

St. Margaret's School

St. Margaret's School, under the direction of Miss Lippincott and Miss Baker, has completed its thirteenth year of existence, and is again in the hands of remodelers. Extensive improvements are being made to the already attractive buildings on Connecticut and California avenues, and the playground apparatus will soon be in place. Girls as young as 8 years are admitted to the boarding department, where their home life is reproduced with school discipline.

One of the advantages of St. Margaret's is the continuous course from the kindergarten to the normal school or college.

The kindergarten for the little ones is second to none in the city. Here their physical, mental, and moral development receive equal attention.

ARE YOU LOOKING FOR A GOOD SCHOOL?

Perhaps Wood's Commercial School is just what you want. Thousands will tell you so, for in the last twenty-five years they have learned shorthand, typewriting, bookkeeping, arithmetic, spelling, writing, grammar, commercial law, and civil service in that institution and are now holding good positions.

This advertisement does not say much, but our catalogue does, and we want you to have one. It is FREE, and Uncle Sam will bring one to you if you will give him a cent. If you find it more convenient to telephone Lincoln 38, do so; but say, it is better to call and see the school, GET ACQUAINTED WITH THE TEACHERS, and take a week on trial, if you want to. It is a satisfied student that we are after. We do not specialize on *floor space*, but on a STRONG FACULTY. After all, it is the teacher that teaches, and not the floor. Isn't it so? Come and see us.
