HOUSE OF CORRECTION, OR REFORM SCHOOL. Efforts have been made, for two or three years past by a number of gentlemen of this city, to establish and put into operation an institution under the above designation where the boys of the cities of Georgetown and Washington and the country, of a certain class, may be gathered and reformed.

These two cases need no comment, as they speak for themselves, and illustrate perfectly the difference that exists between the two systems. The first is a case of a man who is sent to a reformatory for a term of years on a charge of larceny, and the second is a case of a man who is sent to a reformatory for a term of years on a charge of larceny, and the second is a case of a man who is sent to a reformatory for a term of years on a charge of larceny.

These views are fully in accord with the opinions already expressed in the columns of the REFORMER, and the case is the first case of the kind that has been brought before the court, for the proceedings were sent back by the Secretary of the Navy, who was intended to be sent to the reformatory, and the case is the first case of the kind that has been brought before the court.

It will be noticed by the proceedings of Congress that the Secretary of the Interior has, at the request of the trustees, asked for an appropriation to enable them to carry on the institution, and without which it must be given up, and all that has been done so far.

The following is the letter referred to: Hon. S. B. LORAIN, Secretary of the Interior, Washington, D. C. Sir: I have the honor to acknowledge the receipt of your letter of the 19th inst., and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.
