radio concerts a source of never-ending entertainment and delight for yourself and friends. Tiresome experiments and adjustments—unpleasant interruptions and noises are eliminated in the famous Grebe CR-5.

Correctly designed for thoroughly satisfactory service on all radio-telephone work. Its range embraces all wave lengths from the amateur to the Arlington time signal.

A complete regenerative receiver in which but two simple tuning adjustments are used.

ASK your dealer to demonstrate—If he is unable to do so, send us his name for interesting circular.

A Tribune Service for Radio Fans

The New York Tribune will not print a single advertisement of radio apparatus unless it has first been tested by The Tribune's radio engineers and has qualified to receive The Tribune Institute's Seal of Approval. Back of this seal stands The Tribune's famous Money-Back Guarantee. Here is a unique service to readers and manufacturers alike—it protects the reader in the radio apparatus he buys; it protects the honest manufacturer against the unfair competition of the unscrupulous maker of radio equipment.
