THE LISTS AND STAFF—The report of the
New York Herald on the question of the rank of
line and staff officers of the navy is still in
the possession of Secretary Robeson, and

NEW POSTAGE STAMPS—The Post Office
Department has completed its selection of
designs for a new series of postage stamps to
take the place of those now in use, which
were designed by Bradley, and will be ready
about a year ago. The new designs will
be one third larger than the present
stamps, or, in other words, the size of the
old stamps, and consists entirely of profile
busts, taken from standard original marble
copies of artists of acknowledged reputation.
Some of the stamps have already been
designed, proofs of which have been
approved by the Post Office Department, as
well as by the President and Cabinet, and
the most appropriate and elegant in all respects
of any hitherto issued by any nation in the
world. They will be engraved and furnished
by the National Bank Note Company from
photographs by Brady, taken from the original
stamps and busts. The series will comprise
sixteen heads of the following distinguished
Americans:
1 cent, Franklin bust, in Franklin Institute,
Philadelphia; 2 cent, Jackson, by Powers;
3 cent, Washington, by Hudson; 6 cent,
Lincoln, by Clark; 10 cent, Jefferson, by
Webster; 15 cent, Grant, by Hays; 20 cent,
Coffey; 30 cent, Hamilton, (family bust);
50 cent, O. H. Perry, by Walcott.

THE PRESENT STAMPS ARE ALMOST UNIVERALLY
objected to as marvellous in their design and
waiting in nearly every particular required
by popular taste.
If the Department succeeds in securing a
perfect article of this kind, it will be entitled to
the thanks of the whole people for the timely and
commendable change.
