FINANCIAL RECORD HERE AND ABROAD Foreign Exchange Lower as Gold Goes—Railroads' Economy Effective.

Foreign exchange rates yesterday were lower, in anticipation of the result of shipment of \$10,000,000 in gold to Ottawa, security trading under arrangements continued to furnish encouragement in the amount of business done at or near the closing prices, and two great railroad systems of the East in their report of August operations showed economies effective in changing losses into gross revenue into net gains.

Operation of the gold pool is to start today, when requests for demand bills will be made under the new system. The foreign exchange market yesterday was naturally unsettled over the attempt to be made to depress rates to somewhere around normal levels.

The Pennsylvania and New York Central systems reflected the slackening of business in the month, with a proportion of about 7 per cent in gross receipts, but through rigid restriction of expenses were each able to make a net gain.
